### Overview and Certification

# Fairhaven Housing Authority Annual Plan for Fiscal Year 2021 For State-Aided Public Housing

The Annual Plan is a document compiled by housing authority staff in advance of each new fiscal year. The plan serves as both a tool for the Local Housing Authority (LHA) to reflect upon the prior fiscal year, and as an opportunity to develop a clear and transparent plan that builds on successes, identifies needs, and corrects any issues that have arisen in prior years. Additionally, the Annual Plan is an important tool for tenants, who may use the document to better understand the operations and needs of their housing authority, advocate for changes to policies and procedures, access data about the housing authority, and participate in their housing authority's governance.

In addition to the physical document, the Annual Plan is also a process of public engagement. Throughout the Annual Plan process, the LHA executive director or their designee will be expected to review the Plan with any Local Tenant Organizations (LTO's) and Resident Advisory Board (RAB) before the LHA presents the plan to the Board; make a draft available for review to all residents and the general public; post on the website and make a copy available to each LTO at least 30 business days before the public hearing; hold a hearing on the document; and collect, integrate, and report back on substantive comments. Additionally, the Local Housing Authority Board of Commissioners will read, offer recommendations, and approve the Annual Plan in advance of its submission to DHCD.

The law that mandates the Annual Plan is An Act Relative to Local Housing Authorities, Massachusetts General Laws, Chapter 121B Section 28A. The regulation that expands upon Section 28A is 760 CMR 4.16. The regulations that address Local Tenant Organization (LTO) and resident participation in the Annual Plan are 760 CMR 6.09 (3)(h) and 760 CMR 6.09(4)(a)(4).

### **Overview and Certification**

The Fairhaven Housing Authority's Annual Plan for their 2021 fiscal year includes the following components:

1. Overview and Certification

Fairhaven Housing Authority (LHA)

### CERTIFICATION FOR SUBMISSION OF THE ANNUAL PLAN

I, Krisanne M. Sheedy, Executive Director of the Fairhaven Housing Authority, certify on behalf of the Housing Authority that: a) the above actions all took place on the dates listed above; b) all facts and information contained in this Annual Plan are true, correct and complete to the best of my knowledge and belief and c) that the Annual Plan was prepared in accordance with and meets the requirements of the regulations at 760 CMR 4.16 and 6.09.

Date of certification: 09/22/2020

This Annual Plan (AP) will be reviewed by the Department of Housing and Community Development (DHCD) following the public comment period, the public hearing, and LHA Board approval.

### **Capital Improvement Plan**

### **DHCD Description of CIPs:**

The Capital Improvement Plan (CIP) is a five year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The CIP identifies anticipated spending for each Department of Housing and Community Development (DHCD) fiscal year (July 1 to June 30) based on the project schedules.

Local Housing Authorities (LHAs) receive yearly awards from DHCD (Formula Funding Awards) which they target to their most urgent capital needs in their CIP. They may also receive special awards from DHCD for specific projects which meet specific criteria. Special awards may be given for certain emergency, regulation compliance, energy and water conservation, and other projects. The first three years of the CIP are based on actual awards made to the LHA, while years four and five are based on estimated planning amounts, not actual awards.

LHAs may sometimes secure other sources of funding and assistance that you will note in their CIP, such as: Community Preservation Act (CPA) funding, Community Development Block Grant (CDBG) funding, Local Affordable Housing Trust Funds (AHTF), HOME grants, income from leasing a cell tower on their property, savings from net meter credit contracts with solar developers, utility rebates and contracted work from utility providers, and Sheriff's Department work crews. However, not all of these funding sources are available every year, or in all communities.

The CIP includes the following parts:

- A table of available funding sources and amounts
- A list of planned capital projects showing spending per fiscal year
- A table showing special awards and other funding for targeted projects, if any, which supplements Formula Funding awarded to the LHA
- A 'narrative' with a variety of additional information.

### **Capital Improvement Plan (CIP)**

### Aggregate Funding Available for Projects in the First Three Years of the CIP:

Category of Funds	Allocation	Planned	Description
Balance of Formula Funding (FF)	\$1,601,657.56	Spending	Total of all FF awards minus prior FF spending
LHA Emergency Reserve	\$240,248.63		Amount to reserve for emergencies
Net FF Funds (First 3 Years of the CIP)	\$1,361,408.93		Funds to plan & amount actually planned in the first 3 years of the CIP
ADA Set-aside	\$8,817.33	\$8,000.00	Accessibility projects
DMH Set-aside	\$0.00	\$0.00	Dept. of Mental Health facility
DDS Set-aside	\$0.00	\$0.00	Dept. of Developmental Services facility
Unrestricted Formula Funding (FF)	\$1,352,591.60	\$1,394,572.60	Funds awarded by DHCD to be used on projects selected by the LHA and approved by DHCD.
Special DHCD Funding	\$5,026,524.00	\$5,026,524.00	
Community Development Block Grant (CDBG) Funds	\$0.00	\$0.00	Federal funds awarded by a city or town for specific projects.
Community Preservation Act (CPA) Funds	\$95,268.71	\$95,268.71	Community Preservation Act funds awarded by a city of town for specific projects.
Operating Reserve(OR) Funds	\$19,995.00	\$19,995.00	Funds from the LHA's operating budget.
Other Funds	\$0.00	\$0.00	Funds other than those in the above categories. See explanation below.
Total funds and planned spending	\$6,503,196.63	\$6,544,360.31	Total of all anticipated funding available for planned projects and the total of planned spending.

### Capital Improvement Plan (CIP)

### **CIP Definitions:**

**ADA Set-aside** is funding allocated within the Formula Funding (FF) for use on projects that improve accessibility for people with disabilities. 10% of FF awards are designated for this purpose.

**Available State Bond Funding** is the amount of State Bond Funding available to the LHA for the first three years of the CIP. It is calculated by totaling all of FF and Special Awards granted to the LHA through the end of the third year of the plan and subtracting the amount of these funds spent prior to July 1 of the first year of the plan.

**Amount spent prior to the plan** is the total amount of Formula Funding (FF) and Special Awards spent prior to July 1 of the first year of the plan.

**Capital project** is a project that adds significant value to an asset or replaces building systems or components. Project cost must be greater than \$1000.

CDBG stands for Community Development Block Grant, a potential source of project funds.

**CPA** stands for Community Preservation Act, a potential source of project funds.

**CapHub Project Number** is the number given to projects entered into DHCD's project management system known as CapHub.

**DMH Set-aside** is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Mental Health (DMH) program vendors, if any exist at this LHA.

**DDS Set-aside** is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Developmental Services (DDS) program vendors, if any exist at this LHA.

**Formula Funding** (FF) is an allocation of state bond funds to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

**Operating Reserve** is an account, funded from the LHA operating budget, primarily used for unexpected operating costs, including certain extraordinary maintenance or capital projects.

**Other Funds** could include other funding by the city or town or from other sources.

**Special Awards** are DHCD awards targeted to specific projects. Award programs include funds for emergencies beyond what an LHA can fund, for complying with regulatory requirements, for projects that will save water or energy use, and various other programs the department may run from time to time.

Total Cost is the sum of investigation, design, administration, permitting, and construction costs for a project

**Unrestricted Formula Funding (FF)** is money awarded to the LHA by DHCD under the Formula Funding program other than amounts set aside (restricted) for accessibility improvements or for facilities operated by DMH or DDS.

### **Regional Capital Assistance Team**

Fairhaven Housing Authority participates in the Regional Capital Assistance Team (RCAT) program and project implementation responsibilities are as follows:

o For projects with construction cost under \$10,000, the LHA has the sole responsibility to initiate, implement and manage the project. RCAT offers technical assistance upon request.

o For projects with construction cost between \$10,000 and \$100,000 the RCAT will have lead responsibility to initiate, implement and manage the project with both DHCD and LHA involvement and oversight throughout the process. For projects in this range, the LHA will work with the RCAT Project Manager who will contact the LHA to initiate projects.

o For projects with construction cost over \$100,000, or projects below that threshold that are complex or have a subsequent phase that exceeds \$100,000 construction cost, DHCD will take the lead and draft a WO or RFS to hire a designer to prepare plans and specs. RCAT will not be involved in the implementation of projects in this range and the LHA will continue to work directly with the DHCD Project Manager and DHCD design staff.

### **Capital Improvement Plan (CIP) Narrative**

### **Including Requests to DHCD & Supporting Statements**

### 1. Request for increased spending flexibility.

DHCD designates a spending target (cap share) and an allowable spending range for each year of the CIP. A Housing Authority may request to shift the cap shares of the first three years in order to increase scheduling flexibility. A CIP utilizing this flexibility is called an Alternate CIP. The total spending over three years and over five years must continue to meet the limits set by DHCD. DHCD will approve an Alternate CIP only with acceptable justification and only if funding is available.

Fairhaven Housing Authority has submitted an Alternate CIP with the following justification:

Other

FISH'd project 094064 was expected to be spent in Year 1, but due to budget and bidding issues, the project will be re-bid in early spring 2021 which will cause spending to occur in Year 2. Caphub schedule appears accurate. We are proposing to move the 667-5 Repave Parking Lot forward and add 667-1 Fire Alarm Replacement to begin in Year 1, but realistically most of that spending will not occur until beginning of FY22. Then 667-1 Exterior Doors will begin in Year 3. Therefore, the spending rules are not met for years 1, 2 or 3 individually, but the overall 3-year spending is within 20%+/- of the total 3-year CAP share, and year 4 and 5 spending rules are met

### 2. Request for additional funding.

A Housing Authority may request additional funding from DHCD for projects that qualify as emergencies, required legal compliance upgrades, or sustainability improvements.

Fairhaven Housing Authority has not requested additional funding.

### 3. Overall goals of the Housing Authority's CIP

The LHA's goals are to maintain our properties in excellent working order on a daily basis, to improve accessibility for our residents, and to update major building systems and envelope components. To accomplish this we will continue to work on developing a new maintenance garage to provide need space for materials and equipment. We are also proposing a repaving project at our 667-05 (the last of our 667 developments to receive new paving) that will improve access and safety, a major fire alarm replacement at our 667-01 development to maintain fire safety, various building envelopment improvement projects and a fire safety improvement project at our 667-02 development.

Prepared for Submittal to DHCD

### 4. Changes from the Housing Authority's previous CIP

Every new CIP differs from the previous CIP because projects have been completed and a new year has been added with new projects. These changes and other significant changes to the content of the CIP are highlighted below:

FY21 CIP shows an increase in the TDC for FISH 094064 due to budget changes, includes a new CPS project for fire alarm replacement at 667-1 to address a failing and outdated system, shows a decreased TDC for the paving project at 667-05, shows an increased TDC for hardwiring smoke and CO detectors at 667-02, and includes a new project to replace large failed windows in one of the common areas at our 667-03 development. Additionally, we deselected a fire alarm upgrades project that was in the last CIP because that scope will be incorporated into our Modphase project.

### 5. Requirements of previous CIP approval

There were no special conditions attached to the approval of our previous CIP.

### 6. Quarterly capital reports

Our most recent quarterly capital report (form 80 and 90) was submitted on 06/11/2020.

### 7. Capital Planning System (CPS) updates

Our CPS facility data has been updated with current condition information, including changes resulting from projects completed in the past year, as of 07/14/2020.

### 8. Project priorities

All the projects in our CIP are high priority (Priority 1 and 2 projects).

### 9. High priority deficiencies

We have not been able to include all of our high priority (CPS priority 1 and 2) projects in our CIP:

Several projects are not included in the plan due to insufficient funding. Projects will be addressed as funding becomes available. Some projects will likely be included in the large Modphase projects.

Prepared for Submittal to DHCD

### 10. Accessibility

We have identified the following accessibility deficiencies in our portfolio:

Accessible parking and route to building at 667-05 is in need of improvement, accessible kitchens and baths at 667-03 are outdated and do not comply with current standards.

We have incorporated the following projects in our CIP to address accessibility deficiencies: We have included a paving project at 667-05 which will include accessibility improvements, and accessibility deficiencies at 667-03 will be addressed during the Modphase project.

### 11. Special needs development

Fairhaven Housing Authority does not have a special needs (167 or 689 programs) development.

### 12. Energy and water consumption

Our 12 most recent monthly energy reports are for months 6/2019 to 5/2020.

The following table lists the DHCD thresholds for Per Unit Monthly (PUM) expense for electricity, natural gas, oil, and water use and the developments at the Housing Authority that have expenses in excess of the thresholds, if any.

	Electric	Gas	Oil	Water
	PUM > Threshold	PUM > Threshold	PUM > Threshold	PUM > Threshold
Threshold PUM:	\$100	\$80	\$50	\$60

705-01

A letter will be issued to our 705 tenants asking them to be conscientious and conservative when using the water, specifically: To immediately report to the FHA any dripping faucets, leaking or running toilets, to not allow faucets to run without purpose, to shorten lengthy showers, to run full loads of laundry and to not wash vehicles on the property, run hoses or sprinklers or fill pools, and report any leaking outdoor water connections.

### 13. Energy or water saving initiatives

Fairhaven Housing Authority is currently pursuing energy or water-saving audits or grants as note We are waiting for a LEAN audit which may request DHCD sustainability funding in the future.

Prepared for Submittal to DHCD

### 14. Vacancy rate

Our unadjusted vacancy rate reported to DHCD is as follows. (The unadjusted vacancy rate captured in these figures is the percentage of ALL housing units that are vacant, including both offline units being used for other purposes and units with DHCD vacancy waivers.)

2% c. 667 (DHCD Goal 2%)

0% c. 200 (DHCD Goal 2%)

0% c. 705 (DHCD Goal 2%)

Fairhaven Housing Authority will address the excess vacancies in the following manner: The Authority is showing higher than normal vacancy rates at the current time due to Covid-19 and processing of applicants and applications through CHAMP. Multiple Units have been leased as of 7/15/2020.

### 15. Vacancies

Fairhaven Housing Authority has units that are currently vacant that it proposes to keep vacant or offline:

Development # # of Units	Reason
--------------------------	--------

Fairhaven Housing Authority has not proposed to newly vacate or re-purpose any units.

Fairhaven Housing Authority has not identified any units at risk of becoming vacant.

### Maintenance and Repair Plan

### **Maintenance Objective**

The goal of good property maintenance at a public housing authority is to serve the residents by assuring that the homes in which they live are decent, safe, and sanitary.

### **About This Maintenance and Repair Plan**

This Maintenance & Repair Plan consists of several subsections describing maintenance systems followed by charts showing typical preventive maintenance, routine maintenance, and unit inspection tasks and schedules. These subsections are:

- a. Classification and Prioritization of Maintenance Tasks Defines and prioritizes types of work to be accomplished by maintenance staff and vendors. Explains how the housing authority is expected to respond to work orders (tasks or requests) based on the work order classification.
- b. **Emergency Response System** Defines what constitutes an emergency and how to notify staff of an emergency.
- c. **Normal Maintenance Response System** How to contact the maintenance staff for a non-emergency request.
- d. **Work Order Management** Description of the housing authority's system for managing work orders (tasks and requests).
- e. **Maintenance Plan Narrative & Policy Statement** Self-assessment, basic information, and goals for the coming year, along with a description of the housing authority's maintenance program.
- f. **Preventive Maintenance Schedule** A listing and schedule of tasks designed to keep systems and equipment operating properly, to extend the life these systems and equipment, and to avoid unexpected breakdowns.
- g. **Routine Maintenance Schedule** A listing and schedule of ordinary maintenance tasks such as mopping, mowing, raking, and trash collection required to keep the facilities in good condition.
- h. **Unit Inspections** Scheduling of annual unit inspections.

### **Classification and Prioritization of Maintenance Tasks**

Maintenance items are tracked as "work orders" and are classified in the following categories. They are prioritized in the order listed. The following classifications and prioritization are required by the Department of Housing and Community Development (DHCD).

- I. **Emergencies** Emergencies are only those conditions which are **immediately threatening** to the life or safety of our residents, staff, or structures.
  - Goal: initiated with 24 to 48 hours.
- II. Vacancy Refurbishment Work necessary to make empty units ready for new tenants.
  - After emergencies, the refurbishment of vacancies for immediate re-occupancy
    has the highest priority for staff assignments. Everyday a unit is vacant is a day of
    lost rent.
  - Goal: vacancy work orders are completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver.
- III. **Preventive Maintenance** Work which must be done to **preserve and extend the useful life** of various elements of your physical property and avoid emergency situations.
  - A thorough Preventive Maintenance Program and Schedule that deals with all elements of the physical property is provided later in the document.
  - The Preventive Maintenance Program is reviewed and updated annually and as new systems and facilities are installed.
- IV. **Programmed Maintenance** Work which is important and is completed to the greatest extent possible within time and budget constraints. Programmed maintenance is grouped and scheduled to make its completion as efficient as possible. Sources of programmed maintenance include:
  - Routine Work includes those tasks that need to be done on a regular basis to keep our physical property in good shape. (Mopping, Mowing, Raking, Trash, etc.)
  - Inspections are the other source of programmed maintenance.
    - o Inspections are visual and operational examinations of parts of our property to determine their condition.
    - o All dwelling units, buildings and sites must be inspected at least annually.
    - O Goal: Inspection-generated work orders are completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).
- V. **Requested Maintenance** Work which is requested by residents or others, does not fall into any category above, and should be accomplished as time and funds are available.
  - Requests from residents or others for maintenance work which does not fall into one of the other categories has the lowest priority for staff assignment.
  - Goal: Requested work orders are completed in 14 calendar days from the date
    of tenant request or if not completed within that timeframe (and not a health or
    safety issue), the task is added and completed in a timely manner as a part of
    the Deferred Maintenance Plan and/or CIP.

### **Work Order Management**

A. DHCD review of this housing authority's operations shows that the authority uses the following system for tracking work orders:

Type of work order system:

Work order classification used:

Emergency	
Vacancy	
Preventative Maintenance	
Routine	
Inspections	
Tenant Requests	

B. We also track deferred maintenance tasks in our work order system.

C. Our work order process includes the following steps:

Step	Description	Checked steps are used by LHA
1	Maintenance Request taken/submitted per the standard procedures listed above for the Emergency Request System and the Normal Maintenance Request Process.	<b>V</b>
2	Maintenance Requests logged into the work system	<b>✓</b>
3	Work Orders generated	$\checkmark$
4	Work Orders assigned	<b>✓</b>
5	Work Orders tracked	$\checkmark$
6	Work Orders completed/closed out	<b>✓</b>
7	Maintenance Reports or Lists generated	<b>✓</b>

D. Additional comments by the LHA regarding work order management: We use PHA Web for all work orders.

### **Maintenance Plan Narrative**

Following are Fairhaven Housing Authority's answers to questions posed by DHCD.

- A. Narrative Question #1: How would you assess your Maintenance Operations based on feedback you've received from staff, tenants, DHCD's Performance Management Review (PMR) & Agreed Upon Procedures (AUP), and any other sources?
  - Our maintenance staff is personable and professional. The tenants often call or write expressing their pleasure with the maintenance staff and the work they have done. The tenants are always very appreciative of the great job they do with snow removal.
- B. Narrative Question #2: What changes have you made to maintenance operations in the past year?
  - We engaged an answering service and are working on getting everyone, tenants and staff, familiar with the use of the new service.
- C. Narrative Question #3: What are your maintenance goals for this coming year?

The goal for the upcoming year is to get back on track following the pandemic.

### D. Maintenance Budget Summary

### **Operating Budget**

The tables on the following pages show the approved budget and actual income and spending per budget account (row) for the fiscal year ending 12/31/2019. It also shows the approved budget for the current year (2020) if there is one, and the percent change from last year's spending to this year's approved budget. The final column shows the current approved amount for each account divided by the number of housing units and by 12 months to show the amount per unit per month (PUM). The chart does not show a draft budget for the coming fiscal year as that will typically be developed in the final month of the fiscal year.

The budget format and accounts are mandated by the Department of Housing and Community Development (DHCD). For a better understanding of the accounts and discussion of special situations see the notes following the budget tables and the "Definitions of Accounts" at the end of this section.

The LHA maintains a consolidated budget (400-1) for all state-aided 667 (Elderly), 200 (family), and 705 (scattered site family) developments owned by the LHA. It does not maintain separate budgets for each development.

Refer also to the Performance Management Review (PMR) section of this Annual Report for the LHA's response to a "Corrective Action" finding for the "Adjusted Net Income" rating.

### **Operating Reserve**

The LHA's operating reserve is the amount of funds that an LHA sets aside to sustain itself during lean years, or to remedy urgent health and safety concern or address deferred maintenance items. In addition, while DHCD approves a fixed non-utility operating budget level for every LHA (called the Allowable Non-Utility Expense Level, or ANUEL), LHAs can propose a budget that exceeds that level, with the additional cost to be funded from the Operating Reserve, as long as the reserve will still remain above the minimum threshold set by DHCD.

DHCD defines a full (100%) Operating Reserve (OR) amount to be equal to one-half of the previous year's operating expenses and requires LHAs to maintain a minimum OR of 35% of this amount to cover any unplanned but urgent needs that may arise during the year and that can't be funded by the operating budget. If the reserve is between 20% and 35% of the full level, the LHA must obtain prior written approval from DHCD to spend reserve funds, unless the expense is to resolve a health and safety issue. If the reserve is below the 20% level, the LHA can only spend OR funds on health and safety issues. In both cases, the LHA should address the health and safety issue immediately but must retroactively inform DHCD and obtain its approval.

The Fairhaven Housing Authority operating reserve at the end of fiscal year 2019 was \$1,385,771.00, which is 200.2% of the full reserve amount defined above.

## **Explanation of Budget Accounts**

The following explains how each of the line items is to be prepared.

- <u>3110</u>: <u>Shelter Rent:</u> The shelter rent projection should be based on the current rent roll plus anticipated changes expected from annual rent re-determinations or as a result of regulatory amendments.
- 3111: Shelter Rent Tenants Fraud/Retroactive: This account should be used for the reporting of total rent receipts from residents due to unreported income. These are often called fraud or retroactive balances. In cases where deficit LHAs discover, pursue cases, and have entered into a written fraud/retroactive repayment agreement with a present or former tenant who did not report income, the LHA will be allowed to retain two-thirds of the funds recovered. One third of the total dollar amount recovered should be included in the LHA's quarterly or year-end Operating Statement as Shelter Rent, account #3111, and two-thirds of this total dollar amount should be included in Other Revenue-Retained, account #3691.
- <u>3115</u>: Shelter Rent Section 8: This account applies only to those developments receiving support through the federal government's Housing and Urban Development (HUD) Section 8 New Construction and/or Substantial Rehab Programs.
- <u>3190: Non-Dwelling Rental:</u> This account should be credited with the rents, other than tenants rents reported in line 3110 and 3115, including charges for utilities and equipment, billed to lessees of non-dwelling facilities as well as apartments rented for non-dwelling purposes, such as social service programs.
- <u>3400:</u> Administrative Fee- MRVP/AHVP: This account should be credited with Administrative Fees to be received for the MRVP/AHVP Program. The MRVP/AHVP administrative fee is \$40.00 per unit per month, as of July 1, 2019.
- <u>3610: Interest on Investments Unrestricted:</u> This account should be credited with interest earned on unrestricted administrative fund investments.
- <u>3611: Interest on Investments Restricted:</u> This account should be credited with interest earned on restricted administrative fund investments. For example, an LHA may receive a grant whose use is restricted to a specific purpose, and the interest income earned on that grant may also be restricted to the same purpose.
- <u>3690: Other Operating Revenues</u>: This account should be credited with income from the operation of the project that cannot be otherwise classified. Income credits to this account include, but are not limited to, penalties for delinquent payments, rental of equipment, charges for use of community space, charges to other projects or programs for the use of central office management and maintenance space, commissions and profits from vending machines, including washing machines, and certain charges to residents for additional services, materials, and/or repairs of damage caused by neglect or abuse in accordance with the Department's regulations on lease provisions.
- <u>3691: Other Revenue Retained</u>: This account should be credited with certain miscellaneous revenue to be <u>retained</u> by the LHA, and which is not used to reduce the amount of operating subsidy the LHA is due. The most common examples for this account is receipts for the rental of roof antennas to cell phone providers and net meter credits earned on electricity bills from Net Meter Power Purchase Agreements (PPA's). Generally, surplus LHAs may retain 100% of these savings and deficit LHAs may retain 25% of the savings, with

Standard Account Explanations

the 75% balance used to offset its need for operating subsidy. However, for the period 7/1/16 through 6/30/19, all deficit LHAs may keep 100% of the net meter credit savings.

<u>3692: Other Revenue - Operating Reserves:</u> This account should be credited with funds that LHAs plan to utilize from their operating reserve accounts in excess of the Allowable Non-Utility Expense Level (ANUEL). To be approvable, LHA must maintain the DHCD prescribed operating reserve minimum level after deducting the amount budgeted. The only exception to this is when the expenses are for health and safety issues.

3693: Other Revenue — Net Meter: This account should be normally be credited with 75% of the total net meter credit savings realized by a deficit LHA, while surplus LHAs with net meter credit savings would enter \$0 here. Savings are calculated as the value of the net meter credits appearing on the LHA's electric bills (or, in some cases, paid in cash to the LHA by their utility company), minus the cost of the payments made to the solar power developer under their Power Purchase Agreement (PPA). Deficit LHAs normally may retain 25% of the savings. That amount should be included as Other Revenue — Retained on line #3691. However, please note that for the period 7/1/16 through 6/30/19 all LHAs may retain 100% of their total net meter credit savings, and should report those savings as Other Revenue — Retained on line #3691

<u>3801:</u> Operating Subsidy – DHCD (400-1): This account represents all state-funded operating subsidy to be received and or to be earned for the fiscal year. At the end of each fiscal year, this account will be adjusted in the operating statement to equal the actual subsidy earned by the LHA.

#### 3802: Operating Subsidy – MRVP/AHVP Landlords:

The credit balance in this account represents the anticipated total receipts from DHCD during the fiscal year for housing assistance payments to landlords. At the end of each fiscal year this account will be adjusted to equal the actual subsidy earned.

3920: Gain/Loss from Sale or Disposition of Property (Capitalized or Non-Capitalized): The debit or credit balance of this account represents the following items: a) Cash proceeds from the sale of property that was either: 1) non-capitalized; or 2) capitalized and has been fully depreciated, and b) Realized gain or loss from the sale or disposition of capitalized properly that has not been fully depreciated.

<u>4110:</u> Administrative Salaries: This account should be charged with the gross salaries of LHA personnel engaged in administrative duties and in the supervision, planning, and direction of maintenance activities and operating services during the operations period. It should include the salaries of the executive director, assistant executive director, accountants, accounting clerks, clerks, secretaries, project managers, management aides, purchasing agents, engineers, draftsmen, maintenance superintendents, and all other employees assigned to administrative duties.

<u>4120:</u> Compensated Absences: The debit balance in this account represents the actual cost incurred during the fiscal year for vacation, paid holidays, vested sick leave and earned compensatory time. This account includes both the direct compensated absences cost and associated employer payroll expenses (employment taxes, pension cost, etc.).

<u>4130:</u> <u>Legal Expense:</u> This account should be charged with retainers and fees paid to attorneys for legal services relating to the operation of the projects.

- 4140: Compensation to Authority Members: A local authority may compensate its members for performance of their duties and such other services as they may render to the authority in connection with its Chapter 200 development(s). Compensation for any other program is not authorized. Because of this, LHAs must base such compensation only on the actual rent receipts for these developments plus a prorated share of other operating receipts of funds on a per unit basis. The precise amount that members may be compensated is defined by statute to a maximum of \$40 per member per day, and \$50 for the chairperson per day. The total of all compensation to all board members is not to exceed two percent (2%) of actual gross income of Chapter 200 developments in any given year, consistent with the approved budget amount. In no case shall the payment of compensation exceed \$12,500 annually for the chairperson, or \$10,000 for any member other than the chairperson. Please note the statute requires the member to perform housing authority business in order to receive compensation.
- <u>4150:</u> Travel and Related Expense: Legitimate travel expenses incurred by board members and staff in the discharge of their duties for any **state-aided program** are reimbursable from this account, as consistent with Department policy.
- <u>4170</u>: <u>Contractual Accounting Services</u>: Fees for accounting services that are provided routinely and are contracted for on an annual basis. Only accounting services performed on a contractual basis (fee accountant) should be included in this item. Full or part-time LHA accounting staff that provides routine accounting services should be included in Account 4110, Administrative Salaries.
- <u>4171:</u> Audit Costs: This account includes the state program's prorated share of audit fees paid to an Independent Public Accountant (IPA). The procurement of an IPA is necessary to satisfy the Federal Government's audit requirements. Costs for these services should be shared with all state and federal programs of LHA. **Audit costs are to be absorbed within the ANUEL.** The new Agreed Upon procedures (AUP) audit costs for state-assisted public housing programs should also be included in this account.
- <u>4180:</u> <u>Penalties and Interest:</u> Any expenses incurred from penalties, fees, and interest paid on delinquent accounts shall be included in this line item.
- <u>4190:</u> Administrative Other: This account is provided for recording the cost of administrative items for which no specific amount is prescribed in this 4100 group of accounts. It includes, but is not limited to, the cost of such items as: reports and accounting forms; stationery and other office supplies; postage; telephone services; messenger service; rental of office space; advertising for bids; publications; membership dues; collection agency & court costs, training costs; management fees, and fiscal agent fees.
- 4191: Tenant Organization: LTO Funding by the LHA. Upon request the LHA shall fund all LTOs in a city or town at the annual rate of \$6.00 per state-aided public housing unit occupied or available for occupancy by residents represented by such LTO(s) or an annual total of \$500.00 prorated among all such LTO(s), whichever is more. For more information on the creation and funding of LTOs see 760 CMR 6.09.

Authorities which operate computer learning centers, which are funded by the state consolidated budget or by other sources (which are typically recorded in line #3691 as "Other Revenue Retained", should budget the cost of the centers on this line.

<u>4310:</u> Water: This account should be charged with the cost of water and sewer charges purchased for all purposes.

<u>4320: Electricity</u>: This account should be charged with the total cost of electricity purchased for all purposes. Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off- site solar electricity-generating site. In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased or in some cases receives a direct cash payment from their utility company. Please ensure that the amount charged to this account is the total cost of electricity BEFORE any reductions due to the receipt of net meter credits.

<u>4330:</u> Gas: This account should be charged with the cost of gas (natural, artificial, or liquefied) purchased for all purposes.

<u>4340:</u> Fuel: This account should be charged with the cost of coal, fuel oil, steam purchased, and any other fuels (except electricity and gas) used in connection with Local Housing Authority operation of plants for the heating of space or water supplied to tenants as a part of rent.

<u>4360:</u> Energy Conservation: This account is to be charged with costs incurred for energy conservation measures.

<u>4390:</u> Other <u>Utilities:</u> This account should be charged with the cost of utilities which are not provided for in accounts 4310 through 4360.

<u>4391: Solar Operator Costs:</u> Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off-site solar electricity-generating site. The LHA makes regular (usually monthly) payments to the developer for its contracted share of the solar electricity produced by the site. Those payments should be entered in this account.

4392: Net Meter Utility Credit (Negative Amount): As noted in account #4391 above, many LHAs have executed Net Meter Credit Power Purchase Agreements (PPA's). In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased from the developer, which reduces the balance on its electric bill, or, in some cases, the credits are paid in cash to the LHA by the utility company. The total gross amount of the net meter credits that appear on the LHA's utility bills should be carried in this account and entered as a negative number. In cases where credits are paid in cash to the Host LHA, the net balance after paying out the amounts due the participating housing authorities, should also be carried in this account and entered as a negative number.

<u>4410: Maintenance Labor:</u> This account should be charged with the gross salaries and wages, or applicable portions thereof, for LHA personnel engaged in the routine maintenance of the project.

<u>4420:</u> Materials & Supplies: This account should be charged with the cost of materials, supplies, and expendable equipment used in connection with the routine maintenance of the project. This includes the operation and maintenance of automotive and other movable equipment, and the cost of materials, supplies, and expendable equipment used in connection with operating services such as janitorial services, elevator services, extermination of rodents and household pests, and rubbish and garbage collection.

<u>4430: Contract Costs:</u> This account should be charged with contract costs (i.e. the cost of services for labor, materials, and supplies furnished by a firm or by persons other than Local Authority employees) incurred in connection with the routine maintenance of the project, including the maintenance of automotive and other movable equipment. This account should also be charged with contract costs incurred in connection with such operating services as janitorial services, fire alarm and elevator service, extermination of rodents and household pests, rubbish and garbage collection, snow removal, landscape services, oil burner maintenance, etc.

<u>4510</u>: <u>Insurance</u>: <u>Includes the total amount of premiums charged all forms of insurance. Fire and extended coverage, crime, and general liability are handled by DHCD on a statewide basis. All other necessary insurance policies include: Workers' Compensation, boiler, vehicle liability and owner, etc.</u>

#### 4520: Payments in Lieu of Taxes:

This account should be charged with all payments in lieu of taxes accruing to a municipality or other local taxing body.

<u>4540</u>: Employee Benefits: This account should be charged with local housing authority contributions to employee benefit plans such as pension, retirement, and health and welfare plans. It should also be charged with administrative expenses paid to the State or other public agencies in connection with a retirement plan, if such payment is required by State Law, and with Trustee's fees paid in connection with a private retirement plan, if such payment is required under the retirement plan contract.

Employee benefits are based upon a given percentage of the total payroll; therefore, the total amount approved in this account will be based on the approved budgeted salaries representing the state's fair share.

<u>4541</u>: Employee Benefits - GASB 45: This line covers "Other Post-Employment Benefits" (OPEB). Of the total benefits offered by employers to attract and retain qualified employees, some benefits, including salaries and active-employee healthcare are taken while the employees are in active service, whereas other benefits, including post-employment healthcare and other OPEB are taken after the employees' services have ended. Nevertheless, both types of benefits constitute compensation for employee services. In accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

<u>4542: Pension Expense – GASB 68:</u> The primary objective of GASB 68 Statement is to improve accounting and financial reporting for pension costs. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. As with account 4541 above, in accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

<u>4570:</u> Collection Loss: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents. Note: Do not include losses from fraud/retroactive balances here. Report them in Account 4571 – Collection Loss – Fraud/Retroactive.

<u>4571:</u> Collection Loss – Fraud/Retroactive: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents due to unreported income, i.e. fraud/retroactive balances.

<u>4580</u>: Interest Expense: The debit balance in this account represents the interest expense paid and accrued on loans and notes payable. This debt can be from operating borrowings or capital borrowings.

<u>4590:</u> Other General Expense: This account represents the cost of all items of general expenses for which no specific account is prescribed in the general group of accounts.

4610: Extraordinary Maintenance – Non-Capitalized: This account should be debited with all *costs* (labor, materials and supplies, expendable equipment (such as many tools or routine repair parts), and contract work) of repairs, replacements (but not replacements of non-expendable equipment), and rehabilitation of such a substantial nature that the work is clearly not a part of the routine maintenance and operating program. The items charged to this account should not increase the useful life or value of the asset being repaired. These items are not capitalized and are not added as an increase to fixed assets at the time of completion. Nor are these items depreciated. An example of this would be scheduled repainting of apartments.

<u>4611:</u> Equipment Purchases – Non-Capitalized: This account should be debited with the costs of equipment that does not meet the LHA's criteria for capitalization. Because these items are being expended when paid, they should not be categorized as a fixed asset and therefore will not be depreciated. These items include stoves, refrigerators, small tools, most computers and software, etc.

The budget is a planning tool and as our portfolio ages it is essential that LHAs evaluate their properties annually and plan for extraordinary maintenance. To that end DHCD very strongly recommends that for all 400-1 operating budgets, depending on the age of the portfolio and condition, LHAs spend between \$100 and \$500 a year per unit in Extraordinary Maintenance, Equipment Purchases, Replacement of Equipment, and Betterments & Additions to ensure that the aging public housing stock is preserved.

<u>4715</u>: Housing Assistance Payments: This account should be debited with all housing assistance payments paid to landlords for the MRVP program on a monthly basis.

<u>4801:</u> <u>Depreciation Expense:</u> This account should be debited with annual fixed asset depreciation expenses as determined by the LHA's capitalization policy.

<u>7520</u>: Replacement of Equipment – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment purchased as a replacement of equipment of substantially the same kind. These items, such as vehicles, computers, or furniture, meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life.

<u>7540</u>: Betterments & Additions — Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment and major non-routine repairs that are classified as a betterment or addition. These items meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life of the asset. Examples are: major roof replacement, structural repairs such as siding, or major paving work.

In accordance with GAAP accounting, inventory purchases (Replacement of Equipment and Betterments & Additions) are distinguished between capitalized and non-capitalized items. Any inventory or equipment purchase greater than \$5,000 is required by DHCD to be capitalized, inventoried and depreciated. Any inventory or equipment purchase costing \$1,000 to \$4,999 should be inventoried by LHA staff for control

Standard Account Explanations

purposes only but is not subject to capitalization or depreciation, it is, however, required to be expensed when the items are paid for. An LHA's inventory listing should include both capitalized and non-capitalized items of \$1,000 and more, as well as all refrigerators and stoves of any value. All items that appear on the inventory listing should be tagged with a unique identification number, and all refrigerators and stoves (regardless of value) should be tagged. LHAs may adopt a capitalization policy that capitalizes inventory purchases at a lesser amount than the \$5,000 requirement (i.e. \$1,000 - \$4,999); however, no capitalization policy can have an amount higher than \$5,000. Any inventory or equipment purchases costing \$0 to \$999 are to be expensed when paid for.

## Narrative Responses to the Performance Management Review (PMR) Findings

The Performance Management Review conducted by the Department of Housing and Community Development (DHCD) for the 2019 LHA fiscal year resulted in the following ratings. Criteria which received a 'Corrective Action' rating show both a reason for the rating and a response by the LHA. The reason indicates Fairhaven Housing Authority's understanding of why they received the rating, while the responses describe their goals and the means by which they will meet or improve upon the performance-based assessment standards established by DHCD in the PMR. When the PMR rating is 'Operational Guidance', the LHA may have responded, but was not required to.

Due to the COVID-19 emergency, on-site assessments by the Facilities Management Specialists were cancelled for the December fiscal year end housing authorities. Therefore, there are no ratings for the Facility Management categories.

CRITERION	DESCRIPTION
Management	
Occupancy Rate	The rating is calculated using the following formula: (Total Number of Occupied units on Monthly Report divided by (Total Number of Units Minus Units that Received a Waiver Minus Number of Units Vacant less than 30 days on Monthly Report)  • "No Findings": Occupancy Rate is at or above 98%  • Operational Guidance: Occupancy rate is at 95% up to 97.9%  • Corrective Action: Adjusted occupancy rate is less than 95%
Tenant Accounts Receivable (TAR)	This criterion calculates the percentage of uncollected rent and related charges owed by starting with the amount reported by the LHA, as uncollected balances for the TAR (Account 1122 from the Balance Sheet) minus Normal Repayment Agreements* divided by Shelter (Tenant) Rent (account 3110 from the Operating Statement)  • "No Findings": At or below 2%  • "Operational Guidance": More than 2%, but less than 5%  • "Corrective Action": 5% or more
Certifications and Reporting Submissions	Housing authorities are required to submit 4 quarterly vacancy certifications by end of the month following quarter end; 4 quarterly operating statements and 4 Tenant Accounts Receivable (TAR) reports within 60 days of quarter end.  • "No Findings": At least 11 of the required 12 reports were submitted and at least 9 were submitted on time.  • "Operational Guidance": Less than 11 of the required 12 reports were submitted and/or less than 9 were submitted on time.
Board Member Training	Percentage of board members that have completed the mandatory online board member training.  • "No Findings": 80% or more completed training  • "Operational Guidance": 60-79.9% completed training  • "Corrective Action": <60 % completed training

CRITERION	DESCRIPTION
Financial	
Adjusted Net Income	The Adjusted Net Income criterion calculation starts with an LHA's Net Income and subtracts Depreciation, GASB 45 (Retirement Costs), GASB 68 (Retirement Costs), Extraordinary Maintenance (maintenance expense outside of routine/ordinary expenses), and Equipment Purchases – Non Capitalized. This Adjusted Net Income amount is then divided by the Total Expenses of the LHA. If this Adjusted Net Income amount is positive, it means underspending and if it is negative it means overspending.  Underspending Rating:  "No Findings": 0 to 9.9%  "Operational Guidance": 10 to 14.9%  "Corrective Action": 15% or higher
	Overspending Rating:  • "No Findings": 0 to -4.9%  • "Operational Guidance": -5% to -9.9%  • "Corrective Action": -10% or below
Operating Reserves	Current Operating Reserve as a percentage of total maximum reserve level.  Appropriate reserve level is buffer against any unforeseen events or expenditures.
	<ul> <li>"No Findings":35%+ of maximum operating reserve</li> <li>"Operational Guidance": 20% to 34.9% of maximum operating reserve</li> <li>"Corrective Action": &lt;20% of maximum operating reserve</li> </ul>
Capital Planning	
Capital Improvement Plan (CIP) Submitted	<ul> <li>Housing authorities are required to submit a five-year capital plan every year.</li> <li>"No Findings" =Submitted on time and no modifications required or modifications made within 45 days.</li> <li>"Operational Guidance" =Up to 45 days late and no modifications required or modifications made within 45 days.</li> <li>"Corrective Action" =More than 45 days late or modifications required and not completed within 45 days.</li> </ul>
Capital Spending	Under the Formula Funding Program (FF), authorities receive undesignated funds to spend on projects in their Capital Improvement Plan. They are rated on the percentage of available funds they have spent over a three-year period  • "No Findings" = at least 80%  • "Operational Guidance" = At least 50%  • "Corrective Action" = Less than 50%

CRITERION	DESCRIPTION
Health & Safety	
Health & safety violations	DHCD has observed conditions at the LHA's developments and reported health and safety violations. The LHA has certified the number of corrected violations in each category.
Facility Management - Inspections	
Unit Inspections Conducted	Housing authorities are required to conduct inspections of all their occupied units at least once a year  • "No Findings": 100 % of sampled units had inspections conducted once during the year  • "Corrective Action": Fewer than 100% of sample units were inspected during the year
Inspections Report	Housing authorities are required to note all of the deficiencies found during inspections  • "No Findings": 100 % of deficiencies are noted on inspection report  • "Corrective Action": Fewer than 100% of deficiencies are noted in inspection report
Inspection Work Order	Housing authorities are required to generate work orders for all deficiencies noted during inspections  • "No Findings": 100 % of deficiencies noted on inspection reports generated work orders  • "Corrective Action": Fewer than 100% of deficiencies noted on inspection reports generated work orders
Work Order System	Work order system identifies, tracks, and can produce reports for inspection work orders.  • "No Findings": Inspection work orders are identified, tracked, and reportable  • "Operational Guidance": Inspection work orders are not identified, and/or tracked, and/or reportable
Inspections Work Orders Completed	Inspection work orders were completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or included in the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).  • "No Findings": Sampled inspection work orders were completed within 30 days of inspection date or added to deferred maintenance plan and/or CIP  • "Operational Guidance": Sampled inspection work orders were completed within 31 to 45 calendar days of inspection date and not added to deferred maintenance plan or CIP  • "Corrective Action": Sampled inspection work orders were completed in over 45 calendar days of inspection date

#### **Resident Surveys – Background:**

Since 2016 DHCD has been working with the Center for Survey Research at the University of Massachusetts Boston to survey residents in the state public housing units it oversees. The surveys are confidential, mailed directly to the residents and returned to the Center by mail (or, starting in 2019, completed on-line). In Round One of the surveys, conducted over the period 2016-2018, residents of elderly/disabled developments (also known as c. 667 developments) and family units (also known as c. 705 and c. 200 developments) were surveyed in four groups as described below. (Note: there are many more c. 667 units, so they were broken down into three groups).

#### **ROUND ONE SURVEYS**

Spring 2016: (c. 200 and c. 705) Fall 2016: (667 - Group 1) Fall 2017: (667 - Group 2) Fall 2018: (667 - Group 3)

By the end of 2018, all residents were surveyed in Round One with one exception: in the case of the twelve housing authorities with **more than** 225 c. 200 family units, a randomly selected group of 225 c. 200 residents were surveyed. This group was determined to be large enough to generate statistically useful results.

Round Two of the surveys began in 2019. The current plan is to complete all Round Two surveys in four groups as follows:

#### **ROUND TWO SURVEYS**

Fall 2019 (667 - Group 1) - COMPLETED Fall 2020 (200s and 705s) Fall 2021 (667 - Group 2) Fall 2022 (667 - Group 3)

#### **Please Note:**

- 1. If there were at least twenty responses from residents of BOTH an authority's c.667 units AND from their c.200/705 units, then there is a separate report for each program.
- 2. If there were fewer than twenty responses in EITHER program, but at least twenty responses combined, then the elderly and family results were combined into a single report.
- 3. To protect resident confidentiality, survey results are generally reported ONLY for authorities that had at least twenty total resident responses from their combined c.667/200/705 residents. Therefore, a few smaller authorities that didn't have twenty responses do not have a published survey report.
- 4. Because the 2019-2022 surveys ask some different questions than the 2016-2018 survey, the results can't be combined (i.e., 2019 c.667 results can't be combined with 2016 c.200/705 results, as described in #2 above.
- 5. Responses from family residents in c.200 and c.705 housing are always combined together.

Chapter 200, 667, and 705 Housing (combined) Summary 2016 - 2018

DHCD is working with the Center for Survey Research at the University of Massachusetts Boston to survey residents in the housing units it oversees.

• **Chapter 200 and 705 housing:** In the spring of 2016, surveys were sent to 9772 housing units. 3240 surveys were filled out and returned.

#### • Chapter 667 housing:

- In the fall of 2016, surveys were sent to 9624 housing units and 5511 surveys were filled out and returned.
- In the fall of 2017, surveys were sent to 6024 housing units and 3391 surveys were filled out and returned
- In the fall of 2018, surveys were sent to 13,304 housing units and 6717 surveys were filled out and returned.
- In the **Fairhaven Housing Authority**, surveys were sent to a total of **284** Chapter 667, 705, and 200 housing units; **150** surveys were completed.

This report provides some information about how the residents from the **Fairhaven Housing Authority** who answered the survey responded. It compares answers to those from the entire state and to those from medium LHAs in Southeastern Massachusetts. These medium LHAs in Southeastern Massachusetts include: Attleborough, Barnstable, Fairhaven, Fall River, Franklin County Regional, Franklin, North Attleborough, and Plymouth.

#### Communication

Residents were asked about how they interacted with the Fairhaven Housing Authority in the last 12 months. The table below shows what percentage of residents said they did each of the following:

	Fairhaven Housing Authority	Medium LHAs in Southeastern MA *	Entire State
Contacted management about a problem or concern	75%	81%	79%
Felt they were usually or always treated with courtesy and respect when they contacted management	89%	85%	85%
Saw the Capital Improvement Plan	32%	27%	28%
Saw the Operating Budget	13%	13%	16%
Knew the Executive Director held a meeting with residents	60%	46%	48%

<sup>\*</sup> Medium LHAs in Southeastern Massachusetts include: Attleborough, Barnstable, Fairhaven, Fall River, Franklin County Regional, Franklin, North Attleborough, and Plymouth.

### Services and Programs

**49%** of the Fairhaven Housing Authority residents who responded to the survey said they would be interested in services and programs. Here are the services and programs residents said they would be most interested in participating in:

	Fairhaven Housing Authority	Medium LHAs in Southeastern MA	Entire State
Job training programs	7%	11%	11%
Money management programs (budgeting, taxes, income building)	9%	12%	13%
Children's programs (tutoring, childcare, afterschool programs)	1%	7%	8%
Health and Medical Services (visiting nurse, meal programs)	35%	32%	33%
Adult Education (GED, ESL, educational counseling)	5%	10%	13%

### **Maintenance and Repair**

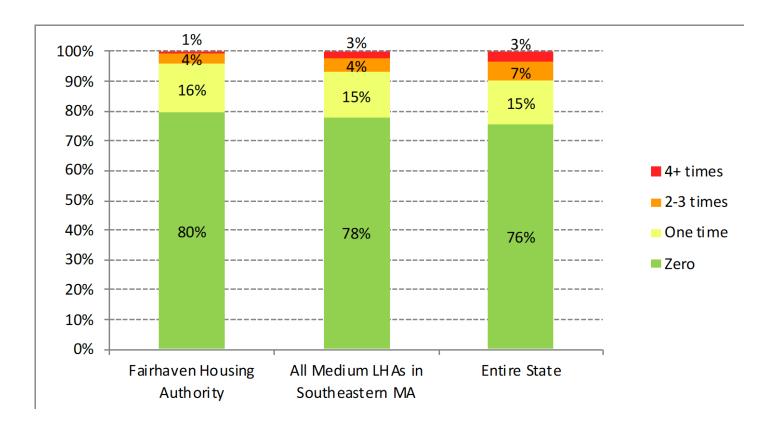

• Who had problems? One fifth of respondents had a problem with their heating and about half had a plumbing problem in the last 12 months.

	Fairhaven Housing Authority	Medium LHAs in Southeastern MA	Entire State
Had a heating problem	20%	22%	24%
Had a problem with water or plumbing	51%	50%	50%

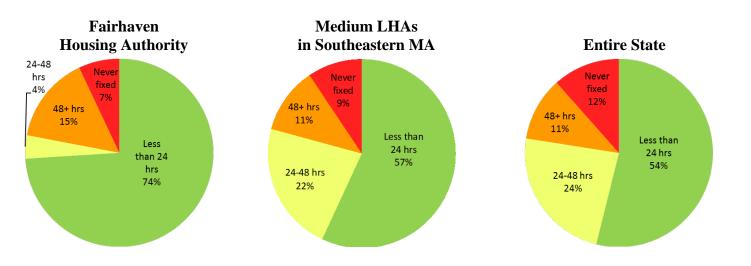

#### Heating Problems

#### How many times did residents have heating problems?

The chart below shows how many times respondents had heat problems in the last 12 months. The green part of the bars shows what percentage of residents did not have the problem at all. The yellow shows who had the problem one time. The orange shows those who had the problem 2-3 times. And the red shows those who had the problem 4 or more times in the last 12 months.

**How long did it take to fix the heating problems?** For those respondents who had problems, we asked how long it usually took for the problems to be fixed – less than 24 hours, 24 - 48 hours, more than 48 hours, or never fixed.

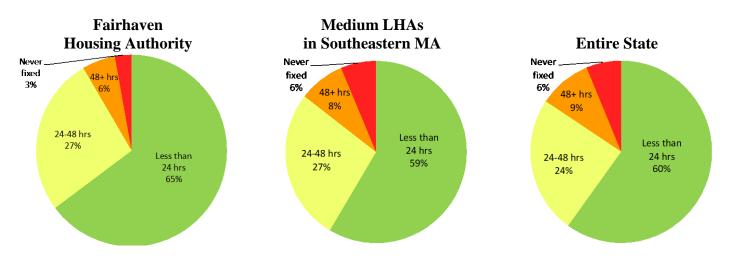

#### • Water or Plumbing Problems

#### How many times did residents have problems with their water or plumbing?

The chart below shows how many times respondents had water or plumbing problems in the last 12 months. The green part of the bars shows what percentage of residents did not have the problem at all. The yellow shows who had the problem one time. The orange shows those who had the problem 2-3 times. And the red shows those who had the problem 4 or more times in the last 12 months.

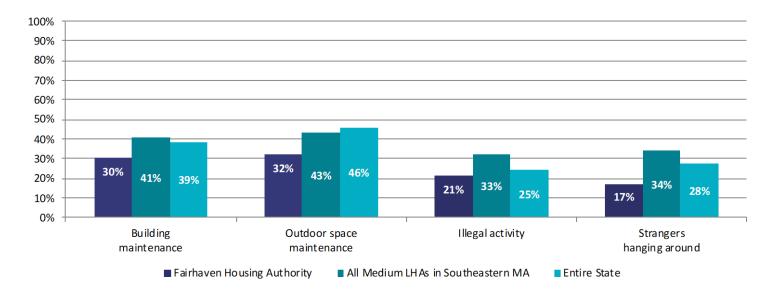

How long did it take to fix the water or plumbing problems? For those respondents who had problems, we asked how long it usually took for the problems to be fixed – less than 24 hours, 24 - 48 hours, more than 48 hours, or never fixed.

• What other problems did respondents have? Respondents were asked how often they had problems with: building maintenance (such as clean halls and stairways and having lights and elevators that work), outdoor space maintenance (such as litter removal and clear walk ways), illegal activity in the development, and strangers hanging around who should not be there. The chart below shows what percentage of respondents said that they "always" or "sometimes" had this problem in the last 12 months.

#### Respondents who "always" or "sometimes" had problems with....

	Set up repayment agreements with tenants as soon as tenant becomes in arrears; do not let large balances accrue.
	Make it easier for tenants to pay rent. For example, consider online payments, lockboxes for night time drop- off or extended office hours
	Review budget reports with both fee accountant/financial staff and your board to stay on top of revenue trends.
	Ensure rent determinations are completed regularly and are in adherence with DHCD policy

Note: This PMR was conducted remotely in response to the State of Emergency declared on March 10, 2020. See PHN 2020-19. Expense: Salaries Monitor expenses throughout the year; over or underspending in certain budget lines, can be fixed by reducing or increasing other lines to ensure you stay within your ANUEL. Consider a reorganization of staff time/roles and improve processes. Hire temporary workers or offer overtime to current employees to pick up the workload of staff out on leave. Ensure your budget is in compliance with state and federal requirements regarding allocations. Review and if needed revise tenant selection process, rent collection process and notice to quit process to reduce evictions/legal costs. Start tracking or better estimate eviction costs based on historical averages throughout the year. If legal costs for evictions are running higher than expected, reduce other budget lines to ensure you stay within your ANUEL. If you qualify, use DHCD's regional attorney program. Utilities Use online resources such as WegoWise, MassEnergyInsight or software provided by your utility company to track and monitor utility usage. Review the usage monthly to look for unusual expenditures. Weatherize units to improve insulation. Reach out to maintenance director or DHCD staff for more information. Request a referral from your HMS to DHCD's sustainability coordinator if you are interested in saving money through the installation of low-flow toilets, showerheads, LED lights or other cost-savings, energy-efficient measures. DHCD frequently has incentive programs that pay for the procurement and installation of energy and water saving appliances and tools at your LHA. Ensure that you have an air conditioner policy that precludes a/c being in windows out of season/enforce policy if already in place. Maintenance Develop or update your preventive maintenance, deferred maintenance and routine maintenance plans and review monthly with maintenance staff.

Develop or update your procurement and purchasing policies and review with staff.

Develop a system to schedule and track preventive maintenance, reach out to your facilities management specialist for assistance.

If contractor costs are high, see if your current maintenance team can complete the work or if it is possible to contract with a tradesman.

Consider bulk purchasing for supplies and shop around for the best deals.

Consider investing (through purchase or maintenance) in equipment that may reduce hours spent on maintenance (such as a snow blower to reduce time shoveling).

Other: Rating is generated from underspending of 18.8%

	Operating Reserve
Rating:	No Findings
	Please refer to PHN 2018-04 and current budget guidelines for information on operating reserve An LHA may spend down to 35% of maximum reserve level without consulting DHCD, but the LHA must budget these expenses in the correct line items of their annual operating budget. If the expense occurred after DHCD approval of the annual operating budget, the LHA should submit a budget revision with these expenditures.
	Any expenditures from the operating reserve that will result in a projected operating reserve of less than 35% of maximum reserve level, requires <i>prior written approval</i> from DHCD, <i>unless the expenses are to resolve health and safety issues</i> .
	Each LHA must maintain a projected operating reserve of 20% of maximum reserve level, which remains the minimum operating reserve level for all LHAs.
	Other:

	Board Member Training
Rating:	Operational Guidance
	Ensure you update the board attendance application with the most recent board members, and their term dates.
V	Ensure each board member has a unique email for the board member training.
V	Provide computer guidance as needed to help board members complete the training.
V	Other: Three of five Board members have completed the training.

July 7, 2020

DHCD

100 Cambridge St.

Suite 300

Boston, MA 02114

To The Department of Housing and Community Development,

I am writing in response to the written report issued in regard to our Performance Management Review (PMR) Desk Top Audit conducted on April 22, 2019 by Mary Farrell. Mary and I reviewed the findings and discussed the results. It should be noted that the desk top audit was conducted in the midst of the chaos of the pandemic, when the Authority wasn't even sure if the PMR was going to happen as there had been so little communication out of DHCD.

The draft PMR report was shared with the Board of Commissioners of the Fairhaven Housing Authority at their regular Board meeting on June 25, 2020. After discussion, it was determined by the Board that our audit was essentially in compliance but we will offer the following Corrective Action Steps, as required.

Tenant Accounts Receivable (TAR) – Our finding under the TAR category was due to the 4<sup>th</sup> quarter report being submitted 16 days past the deadline. It was not due to an excessively high rate of Tenant Receivables, either once or repeatedly, or bad debts, or write offs. It is hard to fathom that we are being required to write a Corrective Action plan because we were a few days late. Nonetheless, as we stand corrected, all quarterly TAR reports will be submitted within 60 days of the end of the quarter, and within 50 days of the end of the FY end quarter. A reminder will be entered in the calendar scheduling program on the office computer and the bookkeeper's computer, on the calendar/reminder system of the Director's cell phone and the office cell phone, on the written day planner maintained by the Director and entered into the tickler system of the fee accountant. It should be noted at this time, due to covid-19, all required reporting deadlines have been extended, therefore, our compliance should be

allowed to correspond with the extensions but we will aim to be in compliance with the normal deadlines if possible.

Operating Budget - The Authority and the fee accountant will closely review and note possible budget deviations, either positive or negative, each quarter at the time that the quarterly operating statements are issued. A draft budget revision will be started, maintained and adjusted, tracking increases or decreases that will more accurately reflect the budget as it is being implemented in hopes of having a budget revision ready to be submitted as the year end nears. This should allow us to submit a timely revision as required to correct any categories that are looking likely to be over or under spent by 10%. Please note, the budget has always been an educated guess as to the revenue and expenses anticipated. There are many components of the budget that cannot be properly determined. We do our best to plan and allocate appropriately. The Fairhaven Housing Authority should be commended for maintaining a very healthy reserve and not exceeding budget categories, We are always underspent due to our fiscal management and administration and our productive revenue sources. We are also able to underspend as we have a skilled maintenance staff who can conduct and correct many projects, work orders and tasks in house and save handsomely on contract costs.

Board Member Training – The current Board member needing to complete the training was informed at the meeting on June 25<sup>th</sup> and he has committed to completing the training within 60 days. He received refreshed guidance and the link to complete the training on 7/6/2020. Our second member who had not been in compliance did not seek re-election. Our new Board member who was elected on June 8, 2020 has been informed of the requirement and has been given the information and link as well and will be working to complete it in a timely fashion. However, it should be noted that our newly elected Board member is a tenant who just had an accident that resulted in a broken rib and hand surgery so there may be a delay in getting everything done. The new Board member may ask for a reasonable accommodation.

Once again, the Board of the Fairhaven Housing Authority takes extreme pride in their ability to implement cost-effective measures and savings, to work diligently to abide by laws and regulations and to run a well maintained, highly regarded and sought after place to live for the elderly, disabled and low income families.

Sincerely,

Krisanne IVI. Sheedy
