

## Notice of Public Hearing

### The Wellesley Housing Authority invites all tenants and the general public to a review of the Authority's Proposed Annual Plan for Fiscal Year 2021

The Annual Plan is intended to provide insight into the Authority's operations and plans for the coming fiscal year as they affect the Authority's state-aided public housing. The Proposed Annual Plan is comprised of the following elements:

1. Proposed Capital Improvement Plan (5-year)
2. Proposed Maintenance and Repair Plan
3. Current Operating Budget
4. Responses to the Performance Management Review (PMR) findings
5. List of housing authority policies
6. List of waivers from governing regulations of the Department of Housing and Community Development (DHCD)
7. Other elements

Hearing time and date: **9:30 AM on 09/17/2020**

Hearing location: Online Remote Meeting  
<https://www.wellesleymedia.org/live-streaming.html>  
View on TV on Comcast 8/Verizon 40

Residents and the general public are invited to review the Annual Plan before the hearing and may submit public comments as noted below. The Authority shall consider the concerns of any Local Tenants' Organization (LTO) or Resident Advisory Board (RAB) regarding needs and priorities and incorporate some or all of such needs and priorities in the draft plan if deemed by the Authority to be consistent with sound management. Substantive comments will be summarized and included in the Annual Plan when it is submitted to the Department of Housing and Community Development (DHCD).

- o Copies of the Annual Plan are available at the Authority's office or may be reviewed online at <https://tinyurl.com/LHA-MA-AnnualPlan>
- o Comments may be submitted orally at the hearing, by emailing the housing authority office, or by submitting written comments at the housing authority office. Comments must be received no later than the close of the public hearing.
- o For reasonable accommodation requests contact the housing authority office by 09/03/2020 at 4:00 PM.

## Wellesley Housing Authority Proposed Annual Plan for Fiscal Year 2021 For State-Aided Public Housing

The Annual Plan is a document compiled by housing authority staff in advance of each new fiscal year. The plan serves as both a tool for the Local Housing Authority (LHA) to reflect upon the prior fiscal year, and as an opportunity to develop a clear and transparent plan that builds on successes, identifies needs, and corrects any issues that have arisen in prior years. Additionally, the Annual Plan is an important tool for tenants, who may use the document to better understand the operations and needs of their housing authority, advocate for changes to policies and procedures, access data about the housing authority, and participate in their housing authority's governance.

In addition to the physical document, the Annual Plan is also a process of public engagement. Throughout the Annual Plan process, the LHA executive director or their designee will be expected to review the Plan with any Local Tenant Organizations (LTO's) and Resident Advisory Board (RAB) before the LHA presents the plan to the Board; make a draft available for review to all residents and the general public; post on the website and make a copy available to each LTO at least 30 business days before the public hearing; hold a hearing on the document; and collect, integrate, and report back on substantive comments. Additionally, the Local Housing Authority Board of Commissioners will read, offer recommendations, and approve the Annual Plan in advance of its submission to DHCD.

The law that mandates the Annual Plan is [An Act Relative to Local Housing Authorities, Massachusetts General Laws, Chapter 121B Section 28A](#). The regulation that expands upon Section 28A is [760 CMR 4.16](#). The regulations that address Local Tenant Organization (LTO) and resident participation in the Annual Plan are [760 CMR 6.09 \(3\)\(h\)](#) and [760 CMR 6.09\(4\)\(a\)\(4\)](#).

The Wellesley Housing Authority's Annual Plan for their 2021 fiscal year includes the following components:

1. Overview and Certification
2. Capital Improvement Plan (CIP)
3. Maintenance and Repair Plan
4. Operating Budget
5. Narrative responses to Performance Management Review (PMR) findings
6. Policies
7. Waivers
8. Glossary
9. Other Elements
  - a. Cover sheet for tenant satisfaction surveys
  - b. Tenant Satisfaction Survey - 667only
  - c. Tenant Satisfaction Survey - 200-705only
  - d. Performance Management Review.

**State-Aided Public Housing Developments**

The following table identifies the state-aided public housing units with developments of more than 8 units listed separately. Units in developments of 8 or fewer units are aggregated as noted. Units that the LHA provides to assist clients of the Department of Mental Health (DMH), the Department of Developmental Services (DDS), or other agencies are also aggregated separately.

**Massachusetts Rental Voucher Program (MRVP)**

The Massachusetts Rental Voucher Program (MRVP) is a state-funded program that provides rental subsidies to low-income families and individuals. In most cases, a “mobile” voucher is issued to the household, which is valid for any market-rate housing unit that meets the standards of the state sanitary code and program rent limitations. In some cases, vouchers are “project-based” into a specific housing development; such vouchers remain at the development if the tenant decides to move out.

Wellesley Housing Authority manages 1 MRVP vouchers.

**Federally Assisted Developments**

Wellesley Housing Authority also manages Federally-assisted public housing developments and/or federal rental subsidy vouchers serving 11 households.

This Annual Plan (AP) will be reviewed by the Department of Housing and Community Development (DHCD) following the public comment period, the public hearing, and LHA Board approval.

**Capital Improvement Plan (CIP)****Capital Improvement Plan****DHCD Description of CIPs:**

The Capital Improvement Plan (CIP) is a five year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The CIP identifies anticipated spending for each Department of Housing and Community Development (DHCD) fiscal year (July 1 to June 30) based on the project schedules.

Local Housing Authorities (LHAs) receive yearly awards from DHCD (Formula Funding Awards) which they target to their most urgent capital needs in their CIP. They may also receive special awards from DHCD for specific projects which meet specific criteria. Special awards may be given for certain emergency, regulation compliance, energy and water conservation, and other projects. The first three years of the CIP are based on actual awards made to the LHA, while years four and five are based on estimated planning amounts, not actual awards.

LHAs may sometimes secure other sources of funding and assistance that you will note in their CIP, such as: Community Preservation Act (CPA) funding, Community Development Block Grant (CDBG) funding, Local Affordable Housing Trust Funds (AHTF), HOME grants, income from leasing a cell tower on their property, savings from net meter credit contracts with solar developers, utility rebates and contracted work from utility providers, and Sheriff's Department work crews. However, not all of these funding sources are available every year, or in all communities.

The CIP includes the following parts:

- A table of available funding sources and amounts
- A list of planned capital projects showing spending per fiscal year
- A table showing special awards and other funding for targeted projects, if any, which supplements Formula Funding awarded to the LHA
- A 'narrative' with a variety of additional information.

**Capital Improvement Plan (CIP)****Aggregate Funding Available for Projects in the First Three Years of the CIP:**

Category of Funds	Allocation	Planned Spending	Description
Balance of Formula Funding (FF)	\$1,300,583.34		Total of all FF awards minus prior FF spending
LHA Emergency Reserve	\$195,087.50		Amount to reserve for emergencies
Net FF Funds (First 3 Years of the CIP)	\$1,105,495.84	\$1,077,526.16	Funds to plan & amount actually planned in the first 3 years of the CIP
ADA Set-aside	\$8,029.14	\$8,029.14	Accessibility projects
DMH Set-aside	\$0.00	\$0.00	Dept. of Mental Health facility
DDS Set-aside	\$0.00	\$0.00	Dept. of Developmental Services facility
Unrestricted Formula Funding (FF)	\$1,097,466.70	\$1,069,497.02	Funds awarded by DHCD to be used on projects selected by the LHA and approved by DHCD.
Special DHCD Funding	\$32,803.72	\$32,803.72	Targeted awards from DHCD
Community Development Block Grant (CDBG) Funds	\$0.00	\$0.00	Federal funds awarded by a city or town for specific projects.
Community Preservation Act (CPA) Funds	\$0.00	\$0.00	Community Preservation Act funds awarded by a city or town for specific projects.
Operating Reserve(OR) Funds	\$0.00	\$0.00	Funds from the LHA's operating budget.
Other Funds	\$0.00	\$0.00	Funds other than those in the above categories. See explanation below.
Total funds and planned spending	\$1,138,299.56	\$1,110,329.88	Total of all anticipated funding available for planned projects and the total of planned spending.

**Capital Improvement Plan (CIP)****CIP Definitions:**

**ADA Set-aside** is funding allocated within the Formula Funding (FF) for use on projects that improve accessibility for people with disabilities. 10% of FF awards are designated for this purpose.

**Available State Bond Funding** is the amount of State Bond Funding available to the LHA for the first three years of the CIP. It is calculated by totaling all of FF and Special Awards granted to the LHA through the end of the third year of the plan and subtracting the amount of these funds spent prior to July 1 of the first year of the plan.

**Amount spent prior to the plan** is the total amount of Formula Funding (FF) and Special Awards spent prior to July 1 of the first year of the plan.

**Capital project** is a project that adds significant value to an asset or replaces building systems or components. Project cost must be greater than \$1000.

**CDBG** stands for Community Development Block Grant, a potential source of project funds.

**CPA** stands for Community Preservation Act, a potential source of project funds.

**CapHub Project Number** is the number given to projects entered into DHCD's project management system known as CapHub.

**DMH Set-aside** is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Mental Health (DMH) program vendors, if any exist at this LHA.

**DDS Set-aside** is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Developmental Services (DDS) program vendors, if any exist at this LHA.

**Formula Funding (FF)** is an allocation of state bond funds to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

**Operating Reserve** is an account, funded from the LHA operating budget, primarily used for unexpected operating costs, including certain extraordinary maintenance or capital projects.

**Other Funds** could include other funding by the city or town or from other sources.

**Special Awards** are DHCD awards targeted to specific projects. Award programs include funds for emergencies beyond what an LHA can fund, for complying with regulatory requirements, for projects that will save water or energy use, and various other programs the department may run from time to time.

**Total Cost** is the sum of investigation, design, administration, permitting, and construction costs for a project

**Unrestricted Formula Funding (FF)** is money awarded to the LHA by DHCD under the Formula Funding program other than amounts set aside (restricted) for accessibility improvements or for facilities operated by DMH or DDS.

**Capital Improvement Plan (CIP)****Regional Capital Assistance Team**

Wellesley Housing Authority participates in the Regional Capital Assistance Team (RCAT) program and project implementation responsibilities are as follows:

- o For projects with construction cost under \$10,000, the LHA has the sole responsibility to initiate, implement and manage the project. RCAT offers technical assistance upon request.
- o For projects with construction cost between \$10,000 and \$100,000 the RCAT will have lead responsibility to initiate, implement and manage the project with both DHCD and LHA involvement and oversight throughout the process. For projects in this range, the LHA will work with the RCAT Project Manager who will contact the LHA to initiate projects.
- o For projects with construction cost over \$100,000, or projects below that threshold that are complex or have a subsequent phase that exceeds \$100,000 construction cost, DHCD will take the lead and draft a WO or RFS to hire a designer to prepare plans and specs. RCAT will not be involved in the implementation of projects in this range and the LHA will continue to work directly with the DHCD Project Manager and DHCD design staff.

## **Capital Improvement Plan (CIP) Narrative**

### **Including Requests to DHCD & Supporting Statements**

#### **1. Request for increased spending flexibility.**

DHCD designates a spending target (cap share) and an allowable spending range for each year of the CIP. A Housing Authority may request to shift the cap shares of the first three years in order to increase scheduling flexibility. A CIP utilizing this flexibility is called an Alternate CIP. The total spending over three years and over five years must continue to meet the limits set by DHCD. DHCD will approve an Alternate CIP only with acceptable justification and only if funding is available.

Wellesley Housing Authority has submitted an Alternate CIP with the following justification:

- Projected spending on projects currently in bidding or construction exceeds Cap Share in one or more years of the CIP.
- The TDC for a proposed project exceeds the Cap Share for a single year and it doesn't make sense to spread it

Because we are planning large projects in years one and two.

#### **2. Request for additional funding.**

A Housing Authority may request additional funding from DHCD for projects that qualify as emergencies, required legal compliance upgrades, or sustainability improvements.

Wellesley Housing Authority has not requested additional funding.

#### **3. Overall goals of the Housing Authority's CIP**

WHA is continuing to address urgent needs for safety and energy savings.

#### **4. Changes from the Housing Authority's previous CIP**

Every new CIP differs from the previous CIP because projects have been completed and a new year has been added with new projects. These changes and other significant changes to the content of the CIP are highlighted below:

Expanding onsite management office to house complete staff, to better serve our tenants,

#### **5. Requirements of previous CIP approval**

There were no special conditions attached to the approval of our previous CIP.

**6. Quarterly capital reports**

Our most recent quarterly capital report (form 80 and 90) was submitted on 02/20/2020.

**7. Capital Planning System (CPS) updates**

Our CPS facility data has been updated with current condition information, including changes resulting from projects completed in the past year, as of 07/10/2020.

**8. Project priorities**

All the projects in our CIP are high priority (Priority 1 and 2 projects).

**9. High priority deficiencies**

We have included all of our high priority (CPS priority 1 and 2) projects in our CIP.

**10. Accessibility**

We are not aware of any accessibility deficiencies in our portfolio.

**11. Special needs development**

Wellesley Housing Authority does not have a special needs (167 or 689 programs) development.

**12. Energy and water consumption**

Our 12 most recent monthly energy reports are for months 5/2019 to 4/2020.

The following table lists the DHCD thresholds for Per Unit Monthly (PUM) expense for electricity, natural gas, oil, and water use and the developments at the Housing Authority that have expenses in excess of the thresholds, if any.

	Electric PUM > Threshold	Gas PUM > Threshold	Oil PUM > Threshold	Water PUM > Threshold
Threshold PUM:	\$100	\$80	\$50	\$60
	667-03			200-01

WHA is working with LEAN to develop a action plan to lower electrical consumption at 667-03 and water consumption at 200-01.

**13. Energy or water saving initiatives**

Wellesley Housing Authority is not currently pursuing any energy or water-saving audits or grants that could affect CIP project scope, costs or timing of projects.

**14. Vacancy rate**

Our unadjusted vacancy rate reported to DHCD is as follows. (The unadjusted vacancy rate captured in these figures is the percentage of ALL housing units that are vacant, including both offline units being used for other purposes and units with DHCD vacancy waivers.)

17% c. 667 (DHCD Goal 2%)

7% c. 200 (DHCD Goal 2%)

17% c. 705 (DHCD Goal 2%)

Wellesley Housing Authority will address the excess vacancies in the following manner:

WHA is on Administrative hold by DHCD and is working through CHAMPS to fill all vacancies.

**15. Vacancies**

Wellesley Housing Authority has no units listed as vacant, proposed to be vacant, or at risk of becoming vacant.

Maintenance and Repair Plan

**Maintenance Objective**

The goal of good property maintenance at a public housing authority is to serve the residents by assuring that the homes in which they live are decent, safe, and sanitary.

**About This Maintenance and Repair Plan**

This Maintenance & Repair Plan consists of several subsections describing maintenance systems followed by charts showing typical preventive maintenance, routine maintenance, and unit inspection tasks and schedules. These subsections are:

- a. **Classification and Prioritization of Maintenance Tasks** - Defines and prioritizes types of work to be accomplished by maintenance staff and vendors. Explains how the housing authority is expected to respond to work orders (tasks or requests) based on the work order classification.
- b. **Emergency Response System** - Defines what constitutes an emergency and how to notify staff of an emergency.
- c. **Normal Maintenance Response System** - How to contact the maintenance staff for a non-emergency request.
- d. **Work Order Management** - Description of the housing authority's system for managing work orders (tasks and requests).
- e. **Maintenance Plan Narrative & Policy Statement** - Self-assessment, basic information, and goals for the coming year, along with a description of the housing authority's maintenance program.
- f. **Preventive Maintenance Schedule** - A listing and schedule of tasks designed to keep systems and equipment operating properly, to extend the life these systems and equipment, and to avoid unexpected breakdowns.
- g. **Routine Maintenance Schedule** - A listing and schedule of ordinary maintenance tasks such as mopping, mowing, raking, and trash collection required to keep the facilities in good condition.
- h. **Unit Inspections** - Scheduling of annual unit inspections.

### **Classification and Prioritization of Maintenance Tasks**

Maintenance items are tracked as “work orders” and are classified in the following categories. They are prioritized in the order listed. The following classifications and prioritization are required by the Department of Housing and Community Development (DHCD).

- I. **Emergencies** - Emergencies are only those conditions which are **immediately threatening** to the life or safety of our residents, staff, or structures.
  - **Goal: initiated with 24 to 48 hours.**
- II. **Vacancy Refurbishment - Work necessary to make empty units ready for new tenants.**
  - After emergencies, the refurbishment of vacancies for immediate re-occupancy has the highest priority for staff assignments. **Everyday a unit is vacant is a day of lost rent.**
  - **Goal: vacancy work orders are completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver.**
- III. **Preventive Maintenance** - Work which must be done to **preserve and extend the useful life** of various elements of your physical property and avoid emergency situations.
  - A thorough Preventive Maintenance Program and Schedule that deals with all elements of the physical property is provided later in the document.
  - The Preventive Maintenance Program is reviewed and updated annually and as new systems and facilities are installed.
- IV. **Programmed Maintenance** - Work which is important and is completed to the greatest extent possible within time and budget constraints. Programmed maintenance is grouped and scheduled to make its completion as efficient as possible. Sources of programmed maintenance include:
  - Routine Work includes those tasks that need to be done on a regular basis to keep our physical property in good shape. (Mopping, Mowing, Raking, Trash, etc.)
  - Inspections are the other source of programmed maintenance.
    - o Inspections are visual and operational examinations of parts of our property to determine their condition.
    - o All dwelling units, buildings and sites must be inspected at least annually.
    - o **Goal: Inspection-generated work orders are completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).**
- V. **Requested Maintenance** - Work which is requested by residents or others, does not fall into any category above, and should be accomplished as time and funds are available.
  - Requests from residents or others for maintenance work which does not fall into one of the other categories has the lowest priority for staff assignment.
  - **Goal: Requested work orders are completed in 14 calendar days from the date of tenant request or if not completed within that timeframe (and not a health or safety issue), the task is added and completed in a timely manner as a part of the Deferred Maintenance Plan and/or CIP.**

### Work Order Management

A. DHCD review of this housing authority's operations shows that the authority uses the following system for tracking work orders:

Type of work order system:

Work order classification used:

Emergency	
Vacancy	
Preventative Maintenance	
Routine	
Inspections	
Tenant Requests	

B. We also track deferred maintenance tasks in our work order system.

C. Our work order process includes the following steps:

Step	Description	Checked steps are used by LHA

### **Maintenance Plan Narrative**

Following are Wellesley Housing Authority's answers to questions posed by DHCD.

- A. Narrative Question #1: How would you assess your Maintenance Operations based on feedback you've received from staff, tenants, DHCD's Performance Management Review (PMR) & Agreed Upon Procedures (AUP), and any other sources?

The maintenance department has worked hard at incorporating feedback from residents, staff and DHCD. They have begun using tablets as a way to increase their efficiency with work orders. The tablets also allow for the work orders to be tracked online, which helps the department prioritize the work orders to make sure everything gets done in a timely fashion.

- B. Narrative Question #2: What changes have you made to maintenance operations in the past year?

In the past year, the maintenance department has begun to incorporate technology as much as possible. The new tablets allow the maintenance department to stay current with all the work orders.

- C. Narrative Question #3: What are your maintenance goals for this coming year?

The maintenance department plans to use the tablets during the annual inspection process. This will assist the maintenance department in creating work orders, and will help the administrative staff in creating any required follow up letters to the tenant.

**D. Maintenance Budget Summary**

The budget numbers shown below are for the consolidated budget only. They do not include values from supplemental budgets, if any.

	Total Regular Maintenance Budget	Extraordinary Maintenance Budget
Last Fiscal Year Budget	\$483,271.00	\$25,000.00
Last Fiscal Year Actual Spending	\$476,708.00	\$28,557.00
Current Fiscal Year Budget	\$497,762.00	\$55,000.00

**E. Unit Turnover Summary**

# Turnovers Last Fiscal Year	3
Average time from date vacated to make Unit "Maintenance Ready"	33 days
Average time from date vacated to lease up of unit	284 days

**F. Anything else to say regarding the Maintenance Plan Narrative?**

The Wellesley Housing Authority strives to complete all work orders in a timely fashion and takes great pride in the overall maintenance and upkeep of our properties.

**Attachments**

These items have been prepared by the Wellesley Housing Authority and appear on the following pages:

Preventive Maintenance Schedule - a table of preventive maintenance items showing specific tasks, who is responsible (staff or vendor), and the month(s) they are scheduled

Deferred Maintenance Schedule - a table of maintenance items which have been deferred due to lack of resources.

# **WELLESLEY HOUSING AUTHORITY MAINTENANCE POLICY**

The Maintenance Department of the Wellesley Housing Authority is responsible for managing the maintenance function in the most cost effective manner possible while maximizing the useful life of WHA properties and providing the best service to the residents.

The following policy statements are designed to establish the structure of an effective and efficient maintenance system.

## **1.0 COMPONENTS OF A MAINTENANCE SYSTEM**

WHA maintenance system shall include certain components:

- A. A system of priorities for work requests;
- B. Comprehensive working procedures;
- C. Performance goals;
- D. A work order system;
- E. A skills training program; and
- F. A long-range planning system.

### **1.1 PRIORITY SYSTEM**

The work priorities adopted by WHA exemplify its philosophy of delivering maintenance services. This priority system ensures that the most important maintenance work is done at a time it can be performed most cost-effectively. Minimizing vacancy loss is part of the cost-effectiveness calculation. The maintenance priorities of WHA are the following:

- A. Emergencies
- B. Scheduled Operations and Services
- C. Vacancy Preparation
- D. Resident On-Demand Requests

### **1.2 DEVELOP PROCEDURES**

The Maintenance Director will ensure that there are sufficient clear procedures in place to allow staff to implement this maintenance policy statement. All procedures will include the following:

- A. A statement of purpose;  
Maintenance Policy, Revised: 2/08/2008 Page 2 of 11
  - B. The job title(s) of the staff member(s) responsible for carrying out the activities in the procedure;
  - C. Any forms needed to carry out the activities; and
  - D. The frequency of any specified activities.
- After their adoption, maintenance procedures will be reviewed and updated at least annually.

### **1.3 DEVELOP PERFORMANCE STANDARDS AND GOALS**

The Maintenance Director will establish measures that will allow the effectiveness of maintenance systems and activities to be evaluated. In establishing these standards WHA will take into consideration certain factors:

- A. Local housing codes;
- B. HUD Housing Quality Standards;
- C. Public Housing Assessment System (PHAS) standards;
- D. WHA Collective bargaining agreements; and
- E. WHA job descriptions.

Nothing in the documents listed above will prevent WHA from setting a standard that is higher than that contained in the documents.

### **1.4 WORK ORDER SYSTEM**

WHA shall have a comprehensive work order system that includes all work request information: source of work, description of work, priority, cost to complete, days to complete, and hours to perform. This information is required for WHA to plan for the delivery of maintenance services as well as evaluate performance. To obtain the greatest effectiveness from the work order system, all work requests and activities performed by maintenance staff must be recorded on work orders.

Work orders will contain, at a minimum, the following information:

- A. Preprinted number
- B. Source of request (planned, inspection, resident, etc.)
- C. Priority assigned
- D. Location of work
- Maintenance Policy, Revised: 2/08/2008 Page 3 of 11
- E. Date and time received
- F. Date and time assigned
- G. Worker(s) assigned
- H. Description of work requested
- I. Description of work performed
- J. Estimated and actual time to complete
- K. Materials used to complete work
- L. Resident charge

### **1.5 TRAINING**

In order to allow its staff members to perform to the best of their abilities, WHA recognizes the importance of providing the staff with opportunities to refine technical skills, increase and expand craft skills, and learn new procedures. Each employee must participate in at least 16 hours of training annually.

The Maintenance Director is responsible for developing a training curriculum for the departmental staff and working with personnel department staff to identify the means of delivering the training.

## **1.6 LONG-RANGE PLANNING**

WHA will put in place a long-range maintenance planning capability in order to ensure the most cost-effective use of WHA' resources and the maximum useful life of Authority properties.

The Maintenance Director assisted by the Facility Manager will develop a property-specific long-range planning process that includes the following components:

- A. A property maintenance standard;
- B. An estimate of the work required to bring the property to the maintenance standard;
- C. An estimate of the work required to keep the property at the maintenance standard including routine and preventive maintenance workloads, vacant unit turn-around, inspection requirements and resident on-demand work;
- D. An estimate of the on-going cost of operating the property at the maintenance standard;
- E. A market analysis of the property to determine if there are any capital improvements needed to make the property more competitive;
- F. A cost estimate to provide the specified capital improvements; and
- G. A revised work plan and cost estimate of maintaining property at the improved standard.

## **2.0 MAINTAINING THE PROPERTY**

All maintenance work performed at WHA properties can be categorized by the source of the work. Each piece of work originates from a particular source -- an emergency, the routine maintenance schedule, the preventive maintenance schedule, a unit inspection, a unit turnover, or a resident request.

### **2.1 RESPONDING TO EMERGENCIES**

Emergencies are the highest priority source of work. WHA will consider a work item to be an emergency if the following occur:

- A. The situation constitutes a serious threat to the life, safety or health of residents or staff; or
- B. The situation will cause serious damage to the property structure or systems if not repaired within twenty-four (24) hours. If a staff member is unsure whether or not a situation is an emergency, he or she will consult with the Maintenance Director. For emergencies that occur after regular working hours, WHA shall have a twenty-four (24) emergency response system in place. This response system includes the designation of a maintenance employee in charge for each day as well as a list of qualified pre-approved contractors, open purchase orders for obtaining required supplies or equipment, and access to Authority materials and supplies. The designated employee shall prepare a work order and report on any emergency within twenty-four hours after abatement of the emergency.

## **2.2 PREPARE VACANT UNITS FOR REOCCUPANCY - KEY CONTROL PROCEDURE**

### **Overview**

Strict adherence to the following Key Control Procedure will ensure that our organization is taking the necessary precautions to limit unauthorized access to all secured areas of each community. Properly organized and executed key control practice is an essential element required to provide “-affordable safe housing.” Although the Property Manager is ultimately responsible to ensure that appropriate key control procedure is being followed at his/her community, it is the personal responsibility of each team member to ensure that he/she is in compliance.

### **Procedure 1 – Assigned Staff Keys**

#### **Procedure Components**

- All site staff will be provided with a copy of a standard set of keys, which will allow him/her access to the offices, community buildings and storage areas of the community.
- The assigned standard set of keys will be signed for by the employees. The assigned standard set of keys is the only keys the employee is permitted to take off-site after their normal work day has ended. Any unapproved deviation from this procedure may result in disciplinary action.

### **Procedure 2 – Secured Storage of Community Keys**

#### **Procedure Components**

- All keys to the units and remainder of the property must be stored in a secured key lock box.
- The lock box must be installed in a secured inconspicuous location that will be made accessible to all site staff at any given time.
- If the lock box is not operated using a digital opening system, then a copy of the key to the lock box will be incorporated into each employee’s standard set of keys.
- When not in use, the lock box will be closed and secured at all times.
- At no time will any key that is not a component of the employees standard key set, be stored in any location other than the secured lock box.

### **Procedure 3 – Key Identification Coding**

#### **Procedure Components**

- At no time will any key in the lock box be identified using an apartment number or office/storage location description.
- All keys contained in the key lock box will be identified by utilizing a “key tag coding system”.
- The Maintenance Director will provide the appropriate key-tag coding system for each community.
- Each lock box will have a corresponding “code reference” book. The code reference book will be stored in a separate secured location that is readily accessible to all site staff team members.

#### **Procedure 4 - Organization of keys**

##### **Procedure Components**

- There is to be one “immobile” original key for every lock located within the entire community. The immobile key shall never be removed from the lock box except for duplication purposes.
- There is to be a second key copy for every lock located within the entire community. This mobile key will be used for purposes of gaining entry into units and secured areas of the community.
- There is to be a third set of keys stored in the lock box for vacant units. This set of keys will be issued to the new resident at the time of their move in.

#### **Procedure 5 - Key Tracking**

##### **Procedure Components**

- Whenever a team member removes or returns a mobile key from the key lock box is must be tracked.
  - A key “check out” log will be stored in close proximity to the lock box. When logging a key # on the log sheet, the **key code** must be noted, **not** the corresponding apartment number.
- A team member will follow the same procedure in order to check out a mobile key to a vendor as they would to themselves.

#### **Procedure 6 - Access to Vacant Apartments**

##### **Procedure Components**

- Immediately upon being vacated, the locks on vacant units will be changed. It is the policy of WHA to reoccupy vacant units as soon as possible. This policy allows WHA to maximize the income produced by its properties and operate attractive and safe properties. The Maintenance Director is responsible for developing and implementing a system that ensures an average turn-around time of ten (10) calendar days (80 working hours). In order to do so, he or she must have a system that can perform the following tasks:

A. Forecast unit preparation needs based on prior years’ experience;

B. Estimate both the number of units to be prepared and the number of hours it will take to prepare them; and

C. Control work assignments to ensure prompt completion. The maintenance procedure for reoccupying vacant units relies on the prompt notification by residents of the planned vacancy, fast and accurate inspection of the unit, ready availability of workers and materials, and good communication with those responsible for leasing the unit. The Maintenance Director has the responsibility to create special teams for vacancy turnaround or to hire contractors when that is required to maintain WHA goals.

## **2.3 PREVENTATIVE MAINTENANCE PROGRAM**

### **Wellesley Housing Authority January Preventive Maintenance Tasks**

Every week throughout the year, common areas, hallways, and community rooms will be monitored for cleanliness and debris/dangerous items/blocked egresses. All buildings and grounds work orders will not any items requiring repairs. Community rooms and bathrooms in community rooms will be cleaned weekly/daily depending on the usage.

1. Boiler winter preventive maintenance at all complexes
2. Clean dryer vents.
3. Clean common area flooring and carpeting
4. Vehicle Inspection:
  - Check all fluid levels: crank case, transmission, etc.
  - Check antifreeze, radiator rust inhibitor and thermostat.
  - Check windshield washer fluid.
  - Check belts and hoses.
  - Check plugs, wiring, battery, clean and grease terminals.
  - Clean out air cleaner.
  - Check wheel alignment and tire balance (signs of uneven wear).
  - Check heater and defroster.
  - Check wiper blades for wear.
  - Check underbody for corrosion and hose off.
  - Change engine oil in all vehicles. (1<sup>st</sup> quarter)
5. Check smoke detectors and carbon monoxide detectors during annual inspections.
6. Inventory tools, equipment, refrigerators and stoves in stock.
7. Inventory of supplies and small parts.
8. Unit inspections – schedule so as to complete 100% each year.
9. Notify Administrative Staff of lease enforcement issues regarding snow removal and blocked egresses.
10. Keep all chimneys, exhaust and intake vents free of snow throughout the winter season and keep dryer exhaust vents free of snow throughout the winter season.
  - Blocked chimneys, exhaust vents and intake vents could result in carbon monoxide poisoning and can affect the performance of the furnace.

## February Preventive Maintenance Tasks

1. Monitor and issue on-going snow removal work orders.
2. Vehicle Inspection:
  - Check all fluid levels: crank case, transmission, etc.
  - Check antifreeze, radiator rust inhibitor and thermostat.
  - Check windshield washer fluid.
  - Check belts and hoses.
  - Check plugs, wiring, battery, clean and grease terminals.
  - Clean out air cleaner.
  - Check wheel alignment and tire balance (signs of uneven wear).
  - Check heater and defroster.
  - Check wiper blades for wear.
  - Check underbody for corrosion and hose off.
3. Clean common area flooring and carpeting
4. Check smoke detectors and carbon monoxide detectors during annual inspections.
5. Inventory of supplies and small parts.
6. Unit inspections – schedule so as to complete 100% each year.
7. Unit inspections – schedule so as to complete 100% each year.
8. Notify Administrative staff of lease enforcement issues regarding snow removal and common hallways and stairs free from all obstructions, blocked egresses.
  - According to the State Sanitary code 105 CMR 410.451 - No person shall obstruct any exit or passageway. The owner is responsible for maintaining free from obstruction every exit used or intended for use by occupants of more than one dwelling unit or rooming unit. The occupant shall be responsible for maintaining free from obstruction all means of exit leading from his unit and not common to the exit of any other unit.
12. Keep all chimneys, exhaust and intake vents free of snow throughout the winter season and keep dryer exhaust vents free of snow throughout the winter season.
  - Blocked chimneys, exhaust vents and intake vents could result in carbon monoxide poisoning and can affect the performance of the furnace.

## March Preventive Maintenance Tasks

1. Reset light timers and clocks for daylight saving time.
2. Monitor and issue on-going snow removal work orders.
3. Clean maintenance areas.
4. Service lawn equipment
5. Touch up all common area paint.
6. Clean heater vents in all common areas:
7. Vehicle Inspection:
  - Check all fluid levels: crank case, transmission, etc.
  - Check antifreeze, radiator rust inhibitor and thermostat.
  - Check windshield washer fluid.
  - Check belts and hoses.
  - Check plugs, wiring, battery, clean and grease terminals.
  - Clean out air cleaner.
  - Check wheel alignment and tire balance (signs of uneven wear).
  - Check heater and defroster.
  - Check wiper blades for wear.
  - Check underbody for corrosion and hose off.
8. Check smoke detectors and carbon monoxide detectors during annual inspections.
9. Unit inspections – schedule so as to complete 100% each year.
10. Notify Administrative Staff of lease enforcement issues regarding furniture, trash and debris free from exteriors. Blocked egresses.
11. Inventory of supplies and small parts.
12. Keep all chimneys, exhaust and intake vents free of snow throughout the winter season and keep dryer exhaust vents free of snow throughout the winter season.
  - Blocked chimneys, exhaust vents and intake vents could result in carbon monoxide poisoning and can affect the performance of the furnace.

## April Preventive Maintenance Tasks

1. Inspect all entry doors.
2. Clean dryer vents and exhaust vents.
3. Inspect roofs and siding.
4. Clean common area flooring and carpeting.
5. Cleaning of parking areas, roadways, driveways, walkways and storm drains.
6. Inspect trees and trim as needed (maintain 10ft distance from buildings).
7. Vehicle Inspection:
  - Check all fluid levels: crank case, transmission, etc.
  - Check antifreeze, radiator rust inhibitor and thermostat.
  - Check windshield washer fluid.
  - Check belts and hoses.
  - Check plugs, wiring, battery, clean and grease terminals.
  - Clean out air cleaner.
  - Check wheel alignment and tire balance (signs of uneven wear).
  - Check heater and defroster.
  - Check wiper blades for wear.
  - Change engine oil in all vehicles (2<sup>nd</sup> quarter)
8. Check smoke detectors and carbon monoxide detectors during annual inspections.
9. Inventory of supplies and small parts.
10. Unit inspections – schedule so as to complete 100% each year.
11. Notify Administrative Staff of lease enforcement issues regarding furniture, trash and debris free from exteriors. Blocked egresses

## May Preventive Maintenance Tasks

1. Sidewalk and parking lot crack and crevice sealing and repair.
2. Weed treatment at all sites.
3. Edge and mulch all planting beds.
4. Prune/trim all shrubs and bushes away from buildings (maintain 2ft clearance from all structures).
5. Fertilize lawns.
6. Vehicle Inspection:
  - Check all fluid levels: crank case, transmission, etc.
  - Check antifreeze, radiator rust inhibitor and thermostat.
  - Check windshield washer fluid.
  - Check belts and hoses.
  - Check plugs, wiring, battery, clean and grease terminals.
  - Clean out air cleaner.
  - Check wheel alignment and tire balance (signs of uneven wear).
  - Check heater and defroster.
  - Check wiper blades for wear.
7. Inventory of supplies and small parts.
8. Check smoke detectors and carbon monoxide detectors during annual inspections.
9. Unit inspections – schedule so as to complete 100% each year.
10. Clean common areas flooring and carpeting
11. Notify Administrative Staff of lease enforcement: Blocked Egresses, cooking grills
  - All cooking grills should be used a minimum of 10 feet from all structures.

## June Preventive Maintenance Tasks

1. Summer boiler shut-down and Preventative Maintenance service. (Non-heating season June 16<sup>th</sup> to September 14<sup>th</sup> ).
2. Fire extinguisher annual recertification.
3. Check interior emergency lighting.
4. Weed and edge all planting beds every 2 weeks (June 1<sup>st</sup> to Oct 1<sup>st</sup>).
5. Inspect site railings, walkways and stairs for potential hazards. Identify and repair, as needed.
6. Edge and mulch all planting beds.
7. Clean/disinfect dumpsters and compactor.
8. Check flags and replace as needed.
9. Vehicle Inspection:
  - Check all fluid levels: crank case, transmission, etc.
  - Check antifreeze, radiator rust inhibitor and thermostat.
  - Check windshield washer fluid.
  - Check belts and hoses.
  - Check plugs, wiring, battery, clean and grease terminals.
  - Clean out air cleaner.
  - Check wheel alignment and tire balance (signs of uneven wear).
  - Check heater and defroster.
  - Check wiper blades for wear.
10. Check smoke detectors and carbon monoxide detectors during annual inspections.
11. Inventory of supplies and small parts.
12. Unit inspections – schedule so as to complete 100% each year.
13. Lease enforcement:
  - Pools, trampolines, fire pits and swing-sets
  - Furniture, trash and debris free from exterior.

## July Preventive Maintenance Tasks

1. Clean dryer vents and exhaust vents
2. Inspect gutters, downspouts and splash blocks – repair as needed.
3. Inspect common area windows (glass, seals, balances and locks).
4. Inspect and repair site fencing.
5. Vehicle Inspection:
  - Check all fluid levels: crank case, transmission, etc..
  - Check antifreeze, radiator rust inhibitor, and thermostat.
  - Check windshield washer fluid.
  - Check belts and hoses.
  - Check plugs, wiring, battery, clean and grease terminals.
  - Clean out air cleaner.
  - Check wheel alignment and tire balance (signs of uneven wear).
  - Check heater and defroster.
  - Check wiper blades for wear.
  - Change engine oil in all (3<sup>rd</sup> quarter)
6. Inventory of supplies and small parts.
7. Check smoke detectors and carbon monoxide detectors during annual inspections.
8. Unit inspections – schedule so as to complete 100% each year.
9. Notify Administrative Staff of any lease enforcement issues including blocked egresses.

## August Preventive Maintenance Tasks

1. Strip, wax and buff VCT and linoleum flooring.
2. Vehicle Inspection:
  - a. Check all fluid levels: crank case, transmission, etc.
  - b. Check antifreeze, radiator rust inhibitor, and thermostat.
  - c. Check windshield washer fluid.
  - d. Check belts and hoses.
  - e. Check plugs, wiring, battery, clean and grease terminals.
  - f. Clean out air cleaner.
  - g. Check wheel alignment and tire balance (signs of uneven wear).
  - h. Check heater and defroster.
  - i. Check wiper blades for wear.
3. Inventory of supplies and small parts.
4. Check smoke detectors and carbon monoxide detectors during annual inspections.
5. Lease enforcement: Common hallways and stairs free from all obstructions. (PHN 2012-12)
  - According to the State Sanitary code 105 CMR 410.451 - No person shall obstruct any exit or passageway. The owner is responsible for maintaining free from obstruction every exit used or intended for use by occupants of more than one dwelling unit or rooming unit. The occupant shall be responsible for maintaining free from obstruction all means of exit leading from his unit and not common to the exit of any other unit.
6. Unit inspections – schedule so as to complete 100% each year.

## September Preventive Maintenance Tasks

1. Check electrical panels in boiler rooms and all common areas.
2. Domestic hot water systems Preventative Maintenance.
3. Boiler tune-up. (Heating season is September 15<sup>th</sup> through June 15<sup>th</sup>)
4. Clean storage rooms and maintenance areas.
5. Touch up all common area paint.
6. Clean heater vents in all common areas.
7. Service snow blowers.
8. Vehicle Inspection:
  - Check all fluid levels: crank case, transmission, etc.
  - Check antifreeze, radiator rust inhibitor and thermostat.
  - Check windshield washer fluid.
  - Check belts and hoses.
  - Check plugs, wiring, battery, clean and grease terminals.
  - Clean out air cleaner.
  - Check wheel alignment and tire balance (signs of uneven wear).
  - Check heater and defroster.
  - Check wiper blades for wear.
9. Inventory of supplies and small parts.
10. Check smoke detectors and carbon monoxide detectors during annual inspections.
11. Unit inspections – schedule so as to complete 100% each year.
12. Lease enforcement: Removal of all AC's

## October Preventive Maintenance Tasks

1. Boiler tune-up. (Heating season is September 15<sup>th</sup> through June 15<sup>th</sup>)
2. Annual cleaning of all gutters.
3. Leaf removal.
4. Prune and trim all shrubs and bushes. (maintain 2ft clearance from all structures)
5. Buy and stock ice melt for winter.
6. Clean dryer vents and exhaust vents
7. Clean, service and store lawn equipment.
8. Vehicle Inspection:
  - a. Check all fluid levels: crank case, transmission, etc.
  - b. Check antifreeze, radiator rust inhibitor, and thermostat.
  - c. Check windshield washer fluid.
  - d. Check belts and hoses.
  - e. Check plugs, wiring, battery, clean and grease terminals.
  - f. Clean out air cleaner.
  - g. Check wheel alignment and tire balance (signs of uneven wear).
  - h. Check heater and defroster.
  - i. Check wiper blades for wear.
  - j. Change engine oil in all vehicles. (4<sup>th</sup> quarter)
9. Inventory of supplies and small parts.
10. Check smoke detectors and carbon monoxide detectors during annual inspections.
11. Unit inspections – schedule so as to complete 100% each year.
12. Notify Administrative Staff of any lease enforcement issues including blocked egresses.

## November Preventive Maintenance Tasks

1. Reset light timers and clocks back 1 hour for daylight saving time.
2. Monitor and issue on-going snow removal work orders.
3. Inspect trees and trim as needed (maintain 10ft clearance from all structures).
4. Monitor and issue on-going snow removal work orders.
5. Clean common area carpets and flooring.
6. Clean/disinfect compactor and trash chutes.
7. Vehicle Inspection:
  - a. Check all fluid levels: crank case, transmission, etc.
  - b. Check antifreeze, radiator rust inhibitor, and thermostat.
  - c. Check windshield washer fluid.
  - d. Check belts and hoses.
  - e. Check plugs, wiring, battery, clean and grease terminals.
  - f. Clean out air cleaner.
  - g. Check wheel alignment and tire balance (signs of uneven wear).
  - h. Check heater and defroster.
  - i. Check wiper blades for wear.
  - j. Check underbody for corrosion and hose off.
8. Inventory of supplies and small parts.
9. Lease enforcement: Blocked egresses.
10. Keep all chimneys, exhaust and intake vents free of snow throughout the winter season and keep dryer exhaust vents free of snow throughout the winter season.
  - Blocked chimneys, exhaust vents and intake vents could result in carbon monoxide poisoning and can affect the performance of the furnace.

## December Preventive Maintenance Tasks

1. Monitor and issue on-going snow removal work orders.
2. Vehicle Inspection:
  - a. Check all fluid levels: crank case, transmission, etc.
  - b. Check antifreeze, radiator rust inhibitor, and thermostat.
  - c. Check windshield washer fluid.
  - d. Check belts and hoses.
  - e. Check plugs, wiring, battery, clean and grease terminals.
  - f. Clean out air cleaner.
  - g. Check wheel alignment and tire balance (signs of uneven wear).
  - h. Check heater and defroster.

3. Inventory of supplies and small parts.
4. Notify Administrative Staff of any lease enforcement issues including blocked egresses
5. Keep all chimneys, exhaust and intake vents free of snow throughout the winter season and keep dryer exhaust vents free of snow throughout the winter season.
  - Blocked chimneys, exhaust vents and intake vents could result in carbon monoxide poisoning and can affect the performance of the furnace.

### **B. Vehicle/Equipment Maintenance**

WHA will protect the investment it has made in vehicles and other motorized equipment by putting in place a comprehensive maintenance program. The vehicles and equipment to be covered include:

1. Trucks and Vans
2. Snow blowers
3. Leaf blowers
4. Weed cutters
5. Lawn mowers
6. Chain saws

The Maintenance Director is responsible for the development of this plan which shall contain components for minimal routine service as well as servicing for seasonal use. Serviceable components for each vehicle or piece of motorized equipment will be listed in the plan along with the type and frequency of service required.

The Maintenance Director shall also maintain a system to ensure that any employee that operates a vehicle or piece of motorized equipment has the required license or Certification.

### **C. Life Safety Systems**

WHA shall have a comprehensive program for maintenance of life safety systems to ensure that they will be fully functional in the case of an emergency. The Maintenance Director shall be responsible for the development and implementation of a schedule that includes the inspection, servicing and testing of this equipment. The equipment to be included in the plan includes the following:

1. Fire alarms and fire alarm systems
2. Fire extinguishers
3. Fire hoses
4. Emergency lighting
5. Smoke detectors
6. Sprinkler systems

The plan will include the required testing and servicing as required by manufacturer's recommendations. It will also include a determination of the most reliable and cost effective way to perform the work including the decision to hire a contractor.

## **2.4 INSPECTION PROGRAM**

WHA's goals of efficiency and cost-effectiveness are achieved through a carefully designed and rigorously implemented inspection program. This program calls for the inspection of all Real Estate.

Portfolios of WHA including the dwelling units, the grounds, and major service systems.

### **A. Dwelling Unit Inspections**

The unit inspection system of WHA has two primary goals:

1. To assure that all dwelling units comply with standards set by HUD and local codes; and
2. To assure that the staff of WHA knows at all times the condition of each unit for which it is responsible. The achievement of these goals may require more than the annual required inspection.

The Property Manager is responsible for developing a unit inspection program that schedules inspections at the frequency required. For all non-emergency inspections, the Resident shall be given at least two (2) days written notice of the inspection.

The maintenance staff shall accompany the staff member performing the unit inspection program of WHA. Following each inspection, the maintenance staff shall perform specified maintenance tasks. Any work items noted at the time of the inspection will be documented on WHA inspection form.

All uncompleted work items shall be converted to a work order within twenty-four hours of the completion of the inspection or included in the maintenance plan as determined by the Maintenance Director. The maintenance staff shall endeavor to complete all inspection-generated work items within 30 days of the inspection.

All maintenance staff is responsible for monitoring the condition of dwelling units. Whenever a maintenance staff member enters a dwelling unit for any purpose, such as completing a resident request for service or accompanying a contractor, he or she shall record on an inspection form any required work he or she sees while in the apartment. These work items shall also be converted to a service request within twenty-four hours of discovery or included in the appropriate maintenance plan as determined by the Maintenance Director.

### **B. Grounds Inspections**

Regular inspections of the property grounds and building exteriors are required to maintain the curb appeal of the property. This curb appeal is required to maintain the attractiveness of the property for both current and prospective residents. The inspection procedure will specify the desired condition of the areas to be inspected. This defined condition will include any regulatory or locally required standards. The existence of these standards shall not prevent the Housing Authority from setting a higher standard that will make the property more competitive in the local market.

Grounds inspections must cover these areas:

1. Grounds
2. Porches or patios
3. Parking lots
4. Sidewalks and fences
5. Lawns, shrubs and trees

An inspection form will be developed to support the grounds inspections. The staff member responsible for the inspection shall note all deficiencies on the form and provide the resident and the Maintenance Director with a copy of the inspection form. The Property Manager is responsible to perform all necessary follow-up actions.

Nothing in this policy shall prevent any WHA staff member from reporting any needed work that they see in the regular course of their daily activities. Such work items shall be reported to the Property Manager or Maintenance Director.

### **C. Systems Inspections**

The regular inspection of all major systems is fundamental to a sound maintenance program. The major systems inspection program overlaps with the preventive maintenance program in some areas. To the extent that inspections, in addition to those required for scheduled service intervals, are needed, they will be a part of the inspection schedule. Any work items identified during an inspection shall be converted to a work order within twenty-four hours and completed within thirty (30) days or included in the appropriate maintenance plan as determined by the Maintenance Director.

## **2.5 RESIDENT ON-DEMAND SERVICE**

This category of work refers to all resident generated work requests that fall into no other category. These are non-emergency calls made by residents seeking maintenance service. These requests for service cannot be planned in advance or responded to before the resident calls. It is the policy of WHA to complete these work requests within seven (7) days. However, unless the request is an emergency or entails work that compromises the habitability of the unit, these requests will not be given a priority above scheduled routine and preventive maintenance. By following this procedure, WHA believes it can achieve both good resident service and a maintenance system that completes the most important work first and in the most cost effective manner.

## **3.0 CONTRACTING FOR SERVICES**

WHA will contract for maintenance services when it is in the best interests of WHA to do so. When the employees of WHA have the time and skills to perform the work at hand, they will be the first choice to perform a given task. When the employees of WHA have the skills to do the work required, but there is more work than there is time available to complete it, WHA will determine whether it is more cost effective to use a contractor to complete the work. If WHA staff does not have the skills to complete the work, a contractor will be chosen. In the last instance, WHA will decide whether it will be cost effective to train a staff member to complete the work.

Once the decision has been made to hire a contractor, the process set out in WHA's Procurement Procedures will be used. These procedures vary depending on the expected dollar amount of the contract and the funding mechanism.

**Operating Budget**

The tables on the following pages show the approved budget and actual income and spending per budget account (row) for the fiscal year ending 12/31/2019. It also shows the approved budget for the current year (2020) if there is one, and the percent change from last year's spending to this year's approved budget. The final column shows the current approved amount for each account divided by the number of housing units and by 12 months to show the amount per unit per month (PUM). The chart does not show a draft budget for the coming fiscal year as that will typically be developed in the final month of the fiscal year.

The budget format and accounts are mandated by the Department of Housing and Community Development (DHCD). For a better understanding of the accounts and discussion of special situations see the notes following the budget tables and the "Definitions of Accounts" at the end of this section.

The LHA maintains a consolidated budget (400-1) for all state-aided 667 (Elderly), 200 (family), and 705 (scattered site family) developments owned by the LHA. It does not maintain separate budgets for each development.

Refer also to the Performance Management Review (PMR) section of this Annual Report for the LHA's response to a "Corrective Action" finding for the "Adjusted Net Income" rating.

**Operating Reserve**

The LHA's operating reserve is the amount of funds that an LHA sets aside to sustain itself during lean years, or to remedy urgent health and safety concern or address deferred maintenance items. In addition, while DHCD approves a fixed non-utility operating budget level for every LHA (called the Allowable Non-Utility Expense Level, or ANUEL), LHAs can propose a budget that exceeds that level, with the additional cost to be funded from the Operating Reserve, as long as the reserve will still remain above the minimum threshold set by DHCD.

DHCD defines a full (100%) Operating Reserve (OR) amount to be equal to one-half of the previous year's operating expenses and requires LHAs to maintain a minimum OR of 35% of this amount to cover any unplanned but urgent needs that may arise during the year and that can't be funded by the operating budget. If the reserve is between 20% and 35% of the full level, the LHA must obtain prior written approval from DHCD to spend reserve funds, unless the expense is to resolve a health and safety issue. If the reserve is below the 20% level, the LHA can only spend OR funds on health and safety issues. In both cases, the LHA should address the health and safety issue immediately but must retroactively inform DHCD and obtain its approval.

The Wellesley Housing Authority operating reserve at the end of fiscal year 2019 was \$183,607.00, which is 21.5% of the full reserve amount defined above.

## Explanation of Budget Accounts

The following explains how each of the line items is to be prepared.

3110: Shelter Rent: The shelter rent projection should be based on the current rent roll plus anticipated changes expected from annual rent re-determinations or as a result of regulatory amendments.

3111: Shelter Rent – Tenants - Fraud/Retroactive: This account should be used for the reporting of total rent receipts from residents due to unreported income. These are often called fraud or retroactive balances. In cases where deficit LHAs discover, pursue cases, and have entered into a written fraud/retroactive re-payment agreement **with a present or former tenant who did not report income**, the LHA will be allowed to retain two-thirds of the funds recovered. One third of the total dollar amount recovered should be included in the LHA's quarterly or year-end Operating Statement as Shelter Rent, account #3111, and two-thirds of this total dollar amount should be included in Other Revenue-Retained, account #3691.

3115: Shelter Rent - Section 8: This account applies only to those developments receiving support through the federal government's Housing and Urban Development (HUD) Section 8 New Construction and/or Substantial Rehab Programs.

3190: Non-Dwelling Rental: This account should be credited with the rents, other than tenants rents reported in line 3110 and 3115, including charges for utilities and equipment, billed to lessees of non-dwelling facilities as well as apartments rented for non-dwelling purposes, such as social service programs.

3400: Administrative Fee- MRVP/AHVP: This account should be credited with Administrative Fees to be received for the MRVP/AHVP Program. The MRVP/AHVP administrative fee is \$40.00 per unit per month, as of July 1, 2019.

3610: Interest on Investments – Unrestricted: This account should be credited with interest earned on unrestricted administrative fund investments.

3611: Interest on Investments – Restricted: This account should be credited with interest earned on restricted administrative fund investments. For example, an LHA may receive a grant whose use is restricted to a specific purpose, and the interest income earned on that grant may also be restricted to the same purpose.

3690: Other Operating Revenues: This account should be credited with income from the operation of the project that cannot be otherwise classified. Income credits to this account include, but are not limited to, penalties for delinquent payments, rental of equipment, charges for use of community space, charges to other projects or programs for the use of central office management and maintenance space, commissions and profits from vending machines, including washing machines, and certain charges to residents for additional services, materials, and/or repairs of damage caused by neglect or abuse in accordance with the Department's regulations on lease provisions..

3691: Other Revenue – Retained: This account should be credited with certain miscellaneous revenue to be retained by the LHA, and which is not used to reduce the amount of operating subsidy the LHA is due. The most common examples for this account is receipts for the rental of roof antennas to cell phone providers and net meter credits earned on electricity bills from Net Meter Power Purchase Agreements (PPA's). Generally, surplus LHAs may retain 100% of these savings and deficit LHAs may retain 25% of the savings, with

the 75% balance used to offset its need for operating subsidy. However, for the period 7/1/16 through 6/30/19, all deficit LHAs may keep 100% of the net meter credit savings.

3692: Other Revenue - Operating Reserves: This account should be credited with funds that LHAs plan to utilize from their operating reserve accounts in excess of the Allowable Non-Utility Expense Level (ANUEL). To be approvable, LHA must maintain the DHCD prescribed operating reserve minimum level after deducting the amount budgeted. The only exception to this is when the expenses are for health and safety issues.

3693: Other Revenue – Net Meter: This account should be normally be credited with 75% of the total net meter credit savings realized by a deficit LHA, while surplus LHAs with net meter credit savings would enter \$0 here. Savings are calculated as the value of the net meter credits appearing on the LHA's electric bills (or, in some cases, paid in cash to the LHA by their utility company), minus the cost of the payments made to the solar power developer under their Power Purchase Agreement (PPA). Deficit LHAs normally may retain 25% of the savings. That amount should be included as Other Revenue – Retained on line #3691. However, please note that for the period 7/1/16 through 6/30/19 all LHAs may retain 100% of their total net meter credit savings, and should report those savings as Other Revenue – Retained on line #3691

3801: Operating Subsidy – DHCD (400-1): This account represents all state-funded operating subsidy to be received and or to be earned for the fiscal year. At the end of each fiscal year, this account will be adjusted in the operating statement to equal the actual subsidy earned by the LHA.

3802: Operating Subsidy – MRVP/AHVP Landlords:

The credit balance in this account represents the anticipated total receipts from DHCD during the fiscal year for housing assistance payments to landlords. At the end of each fiscal year this account will be adjusted to equal the actual subsidy earned.

3920: Gain/Loss from Sale or Disposition of Property (Capitalized or Non-Capitalized): The debit or credit balance of this account represents the following items: a) Cash proceeds from the sale of property that was either: 1) non-capitalized; or 2) capitalized and has been fully depreciated, and b) Realized gain or loss from the sale or disposition of capitalized property that has not been fully depreciated.

4110: Administrative Salaries: This account should be charged with the gross salaries of LHA personnel engaged in administrative duties and in the supervision, planning, and direction of maintenance activities and operating services during the operations period. It should include the salaries of the executive director, assistant executive director, accountants, accounting clerks, clerks, secretaries, project managers, management aides, purchasing agents, engineers, draftsmen, maintenance superintendents, and all other employees assigned to administrative duties.

4120: Compensated Absences: The debit balance in this account represents the actual cost incurred during the fiscal year for vacation, paid holidays, vested sick leave and earned compensatory time. This account includes both the direct compensated absences cost and associated employer payroll expenses (employment taxes, pension cost, etc.).

4130: Legal Expense: This account should be charged with retainers and fees paid to attorneys for legal services relating to the operation of the projects.

4140: Compensation to Authority Members: A local authority may compensate its members for performance of their duties and such other services as they may render to the authority in connection with its Chapter 200 development(s). Compensation for any other program is not authorized. Because of this, LHAs must base such compensation only on the actual rent receipts for these developments plus a prorated share of other operating receipts of funds on a per unit basis. The precise amount that members may be compensated is defined by statute to a maximum of \$40 per member per day, and \$50 for the chairperson per day. The total of all compensation to all board members is not to exceed two percent (2%) of actual gross income of Chapter 200 developments in any given year, consistent with the approved budget amount. In no case shall the payment of compensation exceed \$12,500 annually for the chairperson, or \$10,000 for any member other than the chairperson. Please note the statute requires the member to perform housing authority business in order to receive compensation.

4150: Travel and Related Expense: Legitimate travel expenses incurred by board members and staff in the discharge of their duties for any **state-aided program** are reimbursable from this account, as consistent with Department policy.

4170: Contractual Accounting Services: Fees for accounting services that are provided routinely and are contracted for on an annual basis. Only accounting services performed on a contractual basis (fee accountant) should be included in this item. Full or part-time LHA accounting staff that provides routine accounting services should be included in Account 4110, Administrative Salaries.

4171: Audit Costs: This account includes the state program's prorated share of audit fees paid to an Independent Public Accountant (IPA). The procurement of an IPA is necessary to satisfy the Federal Government's audit requirements. Costs for these services should be shared with all state and federal programs of LHA. **Audit costs are to be absorbed within the ANUEL.** The new Agreed Upon procedures (AUP) audit costs for state-assisted public housing programs should also be included in this account.

4180: Penalties and Interest: Any expenses incurred from penalties, fees, and interest paid on delinquent accounts shall be included in this line item.

4190: Administrative Other: This account is provided for recording the cost of administrative items for which no specific amount is prescribed in this 4100 group of accounts. It includes, but is not limited to, the cost of such items as: reports and accounting forms; stationery and other office supplies; postage; telephone services; messenger service; rental of office space; advertising for bids; publications; membership dues; collection agency & court costs, training costs; management fees, and fiscal agent fees.

4191: Tenant Organization: LTO Funding by the LHA. Upon request the LHA shall fund all LTOs in a city or town at the annual rate of \$6.00 per state-aided public housing unit occupied or available for occupancy by residents represented by such LTO(s) or an annual total of \$500.00 prorated among all such LTO(s), whichever is more. For more information on the creation and funding of LTOs see 760 CMR 6.09.

Authorities which operate computer learning centers, which are funded by the state consolidated budget or by other sources (which are typically recorded in line #3691 as "Other Revenue Retained", should budget the cost of the centers on this line.

4310: Water: This account should be charged with the cost of water and sewer charges purchased for all purposes.

4320: Electricity: This account should be charged with the total cost of electricity purchased for all purposes. Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off- site solar electricity-generating site. In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased or in some cases receives a direct cash payment from their utility company. Please ensure that the amount charged to this account is the total cost of electricity BEFORE any reductions due to the receipt of net meter credits.

4330: Gas: This account should be charged with the cost of gas (natural, artificial, or liquefied) purchased for all purposes.

4340: Fuel: This account should be charged with the cost of coal, fuel oil, steam purchased, and any other fuels (except electricity and gas) used in connection with Local Housing Authority operation of plants for the heating of space or water supplied to tenants as a part of rent.

4360: Energy Conservation: This account is to be charged with costs incurred for energy conservation measures.

4390: Other Utilities: This account should be charged with the cost of utilities which are not provided for in accounts 4310 through 4360.

4391: Solar Operator Costs: Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off-site solar electricity-generating site. The LHA makes regular (usually monthly) payments to the developer for its contracted share of the solar electricity produced by the site. Those payments should be entered in this account.

4392: Net Meter Utility Credit (Negative Amount): As noted in account #4391 above, many LHAs have executed Net Meter Credit Power Purchase Agreements (PPA's). In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased from the developer, which reduces the balance on its electric bill, or, in some cases, the credits are paid in cash to the LHA by the utility company. The total gross amount of the net meter credits that appear on the LHA's utility bills should be carried in this account and entered as a negative number. In cases where credits are paid in cash to the Host LHA, the net balance after paying out the amounts due the participating housing authorities, should also be carried in this account and entered as a negative number.

4410: Maintenance Labor: This account should be charged with the gross salaries and wages, or applicable portions thereof, for LHA personnel engaged in the routine maintenance of the project.

4420: Materials & Supplies: This account should be charged with the cost of materials, supplies, and expendable equipment used in connection with the routine maintenance of the project. This includes the operation and maintenance of automotive and other movable equipment, and the cost of materials, supplies, and expendable equipment used in connection with operating services such as janitorial services, elevator services, extermination of rodents and household pests, and rubbish and garbage collection.

4430: Contract Costs: This account should be charged with contract costs (i.e. the cost of services for labor, materials, and supplies furnished by a firm or by persons other than Local Authority employees) incurred in connection with the routine maintenance of the project, including the maintenance of automotive and other movable equipment. This account should also be charged with contract costs incurred in connection with such operating services as janitorial services, fire alarm and elevator service, extermination of rodents and household pests, rubbish and garbage collection, snow removal, landscape services, oil burner maintenance, etc.

4510: Insurance: Includes the total amount of premiums charged all forms of insurance. Fire and extended coverage, crime, and general liability are handled by DHCD on a statewide basis. All other necessary insurance policies include: Workers' Compensation, boiler, vehicle liability and owner, etc.

4520: Payments in Lieu of Taxes:

This account should be charged with all payments in lieu of taxes accruing to a municipality or other local taxing body.

4540: Employee Benefits: This account should be charged with local housing authority contributions to employee benefit plans such as pension, retirement, and health and welfare plans. It should also be charged with administrative expenses paid to the State or other public agencies in connection with a retirement plan, if such payment is required by State Law, and with Trustee's fees paid in connection with a private retirement plan, if such payment is required under the retirement plan contract.

Employee benefits are based upon a given percentage of the total payroll; therefore, the total amount approved in this account will be based on the approved budgeted salaries representing the state's fair share.

4541: Employee Benefits - GASB 45: This line covers "Other Post-Employment Benefits" (OPEB). Of the total benefits offered by employers to attract and retain qualified employees, some benefits, including salaries and active-employee healthcare are taken while the employees are in active service, whereas other benefits, including post-employment healthcare and other OPEB are taken after the employees' services have ended. Nevertheless, both types of benefits constitute compensation for employee services. In accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

4542: Pension Expense – GASB 68: The primary objective of GASB 68 Statement is to improve accounting and financial reporting for pension costs. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. As with account 4541 above, in accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

4570: Collection Loss: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents. Note: Do not include losses from fraud/retroactive balances here. Report them in Account 4571 – Collection Loss – Fraud/Retroactive.

4571: Collection Loss – Fraud/Retroactive: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents due to unreported income, i.e. fraud/retroactive balances.

4580: Interest Expense: The debit balance in this account represents the interest expense paid and accrued on loans and notes payable. This debt can be from operating borrowings or capital borrowings.

4590: Other General Expense: This account represents the cost of all items of general expenses for which no specific account is prescribed in the general group of accounts.

4610: Extraordinary Maintenance – Non-Capitalized: This account should be debited with all *costs* (labor, materials and supplies, expendable equipment (such as many tools or routine repair parts), and contract work) of repairs, replacements (but not replacements of non-expendable equipment), and rehabilitation of such a substantial nature that the work is clearly not a part of the routine maintenance and operating program. The items charged to this account should not increase the useful life or value of the asset being repaired. These items are not capitalized and are not added as an increase to fixed assets at the time of completion. Nor are these items depreciated. An example of this would be scheduled repainting of apartments.

4611: Equipment Purchases – Non-Capitalized: This account should be debited with the costs of equipment that does not meet the LHA's criteria for capitalization. Because these items are being expended when paid, they should not be categorized as a fixed asset and therefore will not be depreciated. These items include stoves, refrigerators, small tools, most computers and software, etc.

The budget is a planning tool and as our portfolio ages it is essential that LHAs evaluate their properties annually and plan for extraordinary maintenance. To that end DHCD very strongly recommends that for all 400-1 operating budgets, depending on the age of the portfolio and condition, LHAs spend between \$100 and \$500 a year per unit in Extraordinary Maintenance, Equipment Purchases, Replacement of Equipment, and Betterments & Additions to ensure that the aging public housing stock is preserved.

4715: Housing Assistance Payments: This account should be debited with all housing assistance payments paid to landlords for the MRVP program on a monthly basis.

4801: Depreciation Expense: This account should be debited with annual fixed asset depreciation expenses as determined by the LHA's capitalization policy.

7520: Replacement of Equipment – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment purchased as a replacement of equipment of substantially the same kind. These items, such as vehicles, computers, or furniture, meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life.

7540: Betterments & Additions – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment and major non-routine repairs that are classified as a betterment or addition. These items meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life of the asset. Examples are: major roof replacement, structural repairs such as siding, or major paving work.

In accordance with GAAP accounting, inventory purchases (Replacement of Equipment and Betterments & Additions) are distinguished between capitalized and non-capitalized items. Any inventory or equipment purchase greater than \$5,000 is required by DHCD to be capitalized, inventoried and depreciated. Any inventory or equipment purchase costing \$1,000 to \$4,999 should be inventoried by LHA staff for control

purposes only but is not subject to capitalization or depreciation, it is, however, required to be expensed when the items are paid for. An LHA's inventory listing should include both capitalized and non-capitalized items of \$1,000 and more, as well as all refrigerators and stoves of any value. All items that appear on the inventory listing should be tagged with a unique identification number, and all refrigerators and stoves (regardless of value) should be tagged. LHAs may adopt a capitalization policy that capitalizes inventory purchases at a lesser amount than the \$5,000 requirement (i.e. \$1,000 - \$4,999); however, no capitalization policy can have an amount higher than \$5,000. Any inventory or equipment purchases costing \$0 to \$999 are to be expensed when paid for.

## Glossary

**ADA:** Americans with Disabilities Act. Often used as shorthand for accessibility related issues or improvements.

**AHVP:** Alternative Housing Voucher Program

**Alternative Housing Voucher Program** provides rental vouchers to disabled applicants who are not elderly and who have been determined eligible for Chapter 667 (elderly and disabled) housing.

**Allowable Non-Utility Expense Level (ANUEL)** is the amount of non-utility expense allowed for each local housing authority based upon the type(s) of housing programs administered.

**ANUEL:** Allowable Non-Utility Expense Level

**AP:** Annual Plan

**Annual Plan:** A document prepared by each Local Housing Authority, incorporating the Capital Improvement Plan (CIP), Maintenance and Repair Plan, Budget, responses to the Performance Management Review, and other elements.

**Cap Share** is the amount of Formula Funding spending approved by DHCD for each year.

**Capital Funds:** Funds provided by DHCD to an LHA for the modernization and preservation of state-aided public housing, including Formula Funds and Special Capital Funds.

**Capital Needs Assessment**, similar to the CIP, often used for developments in the Section 8 New Construction/Substantial Rehabilitation program. Such developments are generally not eligible for state capital funds and therefore do not participate in the CIP process. However, to track their ongoing capital needs and plan for construction projects to address those needs, they often conduct a CNA to determine when building systems will wear out and need to be replaced, and what replacement will cost, so they can plan to ensure that the necessary funding will be available

**Capital Projects** are projects that add significant value to an asset or replace building systems or components. Project cost must be greater than \$1000.

**CIMS** is a web-based software system used for creating CIP's and Annual Plans. For the CIP, the CIMS program allows the LHA to prioritize, select and schedule projects, assign funding sources and direct project spending to specific fiscal years to create a CIP that is consistent with the LHA's FF award amount and FF cap shares, plus any additional funding resources the LHA has identified. The LHA submits its CIP and DHCD conducts its review of the LHA's CIP in CIMS. For the Annual Plan CIMS imports data from other DHCD systems and combines that with data entered by the LHA.

**CIP:** A Capital Improvement Plan (CIP) is a five (5) year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The contents of a CIP are limited to available resources. An approved CIP is required in order to receive Formula Funds.

**CNA:** Capital Needs Assessment

**CPS** is DHCD's transparent Web-based capital planning system that catalogues the condition of every building and site in the statewide public housing portfolio, providing LHAs with detailed technical information to make strategic long-term capital investments. It includes a Facility Condition Index (FCI) for every development that compares the value of expired components of a development relative to its replacement cost.

**Deferred Maintenance** is maintenance, upgrades, or repairs that are deferred to a future budget cycle or postponed for some other reason. Sometimes it is referred to as extraordinary maintenance.

**Deficit housing authority:** a housing authority whose income (mainly from rent) does not cover all its normal operating costs in its approved operating budget, and which therefore operates at a deficit and requires operating subsidy from DHCD.

**DHCD:** Massachusetts Department of Housing & Community Development

**Extraordinary Maintenance:** see the description for budget line 4610 in the Explanation of Budget Accounts in the Budget Section of this Annual Plan.

**FF:** Formula Funding

**Formula Funding** is state bond funding allocated to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

**FYE:** Fiscal Year End

**HHA Administrative Fee** is the fee paid to an HHA from the RCAT Program budget.

**HHA:** Host Housing Authority for the RCAT program.

**Host Housing Authority (HHA).** An LHA selected by the Department to employ and oversee an RCAT.

**HUD:** U.S. Department of Housing and Urban Development

**LHA:** Local Housing Authority

**LTO:** Local Tenants Organization

**Management and Occupancy Report:** This is an annual HUD review process that is used to evaluate the performance of developments in various HUD housing programs, including the Section 8 New Construction/Substantial Rehabilitation program, which some LHAs operate. It is similar to the state PMR process in that it evaluates LHA performance on variety of financial, housing quality, and other standards

**Massachusetts Rental Voucher Program (MRVP)** is a state-funded program that provides rental subsidies to low-income families and individuals.

**MOR:** Management and Occupancy Report

**MRVP:** Massachusetts Rental V DHCD's annual review of each housing authority's performance. It pulls together data on the authority's occupancy rates, tenant accounts receivables, accounts payable, budget variance, operating reserve, capital improvement plan submission, capital spending, annual inspections and work order and maintenance systems to identify and address areas of strength and areas for development. Its goal is to allow DHCD and the LHA to

take a deep dive into the data, lift up best practices, and work together towards improving operations oucher Program.

**Performance Management Review (PMR):**

**PMR:** Performance Management Review

**RCAT:** Regional Capital Assistance Team

**Regional Capital Assistance Team:** One of three organizations employed at HHAs designated by the Department to carry out the RCAT Program.

**Sec.8 NC/SR (or S8NCSR):** Section 8 New Construction and Substantial Rehabilitation

**Section 8 New Construction and Substantial Rehabilitation (Sec.8 NC/SR):** This term refers to a federal HUD housing program operated at a small number of state public housing developments whose construction was funded by state grants, but whose ongoing operating costs are supported by project-based subsidies from HUD's federal Section 8 program, rather than from state public housing operating funds..

**Special Awards:** In addition to allocations to each LHA, DHCD has created limited set aside funds to provide for extreme emergency or code compliance needs which are beyond the capacity of an LHA's current FF balance.

**Surplus housing authority:** a housing authority whose income (mainly from rent) covers all its normal operating costs in its approved operating budget, and which therefore operates at a surplus and does not require operating subsidy from DHCD.

## **Attachments**

The following items have been uploaded as attachments to this Annual Plan.

Due to the COVID-19 emergency, on-site Performance Management Review (PMR) assessments by the Facilities Management Specialists were cancelled for the December fiscal year end housing authorities. Therefore, the Facility Management categories have been omitted from the PMR document.

- Cover sheet for tenant satisfaction surveys
- Tenant Satisfaction Survey - 667only
- Tenant Satisfaction Survey - 200-705only
- Performance Management Review.

## **Resident Surveys – Background:**

Since 2016 DHCD has been working with the Center for Survey Research at the University of Massachusetts Boston to survey residents in the state public housing units it oversees. The surveys are confidential, mailed directly to the residents and returned to the Center by mail (or, starting in 2019, completed on-line). In Round One of the surveys, conducted over the period 2016-2018, residents of elderly/disabled developments (also known as c. 667 developments) and family units (also known as c. 705 and c. 200 developments) were surveyed in four groups as described below. (Note: there are many more c. 667 units, so they were broken down into three groups).

### **ROUND ONE SURVEYS**

Spring 2016: (c. 200 and c. 705)

Fall 2016: (667 - Group 1)

Fall 2017: (667 - Group 2)

Fall 2018: (667 - Group 3)

By the end of 2018, all residents were surveyed in Round One with one exception: in the case of the twelve housing authorities with **more than** 225 c. 200 family units, a randomly selected group of 225 c. 200 residents were surveyed. This group was determined to be large enough to generate statistically useful results.

Round Two of the surveys began in 2019. The current plan is to complete all Round Two surveys in four groups as follows:

### **ROUND TWO SURVEYS**

Fall 2019 (667 - Group 1) - COMPLETED

Fall 2020 (200s and 705s)

Fall 2021 (667 - Group 2)

Fall 2022 (667 - Group 3)

### **Please Note:**

1. If there were at least twenty responses from residents of BOTH an authority's c.667 units AND from their c.200/705 units, then there is a separate report for each program.
2. If there were fewer than twenty responses in EITHER program, but at least twenty responses combined, then the elderly and family results were combined into a single report.
3. To protect resident confidentiality, survey results are generally reported ONLY for authorities that had at least twenty total resident responses from their combined c.667/200/705 residents. Therefore, a few smaller authorities that didn't have twenty responses do not have a published survey report.
4. Because the 2019-2022 surveys ask some different questions than the 2016-2018 survey, the results can't be combined (i.e., 2019 c.667 results can't be combined with 2016 c.200/705 results, as described in #2 above).
5. Responses from family residents in c.200 and c.705 housing are always combined together.

## Chapter 667 Housing Summary 2016 - 2018

DHCD is working with the Center for Survey Research at the University of Massachusetts Boston to survey residents in the housing units it oversees.

### Fall 2016:

- Surveys were sent to 9624 housing units (Chapter 667). 5511 surveys were filled out and returned.

### Fall 2017:

- Surveys were sent to 6024 housing units (Chapter 667). 3391 surveys were filled out and returned.

### Fall 2018:

- Surveys were sent to 13,304 housing units (Chapter 667). 6717 surveys were filled out and returned.
- In the **Wellesley Housing Authority**, surveys were sent to a total of **133** housing units (Chapter 667); **57** surveys were completed.

This report provides some information about how the residents from the **Wellesley Housing Authority** who answered the survey responded. It compares their answers to those from residents in the entire state and to those from medium LHAs in Greater Boston. These medium LHAs in the Greater Boston area include: Belmont, Brockton, Brookline, Canton, Dedham, Milford, Natick, Norwood, Randolph, Stoughton, Wellesley, Weymouth, and Winthrop.

## Communication

Residents in Ch. 667 housing were asked about how they interacted with the Wellesley Housing Authority in the last 12 months. The table below shows what percentage of residents said they did each of the following:

	Wellesley Housing Authority	Medium LHAs in Greater Boston*	Entire State
Contacted management about a problem or concern.....	84%	79%	78%
Felt they were usually or always treated with courtesy and respect when they contacted management.....	85%	86%	87%
Saw the Capital Improvement Plan.....	30%	25%	30%
Saw the Operating Budget.....	12%	16%	17%
Knew the Executive Director held a meeting with residents...	50%	48%	53%

\* Medium LHAs in the Greater Boston area include: Belmont, Brockton, Brookline, Canton, Dedham, Milford, Natick, Norwood, Randolph, Stoughton, Wellesley, Weymouth, and Winthrop.

## Services and Programs

**67%** of the Wellesley Housing Authority residents in Ch. 667 who responded to the survey said they would be interested in services and programs. Here are the services and programs residents said they would be most interested in participating in:

	Wellesley Housing Authority	Medium LHAs in Greater Boston	Entire State
Job training programs.....	12%	8%	6%
Money management programs (budgeting, taxes, income building).....	17%	11%	10%
Children's programs (tutoring, childcare, afterschool programs).....	0%	3%	2%
Health and Medical Services (visiting nurse, meal programs).....	40%	37%	35%
Adult Education (GED, ESL, educational counseling) .....	19%	13%	10%

## Maintenance and Repair

**Who had problems?** Less than one fifth of respondents had a problem with their heating and about two thirds had a plumbing problem in the last 12 months.

	Wellesley Housing Authority	Medium LHAs in Greater Boston	Entire State
Had a heating problem.....	12%	24%	21%
Had a problem with water or plumbing.....	65%	51%	49%

- **Heating Problems**

**How many times did residents have heating problems?**

The chart below shows how many times respondents had heat problems in the last 12 months. The green part of the bars shows what percentage of residents did not have the problem at all. The yellow shows who had the problem one time. The orange shows those who had the problem 2-3 times. And the red shows those who had the problem 4 or more times in the last 12 months.

**How long did it take to fix the heating problems?** For those respondents who had problems, we asked how long it usually took for the problems to be fixed – less than 24 hours, 24 - 48 hours, more than 48 hours, or never fixed.

## Chapter 200 & Chapter 705 Housing Summary Spring 2016

The Center for Survey Research at the University of Massachusetts Boston sent surveys to 9772 housing units (Chapters 200 and 705) in Massachusetts in the spring of 2016. 3240 residents responded.

Surveys were sent to **100** housing units (Chapters 200 and 705) in the **Wellesley Housing Authority**. **38** surveys were completed.

This report provides some information about how the residents from the **Wellesley Housing Authority** who answered the survey responded. It compares answers to those from the entire state and to those from all medium LHAs in Greater Boston. Medium LHAs in the Greater Boston area include: Belmont, Brockton, Brookline, Canton, Dedham, Milford, Natick, Norwood, Stoughton, Wellesley, Weymouth, and Winthrop.

### Communication

Residents in Ch. 200 and Ch. 705 housing were asked about how they interacted with the Wellesley Housing Authority in the last 12 months. The table below shows what percentage of residents said they did each of the following:

## LHA Wellesley Housing Authority

### Occupancy

Rating All: Corrective Action

Rating 667: Corrective Action

Rating 200: No Findings

Rating 705: Corrective Action

- ☐ Enter vacancies into system at least monthly and ensure that there are no duplicates. Reach out to HMS if accidental duplicates occur.
- ☐ Use online vacancy system, see user guide if need help. All vacancies must be reported; and quarterly certifications must be completed certifying all data is in system. Request waivers when applicable.
- ☐ Follow tenant selection best practices to improve vacancy turnover (pulling lists in CHAMP as soon as vacancy occurs and previewing list to prescreen in advance of vacancies as needed).
- ☐ Include unit turnovers in capital improvement plan.
- ☐ Engage in a management agreement or contract with private firms to help with heavy unit turnover.
- ☐ Review turnovers with staff weekly or biweekly to monitor status of vacant units.
- ☐ Develop plan for updating units with long term occupancy to limit turn over time at vacancy; family units may need consistent attentions o when lease up, condition is not affecting vacancy turnover time.
- ☐ Ensure that yearly inspection findings are addressed and address tenant damage/lease violations.
- ☒ Other: DHCD is working with Wellesley regarding Occupancy.

### Tenant Accounts Receivable (TAR)

Rating All: Corrective Action

Rating 667: Corrective Action

Rating 200: Corrective Action

Rating 705: Corrective Action

- ☐ Create or update rent collection policy and procedures and submit to DHCD for review, with supporting Board vote.
- ☐ Adhere to your rent collection policy and lease, i.e. sending notices, reminder letters, 14 day notice to quit, 30 day notice etc. Send notices to tenants early and frequently.
- ☐ Increase ways to accept rent payment, i.e. check scanners, lock boxes, electronic debit, autopay, etc.
- ☐ Report to credit bureau when resident has vacated unit with past due rent balance.
- ☐ Consider using small claims court (<https://www.mass.gov/info-details/massachusetts-law-about-small-claims>)
- ☐ Create written repayment agreements, either in house or court ordered, and ensure they are adhered to.
- ☐ Evaluate vacated balances to better understand what is collectible and what is unlikely to be collected. Don't allow tenant balances to build-up before doing lease enforcement. Review aged receivables report regularly.
- ☐ Set reasonable thresholds for commencing legal action.
- ☐ Ensure proper documentation of past due balances and collection efforts with tenants.
- ☒ Other: Please see Public Housing Notice 2018-08 for due dates.

## Certifications and Reporting Submissions

### Rating: Operational Guidance

- ☒ Submit all four quarterly vacancy certifications by the end of the month following the quarter end.
- ☒ Submit all four quarters of Tenants Accounts Receivables (TAR) application within 60 days of quarter end.
- ☒ Submit all four quarterly operating statements within 60 days of the quarter end.
- ☐ Schedule board meetings well in advance. Consider scheduling a backup date to ensure you are able to have your board vote/approval in time to meet reporting deadlines.
- ☐ Set a recurring appointment in your email calendar for help remembering reporting dates and deadlines.
- ☒ **Other: Please see Public Housing Notice 2018-08 for due dates.**

## Adjusted Net Income/Revenue

### Rating: Corrective Action

#### Revenue:

- ☐ Update and adhere to rent collection policy
- ☐ Update marketing plan
- ☐ Update internal policies related to vacant unit turnover
- ☐ Review rent roll to identify outstanding rents and/or patterns of rent delinquency.
- ☐ Review operating statements to identify trends in revenue collection such as LHA-wide or development-centered rent issues.
- ☐ Follow tenant selection best practices to improve vacancy turnover (pulling lists in CHAMP as soon as vacancy occurs and previewing list to prescreen in advance of vacancies as needed)
- ☐ Set up repayment agreements with tenants as soon as tenant becomes in arrears; do not let large balances accrue.
- ☐ Make it easier for tenants to pay rent. For example, consider online payments, lockboxes for night time drop-off or extended office hours
- ☐ Review budget reports with both fee accountant/financial staff and your board to stay on top of revenue trends.
- ☐ Ensure rent determinations are completed regularly and are in adherence with DHCD policy

**Expense:**

*Salaries*

- ☐ Monitor expenses throughout the year; over or underspending in certain budget lines, can be fixed by reducing or increasing other lines to ensure you stay within your ANUEL.
- ☐ Consider a reorganization of staff time/roles and improve processes.
- ☐ Hire temporary workers or offer overtime to current employees to pick up the workload of staff out on leave.
- ☐ Ensure your budget is in compliance with state and federal requirements regarding allocations.

*Legal*

- ☐ Review and if needed revise tenant selection process, rent collection process and notice to quit process to reduce evictions/legal costs.
- ☐ Start tracking or better estimate eviction costs based on historical averages throughout the year. If legal costs for evictions are running higher than expected, reduce other budget lines to ensure you stay within your ANUEL.
- ☐ If you qualify, use DHCD's regional attorney program.

*Utilities*

- ☐
- ☐ Use online resources such as WegoWise, MassEnergyInsight or software provided by your utility company to track and monitor utility usage. Review the usage monthly to look for unusual expenditures.
- ☐ Weatherize units to improve insulation. Reach out to maintenance director or DHCD staff for more information.
- ☐ Request a referral from your HMS to DHCD's sustainability coordinator if you are interested in saving money through the installation of low-flow toilets, showerheads, LED lights or other cost-savings, energy-efficient measures. DHCD frequently has incentive programs that pay for the procurement and installation of energy and water saving appliances and tools at your LHA.
- ☐ Ensure that you have an air conditioner policy that precludes a/c being in windows out of season/enforce policy if already in place.

*Maintenance*

- ☐ Develop or update your preventive maintenance, deferred maintenance and routine maintenance plans and review monthly with maintenance staff.
- ☐ Develop or update your procurement and purchasing policies and review with staff.
- ☐ Develop a system to schedule and track preventive maintenance, reach out to your facilities management specialist for assistance.
- ☐ If contractor costs are high, see if your current maintenance team can complete the work or if it is possible to contract with a tradesman.
- ☐ Consider bulk purchasing for supplies and shop around for the best deals.
- ☐ Consider investing (through purchase or maintenance) in equipment that may reduce hours spent on maintenance (such as a snow blower to reduce time shoveling).

- ☒ **Other: Please see Public Housing Notice 2018-08 for due dates.**

## Operating Reserve

Rating: Corrective Action

- ☐ Please refer to PHN 2018-04 and current budget guidelines for information on operating reserve
- ☐ An LHA may spend down to 35% of maximum reserve level without consulting DHCD, but the LHA must budget these expenses in the correct line items of their annual operating budget. If the expense occurred after DHCD approval of the annual operating budget, the LHA should submit a budget revision with these expenditures.
- ☐ Any expenditures from the operating reserve that will result in a projected operating reserve of less than 35% of maximum reserve level, requires *prior written approval* from DHCD, *unless the expenses are to resolve health and safety issues*.
- ☐ Each LHA must maintain a projected operating reserve of 20% of maximum reserve level, which *remains the minimum operating reserve level for all LHAs*.
- ☒ **Other:** Please see Public Housing Notice 2018-08 for due dates.

## Board Member Training

Rating: No Findings

- ☐ Ensure you update the board attendance application with the most recent board members, and their term dates.
- ☐ Ensure each board member has a unique email for the board member training.
- ☐ Provide computer guidance as needed to help board members complete the training.
- ☐ **Other:**
