Lowell Housing Authority Annual Plan for Fiscal Year 2022 For State-Aided Public Housing

The Annual Plan is a document compiled by housing authority staff in advance of each new fiscal year. The plan serves as both a tool for the Local Housing Authority (LHA) to reflect upon the prior fiscal year, and as an opportunity to develop a clear and transparent plan that builds on successes, identifies needs, and corrects any issues that have arisen in prior years. Additionally, the Annual Plan is an important tool for tenants, who may use the document to better understand the operations and needs of their housing authority, advocate for changes to policies and procedures, access data about the housing authority, and participate in their housing authority's governance.

In addition to the physical document, the Annual Plan is also a process of public engagement. Throughout the Annual Plan process, the LHA executive director or their designee will be expected to review the Plan with any Local Tenant Organizations (LTO's) and Resident Advisory Board (RAB) before the LHA presents the plan to the LHA Board of Commissioners; make a draft available for review to all residents and the general public; post on the website and make a copy available to each LTO at least 30 business days before the public hearing; hold a hearing on the document; and collect, integrate, and report back on substantive comments. Additionally, the Board will read, offer recommendations, and approve the Annual Plan in advance of its submission to DHCD.

The law that mandates the Annual Plan is An Act Relative to Local Housing Authorities, Massachusetts General Laws, Chapter 121B Section 28A. The regulation that expands upon Section 28A is 760 CMR 4.16. The regulations that address Local Tenant Organization (LTO) and resident participation in the Annual Plan are 760 CMR 6.09 (3)(h) and 760 CMR 6.09(4)(a)(4).

The Lowell Housing Authority's Annual Plan for their 2022 fiscal year includes the following components:

- 1. Overview and Certification
- 2. Capital Improvement Plan (CIP)
- 3. Maintenance and Repair Plan
- 4. Operating Budget
- 5. Narrative responses to Performance Management Review (PMR) findings
- 6. Policies
- 7. Waivers
- 8. Glossary
- 9. Other Elements
 - a. Public Comment Hearing minutes
 - b. Cover sheet for AP Survey
 - c. Accomplishments Made in FY 2020
 - d. Extract of Meeting Minute June 9, 2021

State-Aided Public Housing Developments

The following table identifies the state-aided public housing units with developments of more than 8 units listed separately. Units in developments of 8 or fewer units are aggregated as noted. Units that the LHA provides to assist clients of the Department of Mental Health (DMH), the Department of Developmental Services (DDS), or other agencies are also aggregated separately.

Dev No	Туре	Development Name	Num Bldgs	Year Built	Dwelling Units
705-02	Family	Dublin Street 705-02	1	1985	10
667-C4	Elderly	Hale St. 667-C4	2	1958	15
667-C1	Elderly	Lakeview Avenue 667-C1	3	1958	20
667-C2	Elderly	Lakeview Avenue 667-C2	1	1958	12
667-C3	Elderly	Pleasant/ Concord 667-C3	2	1958	16
705-01	Family	Scattered Site Family 705-01	11	1920	23
705-03	Family	Walker / Lane / Liberty 705-03	3	1986	32
	Other	Special Occupancy units	2		16
	Elderly	Elderly units in smaller developments	1		4
Total			26		148

Massachusetts Rental Voucher Program (MRVP)

The Massachusetts Rental Voucher Program (MRVP) is a state-funded program that provides rental subsidies to low-income families and individuals. In most cases, a "mobile" voucher is issued to the household, which is valid for any market-rate housing unit that meets the standards of the state sanitary code and program rent limitations. In some cases, vouchers are "project-based" into a specific housing development; such vouchers remain at the development if the tenant decides to move out.

Lowell Housing Authority manages 155 MRVP vouchers.

Federally Assisted Developments

Lowell Housing Authority also manages Federally-assisted public housing developments and/or federal rental subsidy vouchers serving 3008 households.

Plan History

The following required actions have taken place on the dates indicated.

REQ	UIREMENT	DATE
		COMPLETED
A.	Advertise the public hearing on the LHA website.	04/22/2021
В.	Advertise the public hearing in public postings.	04/22/2021
C.	Notify all LTO's and RAB, if there is one, of the hearing and	NI/A
	provide access to the Proposed Annual Plan.	N/A
D.	Post draft AP for tenant and public viewing.	04/22/2021
E.	Hold quarterly meeting with LTO or RAB to review the draft AP.	NI/A
	(Must occur before the LHA Board reviews the Annual Plan.)	N/A
F.	Annual Plan Hearing. Hosted by the LHA Board, with a quorum of members present. (For Boston, the Administrator will host the hearing.)	06/09/2021
G.	Executive Director presents the Annual Plan to the Board.	06/09/2021
H.	Board votes to approve the AP. (For Boston Housing Authority, the Administrator approves and submits the AP.)	06/09/2021

Certification

CERTIFICATION FOR SUBMISSION OF THE ANNUAL PLAN

I, Gary Wallace, Executive Director of the Lowell Housing Authority, certify on behalf of the Housing Authority that: a) the above actions all took place on the dates listed above; b) all facts and information contained in this Annual Plan are true, correct and complete to the best of my knowledge and belief and c) that the Annual Plan was prepared in accordance with and meets the requirements of the regulations at 760 CMR 4.16 and 6.09.

Date of certification: 07/15/2021

The Department of Housing and Community Development (DHCD) completed its review of this Annual Plan (AP) on August 5, 2021. Review comments have been inserted into the plan.

Annual Plan Capital Improvement Plan (CIP)

Capital Improvement Plan

DHCD Description of CIPs:

The Capital Improvement Plan (CIP) is a five year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The CIP identifies anticipated spending for each Department of Housing and Community Development (DHCD) fiscal year (July 1 to June 30) based on the project schedules.

Local Housing Authorities (LHAs) receive yearly awards from DHCD (Formula Funding Awards) which they target to their most urgent capital needs in their CIP. They may also receive special awards from DHCD for specific projects which meet specific criteria. Special awards may be given for certain emergency, regulation compliance, energy and water conservation, and other projects. The first three years of the CIP are based on actual awards made to the LHA, while years four and five are based on estimated planning amounts, not actual awards.

LHAs may sometimes secure other sources of funding and assistance that you will note in their CIP, such as: Community Preservation Act (CPA) funding, Community Development Block Grant (CDBG) funding, Local Affordable Housing Trust Funds (AHTF), HOME grants, income from leasing a cell tower on their property, savings from net meter credit contracts with solar developers, utility rebates and contracted work from utility providers, and Sheriff's Department work crews. However, not all of these funding sources are available every year, or in all communities.

The CIP includes the following parts:

- A table of available funding sources and amounts
- A list of planned capital projects showing spending per fiscal year
- A table showing special awards and other funding for targeted projects, if any, which supplements Formula Funding awarded to the LHA
- A 'narrative' with a variety of additional information.

Capital Improvement Plan (CIP)

Aggregate Funding Available for Projects in the First Three Years of the CIP:

Category of Funds	Allocation	Planned	Description
Balance of Formula Funding (FF)	\$1,227,360.12	Spending	Total of all FF awards minus prior FF spending
LHA Emergency Reserve	\$122,736.01		Amount to reserve for emergencies
Net FF Funds (First 3 Years of the CIP)	\$1,104,624.11		Funds to plan & amount actually planned in the first 3 years of the CIP
ADA Set-aside	\$9,835.75	\$9,900.00	Accessibility projects
DMH Set-aside	\$58,289.16	\$59,000.00	Dept. of Mental Health facility
DDS Set-aside	\$0.00	\$0.00	Dept. of Developmental Services facility
Unrestricted Formula Funding (FF)	\$1,036,499.20	\$1,088,918.28	Funds awarded by DHCD to be used on projects selected by the LHA and approved by DHCD.
Special DHCD Funding	\$2,343,447.59	\$2,318,447.59	
Community Development Block Grant (CDBG) Funds	\$0.00	\$0.00	Federal funds awarded by a city or town for specific projects.
Community Preservation Act (CPA) Funds	\$0.00	\$0.00	Community Preservation Act funds awarded by a city of town for specific projects.
Operating Reserve(OR) Funds	\$19,999.17	\$19,999.17	Funds from the LHA's operating budget.
Other Funds	\$165,687.81	\$165,687.81	Funds other than those in the above categories. See explanation below.
Total funds and planned spending	\$3,633,758.67	\$3,661,952.84	Total of all anticipated funding available for planned projects and the total of planned spending.

Capital Improvement Plan (CIP)

Additional notes about funding:

MTI Federalization and ModPHASE2020 grant update: (1) 40-58 Dublin Street Window Replacements and Federalization (DHCD #160103)

This 94-window replacement project is complete. With the roof replaced last year, the building envelope is secure. Final budget adjustments are underway so that all HUD required work can be completed under the grant. The Federalization design documents are in the final (100%) design phase, scheduled to be complete by 5/3/21.

(2) 600 Lakeview Avenue (572-610 Lakeview Ave). ModPHASE 2020 grant (DHCD #160105). The project is at 50% construction design, currently under review at DHCD. We are adding two fully-accessible apartments, converting an apartment and building an addition onto the conversion unit with a shared ramp. We are applying to the Lowell Zoning Appeal Board for a Special Permit. The hearing is scheduled for April 26, 2021 6 p.m. We expect to have 100% construction & documents completed in May/June with bidding scheduled to start in June 2021.

Capital Improvement Plan (CIP)

CIP Definitions:

ADA Set-aside is funding allocated within the Formula Funding (FF) for use on projects that improve accessibility for people with disabilities. 10% of FF awards are designated for this purpose.

Available State Bond Funding is the amount of State Bond Funding available to the LHA for the first three years of the CIP. It is calculated by totaling all of FF and Special Awards granted to the LHA through the end of the third year of the plan and subtracting the amount of these funds spent prior to July 1 of the first year of the plan.

Amount spent prior to the plan is the total amount of Formula Funding (FF) and Special Awards spent prior to July 1 of the first year of the plan.

Capital project is a project that adds significant value to an asset or replaces building systems or components. Project cost must be greater than \$1000.

CDBG stands for Community Development Block Grant, a potential source of project funds.

CPA stands for Community Preservation Act, a potential source of project funds.

CapHub Project Number is the number given to projects entered into DHCD's project management system known as CapHub.

DMH Set-aside is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Mental Health (DMH) program vendors, if any exist at this LHA.

DDS Set-aside is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Developmental Services (DDS) program vendors, if any exist at this LHA.

Formula Funding (FF) is an allocation of state bond funds to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

Operating Reserve is an account, funded from the LHA operating budget, primarily used for unexpected operating costs, including certain extraordinary maintenance or capital projects.

Other Funds could include other funding by the city or town or from other sources.

Special Awards are DHCD awards targeted to specific projects. Award programs include funds for emergencies beyond what an LHA can fund, for complying with regulatory requirements, for projects that will save water or energy use, and various other programs the department may run from time to time.

Total Cost is the sum of investigation, design, administration, permitting, and construction costs for a project

Unrestricted Formula Funding (FF) is money awarded to the LHA by DHCD under the Formula Funding program other than amounts set aside (restricted) for accessibility improvements or for facilities operated by DMH or DDS.

Annual Plan Capital Improvement Plan

Prepared for Submittal to DHCD

Capital Improvement Plan (CIP) Narrative

Including Requests to DHCD & Supporting Statements

1. Request for increased spending flexibility.

DHCD designates a spending target (cap share) and an allowable spending range for each year of the CIP. A Housing Authority may request to shift the cap shares of the first three years in order to increase scheduling flexibility. A CIP utilizing this flexibility is called an Alternate CIP. The total spending over three years and over five years must continue to meet the limits set by DHCD. DHCD will approve an Alternate CIP only with acceptable justification and only if funding is available.

Lowell Housing Authority has submitted an Alternate CIP with the following justification:

Other

The CAP Share is all showing in Year 1, leaving Year 2 and Year 3 at \$0. We have projects in FISH status that overflow into Year 2 and 3, so we are unable to submit a Primary.

2. Request for additional funding.

A Housing Authority may request additional funding from DHCD for projects that qualify as emergencies, required legal compliance upgrades, or sustainability improvements.

Lowell Housing Authority has not requested additional funding.

3. Overall goals of the Housing Authority's CIP

Our overall goal at the Lowell Housing Authority is to improve and modernize our public housing units. The LHA identified projects to address building envelopes (roofs, masonry, trim and paint), site work including driveway, parking and walkway paving, landscape/drainage, decks, flooring, and electrical systems.

4. Changes from the Housing Authority's previous CIP

Every new CIP differs from the previous CIP because projects have been completed and a new year has been added with new projects. These changes and other significant changes to the content of the CIP are highlighted below:

No significant changes from the previous year CIP.

5. Requirements of previous CIP approval

There were no special conditions attached to the approval of our previous CIP.

6. Quarterly capital reports

Our most recent quarterly capital report (form 80 and 90) was submitted on 04/07/2021.

7. Capital Planning System (CPS) updates

Our CPS facility data has been updated with current condition information, including changes resulting from projects completed in the past year, as of 04/05/2021.

8. Project priorities

All the projects in our CIP are high priority (Priority 1 and 2 projects).

9. High priority deficiencies

We have not been able to include all of our high priority (CPS priority 1 and 2) projects in our CIP:

See attached.

10. Accessibility

We have identified the following accessibility deficiencies in our portfolio:

We are always looking to increase our ADA unit stock.

We have incorporated the following projects in our CIP to address accessibility deficiencies: We are converting 594 Lakeview Ave into a fully accessible unit, AND we are creating an addition with another fully accessible unit as part of FISH 160105 MOD Phase project.

11. Special needs development

Lowell Housing Authority has one or more special needs (167 or 689 programs) development. We have completed the service provider input process according to the required procedures detailed in the lease agreement and held an annual meeting with the service provider staff at all special needs developments as of 02/02/2021.

12. Energy and water consumption

Our 12 most recent monthly energy reports are for months 2/2020 to 1/2021.

The following table lists the DHCD thresholds for Per Unit Monthly (PUM) expense for electricity, natural gas, oil, and water use and the developments at the Housing Authority that have expenses in excess of the thresholds, if any.

Annual Plan Capital Improvement Plan

Prepared for Submittal to DHCD

	Electric PUM > Threshold	Gas PUM > Threshold	Oil PUM > Threshold	Water PUM > Threshold
Threshold PUM:	\$100	\$80	\$50	\$60
	667-C4	705-01		705-01
	667-C3			705-03
	667-C1			

The 705-01 Scattered Sites were all built between 1900-1945, and have the drafts that come from age. We have projects for windows replacement and other improvements that never seem to get to the top of our projects-to-choose. We will continue to encourage energy conservation.

The 667 electric heat issues have all participated in a MassSave energy audit, which added blown-in insulation and draft mitigation. We are adding baffles as part of the roof replacement projects in our CIP.

13. Energy or water saving initiatives

Lowell Housing Authority is not currently pursuing any energy or water-saving audits or grants that could affect CIP project scope, costs or timing of projects.

14. Vacancy rate

Our unadjusted vacancy rate reported to DHCD is as follows. (The unadjusted vacancy rate captured in these figures is the percentage of ALL housing units that are vacant, including both offline units being used for other purposes and units with DHCD vacancy waivers.)

3% c. 667 (DHCD Goal 2%)

0% c. 200 (DHCD Goal 2%)

8% c. 705 (DHCD Goal 2%)

Lowell Housing Authority will address the excess vacancies in the following manner: 56 Dublin Street is purposefully vacant while we work on FISH 160103. We have two units purposefully vacant for our ModPHASE project (FISH 160105) 578 Lakeview Ave, and 594 Lakeview Ave. The rest of our units are currently filled or in the process of screening for tenants.

15. Vacancies

Lowell Housing Authority has no units listed as vacant, proposed to be vacant, or at risk of becoming vacant.

CIP Approval For Lowell Housing Authority for FY 2022

Formula Funding Capital Improvement Plan (CIP), WorkPlan 5001

8/4/2021

Congratulations! The CIP-2022 submitted by Lowell Housing Authority is approved, subject to the following conditions:

• Please ensure that all projects are designed with resiliency in mind. Developments in Lowell should be screened for said vulnerabilities.

Lowell Housing Authority is authorized to proceed on the following projects, which are to be managed with the LHA or RCAT as the Primary PM**:

CPS Number	FISH#	Project Name	TDC Amount	Primary PM	Project Year
160-667-C3-0-20-525	160113	Replace Roof at Pleasant Street	\$37,103.00	LHA	2022
160-705-03-0-07-2323	160114	Walker St Intercom & (+4 Fire Pull Stations)	\$10,656.00	LHA	2022

Construction cost for FY 2022 projects is to be incurred by June 30, 2022. Construction cost for FY 2023 projects is to be incurred between July 1, 2022 and June 30, 2023. Pre-construction costs may be incurred in FY 2022.

There are no large or complex projects to be managed by DHCD.

Going forward, if you need to add a project that is not in your approved CIP you will need to submit a revision through CIMS. Instructions for revising your CIP can be found on the CIMS Forms menu.

Details of the Approved CIP can be found at the link to 'Approved & Active CIP Reports' on the CIMS forms page in the CIP Reports section. Projects may utilize funding from multiple sources. The 'Original Approved' report details the proposed funding as submitted by the LHA. Please feel free to call DHCD Project Manager Cindy Zabriskie-PM at (617) 573-1186 with any questions.

This document was created on 8/4/2021 by Cindy Zabriskie-PM, Project Manager

^{**&#}x27;Primary PM' is used to identify the agency responsible for updating a project's budget and schedule.

Maintenance and Repair Plan

Maintenance Objective

The goal of good property maintenance at a public housing authority is to serve the residents by assuring that the homes in which they live are decent, safe, and sanitary.

About This Maintenance and Repair Plan

This Maintenance & Repair Plan consists of several subsections describing maintenance systems followed by charts showing typical preventive maintenance, routine maintenance, and unit inspection tasks and schedules. These subsections are:

- a. Classification and Prioritization of Maintenance Tasks Defines and prioritizes types of work to be accomplished by maintenance staff and vendors. Explains how the housing authority is expected to respond to work orders (tasks or requests) based on the work order classification.
- b. **Emergency Response System** Defines what constitutes an emergency and how to notify staff of an emergency.
- c. **Normal Maintenance Response System** How to contact the maintenance staff for a non-emergency request.
- d. **Work Order Management** Description of the housing authority's system for managing work orders (tasks and requests).
- e. **Maintenance Plan Narrative & Policy Statement** Self-assessment, basic information, and goals for the coming year, along with a description of the housing authority's maintenance program.
- f. **Preventive Maintenance Schedule** A listing and schedule of tasks designed to keep systems and equipment operating properly, to extend the life these systems and equipment, and to avoid unexpected breakdowns.
- g. **Routine Maintenance Schedule** A listing and schedule of ordinary maintenance tasks such as mopping, mowing, raking, and trash collection required to keep the facilities in good condition.
- h. **Unit Inspections** Scheduling of annual unit inspections.

Classification and Prioritization of Maintenance Tasks

Maintenance items are tracked as "work orders" and are classified in the following categories. They are prioritized in the order listed. The following classifications and prioritization are required by the Department of Housing and Community Development (DHCD).

- I. **Emergencies** Emergencies are only those conditions which are **immediately threatening** to the life or safety of our residents, staff, or structures.
 - Goal: initiated with 24 to 48 hours.
- II. Vacancy Refurbishment Work necessary to make empty units ready for new tenants.
 - After emergencies, the refurbishment of vacancies for immediate re-occupancy
 has the highest priority for staff assignments. Everyday a unit is vacant is a day of
 lost rent.
 - Goal: vacancy work orders are completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver.
- III. **Preventive Maintenance** Work which must be done to **preserve and extend the useful life** of various elements of your physical property and avoid emergency situations.
 - A thorough Preventive Maintenance Program and Schedule that deals with all elements of the physical property is provided later in the document.
 - The Preventive Maintenance Program is reviewed and updated annually and as new systems and facilities are installed.
- IV. **Programmed Maintenance** Work which is important and is completed to the greatest extent possible within time and budget constraints. Programmed maintenance is grouped and scheduled to make its completion as efficient as possible. Sources of programmed maintenance include:
 - Routine Work includes those tasks that need to be done on a regular basis to keep our physical property in good shape. (Mopping, Mowing, Raking, Trash, etc.)
 - Inspections are the other source of programmed maintenance.
 - o Inspections are visual and operational examinations of parts of our property to determine their condition.
 - o All dwelling units, buildings and sites must be inspected at least annually.
 - O Goal: Inspection-generated work orders are completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).
- V. **Requested Maintenance** Work which is requested by residents or others, does not fall into any category above, and should be accomplished as time and funds are available.
 - Requests from residents or others for maintenance work which does not fall into one of the other categories has the lowest priority for staff assignment.
 - Goal: Requested work orders are completed in 14 calendar days from the date
 of tenant request or if not completed within that timeframe (and not a health or
 safety issue), the task is added and completed in a timely manner as a part of
 the Deferred Maintenance Plan and/or CIP.

Emergency Request System

For emergency requests call the numbers listed here. Qualifying emergency work requests are listed below.

METHOD	CONTACT INFO.	TIMES
Call Answering Service	(866) 333-2014	24 Hrs.
Call LHA at Phone Number	(978) 364-5605	8:30am - 4:30pm Monday thru Friday

During regular business hours, the office will be staffed with at least one Manager (Mark Briere Property Manager 978-364-5334 or Adrianna Binet, Assistant Manager 978-364-5369), and the office phone will receive voice messages. If the Property Manager is away from the office, calls will be forward to the answering service for immediate response.

The answering service is trained to evaluate the type of maintenance request, and will contact the appropriate staff members on the LHA phone and email lists.

List of Emergencies - Emergencies are those conditions which are immediately threatening to the life or safety of our residents, staff, or structures. The following is a list of typical conditions that warrant an emergency response. If there is an emergency condition whether or not enumerated on this list please notify the office or answering service at the numbers listed above. If you have any questions regarding this list or other matters that may constitute an emergency, please contact the Lowell Housing Authority main office.

QUALIFYING EMERGENCY WORK REQUESTS
Fires of any kind (Call 911)
Gas leaks/ Gas odor (Call 911)
No electric power in unit
Electrical hazards, sparking outlets
Broken water pipes, flood
No water/ unsafe water
Sewer or toilet blockage
Roof leak
Lock outs
Door or window lock failure
No heat
No hot water
Snow or ice hazard condition
Dangerous structural defects
Inoperable smoke/CO detectors, beeping or chirping
Elevator stoppage or entrapment
Wellness check

Normal Maintenance Request Process

Make normal (non-emergency) maintenance requests using the following methods:

METHOD	CONTACT INFO.	TIMES

Work Order Management

A. DHCD review of this housing authority's operations shows that the authority uses the following system for tracking work orders:

Type of work order system: DHCD's usual on-site review for this housing authority's work order system was cancelled due to the COVID-19 emergency.

Work order classification used:

Emergency	
Vacancy	
Preventative Maintenance	
Routine	
Inspections	
Tenant Requests	

- B. We also track deferred maintenance tasks in our work order system.
- C. Our work order process includes the following steps:

Step	Description	Checked steps are used by LHA
1	Maintenance Request taken/submitted per the standard procedures listed above for the Emergency Request System and the Normal Maintenance Request Process.	V
2	Maintenance Requests logged into the work system	\checkmark
3	Work Orders generated	\checkmark
4	Work Orders assigned	✓
5	Work Orders tracked	✓
6	Work Orders completed/closed out	✓
7	Maintenance Reports or Lists generated	✓

D. Additional comments by the LHA regarding work order management:

We use Elite housing software for work orders, all types.

Maintenance Plan Narrative

Following are Lowell Housing Authority's answers to questions posed by DHCD.

- A. Narrative Question #1: How would you assess your Maintenance Operations based on feedback you've received from staff, tenants, DHCD's Performance Management Review (PMR) & Agreed Upon Procedures (AUP), and any other sources?
 - With the COVID 19 Pandemic, the Lowell Housing Authority (LHA) implemented policies and procedures related to the maintenance of units and common areas in an effort to ensure the safety of residents and staff members. Steps taken to ensure safety include disinfecting of common areas through a third-party vendor, providing staff members with appropriate protective equipment and requiring social distancing in the maintenance shop area and within our buildings. These actions served to slow the spread of the virus. The feedback from residents and staff has been positive, and many expressed appreciation for the actions that we are taking to protect all during this very trying time.
- B. Narrative Question #2: What changes have you made to maintenance operations in the past year?
 - COVID 19 changed the way the LHA operated in relation to administrative and maintenance procedures. When a call for maintenance work is received, the Property Manager's office will ask a series of questions obtained from the CDC. These questions determined if it is safe for staff to enter a unit to complete a work order. When scheduling work, administrative staff tries to schedule times when the least number of family members will be home. If it is determined that it is safe to enter, maintenance staff are required to wear safety equipment to protect themselves, as well as the residents. The system has worked well and continues at the present time.
 - It should also be noted that annual inspections have not been completed during this time and the number of routine work order requests have decreased. Please also note that during this time, all Emergency Work Orders have been completed within 24 hours of being notified of a deficiency or emergency situation.
- C. Narrative Question #3: What are your maintenance goals for this coming year?
 - The LHA is hoping to get back to full operation in the coming months. With the delay of annual inspections, we are hoping to resume this process, identify deficiencies and begin to make repairs in units, as needed. We will review our preventive maintenance schedule and implement a plan to get back on track with these work items. We will adopt as permanent procedure some of the actions taken during the pandemic, namely, ensuring proper cleaning and sanitizing of common areas and requiring the use of protective equipment by maintenance staff members. We have learned a great deal over the last year and will continue to make resident and staff wellness a priority.

D. Maintenance Budget Summary

The budget numbers shown below are for the consolidated budget only. They do not include values from supplemental budgets, if any.

	Total Regular Maintenance Budget	Extraordinary Maintenance Budget
Last Fiscal Year Budget	\$330,292.00	\$51,900.00
Last Fiscal Year Actual Spending	\$301,293.00	\$10,763.00
Current Fiscal Year Budget	\$343,165.00	\$68,060.00

E. Unit Turnover Summary

# Turnovers Last Fiscal Year	4
Average time from date vacated to	
make Unit "Maintenance Ready"	50 days
Average time from date vacated to	
lease up of unit	292 days

F. Anything else to say regarding the Maintenance Plan Narrative?

The Lowell Housing Authority (LHA) had a total of 4 vacancies during the last fiscal year. During that time, the average vacancy make ready time was 50 days. The total number of lease-up days is listed as 292. This increase is due to the units being occupied by participants of the Transitional Housing Program. In many cases, lease-up for these clients will not take place for a period of 9 months, and only if they are successful in meeting the requirements of the program. The LHA has reported the status of these clients to the Department of Housing and Community Development on a quarterly basis, and has received waiver request extensions for each client. To summarize, units are occupied by qualified Transitional Housing Program participants, but not officially leased-up for permanent residency until they have successfully completed the Program.

Operating Budget

The tables on the following pages show the approved budget and actual income and spending per budget account (row) for the fiscal year ending 09/30/2020. It also shows the approved budget for the current year (2021) if there is one, and the percent change from last year's spending to this year's approved budget. The final column shows the current approved amount for each account divided by the number of housing units and by 12 months to show the amount per unit per month (PUM). The chart does not show a draft budget for the coming fiscal year as that will typically be developed in the final month of the fiscal year.

The budget format and accounts are mandated by the Department of Housing and Community Development (DHCD). For a better understanding of the accounts and discussion of special situations see the notes following the budget tables and the "Definitions of Accounts" at the end of this section.

The LHA maintains a consolidated budget (400-1) for all state-aided 667 (Elderly), 200 (family), and 705 (scattered site family) developments owned by the LHA. It does not maintain separate budgets for each development.

Operating Reserve

The LHA's operating reserve is the amount of funds that an LHA sets aside to sustain itself during lean years, or to remedy urgent health and safety concern or address deferred maintenance items. In addition, while DHCD approves a fixed non-utility operating budget level for every LHA (called the Allowable Non-Utility Expense Level, or ANUEL), LHAs can propose a budget that exceeds that level, with the additional cost to be funded from the Operating Reserve, as long as the reserve will still remain above the minimum threshold set by DHCD.

DHCD defines a full (100%) Operating Reserve (OR) amount to be equal to one-half of the previous year's operating expenses and requires LHAs to maintain a minimum OR of 35% of this amount to cover any unplanned but urgent needs that may arise during the year and that can't be funded by the operating budget. If the reserve is between 20% and 35% of the full level, the LHA must obtain prior written approval from DHCD to spend reserve funds, unless the expense is to resolve a health and safety issue. If the reserve is below the 20% level, the LHA can only spend OR funds on health and safety issues. In both cases, the LHA should address the health and safety issue immediately but must retroactively inform DHCD and obtain its approval.

The Lowell Housing Authority operating reserve at the end of fiscal year 2020 was \$701,583.00, which is 107.9% of the full reserve amount defined above.

Explanation of Budget Accounts

The following explains how each of the line items is to be prepared.

- <u>3110</u>: <u>Shelter Rent:</u> The shelter rent projection should be based on the current rent roll plus anticipated changes expected from annual rent re-determinations or as a result of regulatory amendments.
- 3111: Shelter Rent Tenants Fraud/Retroactive: This account should be used for the reporting of total rent receipts from residents due to unreported income. These are often called fraud or retroactive balances. In cases where deficit LHAs discover, pursue cases, and have entered into a written fraud/retroactive repayment agreement with a present or former tenant who did not report income, the LHA will be allowed to retain two-thirds of the funds recovered. One third of the total dollar amount recovered should be included in the LHA's quarterly or year-end Operating Statement as Shelter Rent, account #3111, and two-thirds of this total dollar amount should be included in Other Revenue-Retained, account #3691.
- <u>3115</u>: Shelter Rent Section 8: This account applies only to those developments receiving support through the federal government's Housing and Urban Development (HUD) Section 8 New Construction and/or Substantial Rehab Programs.
- <u>3190: Non-Dwelling Rental:</u> This account should be credited with the rents, other than tenants rents reported in line 3110 and 3115, including charges for utilities and equipment, billed to lessees of non-dwelling facilities as well as apartments rented for non-dwelling purposes, such as social service programs.
- <u>3400:</u> Administrative Fee- MRVP/AHVP: This account should be credited with Administrative Fees to be received for the MRVP/AHVP Program. The MRVP/AHVP administrative fee is \$50.00 per unit per month, as of July 1, 2020.
- <u>3610: Interest on Investments Unrestricted:</u> This account should be credited with interest earned on unrestricted administrative fund investments.
- <u>3611: Interest on Investments Restricted:</u> This account should be credited with interest earned on restricted administrative fund investments. For example, an LHA may receive a grant whose use is restricted to a specific purpose, and the interest income earned on that grant may also be restricted to the same purpose.
- <u>3690: Other Operating Revenues</u>: This account should be credited with income from the operation of the project that cannot be otherwise classified. Income credits to this account include, but are not limited to, penalties for delinquent payments, rental of equipment, charges for use of community space, charges to other projects or programs for the use of central office management and maintenance space, commissions and profits from vending machines, including washing machines, and certain charges to residents for additional services, materials, and/or repairs of damage caused by neglect or abuse in accordance with the Department's regulations on lease provisions.
- <u>3691: Other Revenue Retained</u>: This account should be credited with certain miscellaneous revenue to be <u>retained</u> by the LHA, and which is not used to reduce the amount of operating subsidy the LHA is due. The most common examples for this account is receipts for the rental of roof antennas to cell phone providers and net meter credits earned on electricity bills from Net Meter Power Purchase Agreements (PPA's). Generally, surplus LHAs may retain 100% of these savings and deficit LHAs may retain 25% of the savings, with

the 75% balance used to offset its need for operating subsidy. However, for the period 7/1/16 through 6/30/20, all deficit LHAs may keep 100% of the net meter credit savings, while they can keep 50% effective 7/1/2020.

3692: Other Revenue - Operating Reserves: This account should be credited with funds that LHAs plan to utilize from their operating reserve accounts in excess of the Allowable Non-Utility Expense Level (ANUEL). To be approvable, LHA must maintain the DHCD prescribed operating reserve minimum level after deducting the amount budgeted. The only exception to this is when the expenses are for health and safety issues.

3693: Other Revenue – Net Meter: This account should normally be credited with 75% of the total net meter credit savings realized by a deficit LHA, while surplus LHAs with net meter credit savings would enter \$0 here. Savings are calculated as the value of the net meter credits appearing on the LHA's electric bills (or, in some cases, paid in cash to the LHA by their utility company), minus the cost of the payments made to the solar power developer under their Power Purchase Agreement (PPA). Deficit LHAs normally may retain 25% of the savings. That amount should be included as Other Revenue – Retained on line #3691. However, please note that for the period 7/1/16 through 6/30/20 all LHAs may retain 100% of their total net meter credit savings, and should report those savings as Other Revenue – Retained on line #3691. LHAs can keep 50% of savings effective 7/1/2020.

<u>3801</u>: Operating Subsidy – DHCD (400-1): This account represents all state-funded operating subsidy to be received and or to be earned for the fiscal year. At the end of each fiscal year, this account will be adjusted in the operating statement to equal the actual subsidy earned by the LHA.

3802: Operating Subsidy – MRVP/AHVP Landlords:

The credit balance in this account represents the anticipated total receipts from DHCD during the fiscal year for housing assistance payments to landlords. At the end of each fiscal year this account will be adjusted to equal the actual subsidy earned.

<u>3920: Gain/Loss from Sale or Disposition of Property (Capitalized or Non-Capitalized):</u> The debit or credit balance of this account represents the following items: a) Cash proceeds from the sale of property that was either: 1) non-capitalized; or 2) capitalized and has been fully depreciated, and b) Realized gain or loss from the sale or disposition of capitalized properly that has not been fully depreciated.

4110: Administrative Salaries: This account should be charged with the gross salaries of LHA personnel engaged in administrative duties and in the supervision, planning, and direction of maintenance activities and operating services during the operations period. It should include the salaries of the executive director, assistant executive director, accountants, accounting clerks, clerks, secretaries, project managers, management aides, purchasing agents, engineers, draftsmen, maintenance superintendents, and all other employees assigned to administrative duties.

<u>4120: Compensated Absences:</u> The debit balance in this account represents the actual cost incurred during the fiscal year for vacation, paid holidays, vested sick leave and earned compensatory time. This account includes both the direct compensated absences cost and associated employer payroll expenses (employment taxes, pension cost, etc.).

<u>4130:</u> <u>Legal Expense:</u> This account should be charged with retainers and fees paid to attorneys for legal services relating to the operation of the projects.

- 4140: Compensation to Authority Members: A local authority may compensate its members for performance of their duties and such other services as they may render to the authority in connection with its Chapter 200 development(s). Compensation for any other program is not authorized. Because of this, LHAs must base such compensation only on the actual rent receipts for these developments plus a prorated share of other operating receipts of funds on a per unit basis. The precise amount that members may be compensated is defined by statute to a maximum of \$40 per member per day, and \$50 for the chairperson per day. The total of all compensation to all board members is not to exceed two percent (2%) of actual gross income of Chapter 200 developments in any given year, consistent with the approved budget amount. In no case shall the payment of compensation exceed \$12,500 annually for the chairperson, or \$10,000 for any member other than the chairperson. Please note the statute requires the member to perform housing authority business in order to receive compensation.
- <u>4150</u>: <u>Travel and Related Expense</u>: <u>Legitimate travel expenses incurred by board members and staff in the discharge of their duties for any **state-aided program** are reimbursable from this account, as consistent with Department policy.</u>
- 4170: Contractual Accounting Services: Fees for accounting services that are provided routinely and are contracted for on an annual basis. Only accounting services performed on a contractual basis (fee accountant) should be included in this item. Full or part-time LHA accounting staff that provides routine accounting services should be included in Account 4110, Administrative Salaries.
- <u>4171:</u> Audit Costs: This account includes the state program's prorated share of audit fees paid to an Independent Public Accountant (IPA). The procurement of an IPA is necessary to satisfy the Federal Government's audit requirements. Costs for these services should be shared with all state and federal programs of LHA. **Audit costs are to be absorbed within the ANUEL.** The new Agreed Upon procedures (AUP) audit costs for state-assisted public housing programs should also be included in this account.
- <u>4180:</u> Penalties and Interest: Any expenses incurred from penalties, fees, and interest paid on delinquent accounts shall be included in this line item.
- <u>4190:</u> Administrative Other: This account is provided for recording the cost of administrative items for which no specific amount is prescribed in this 4100 group of accounts. It includes, but is not limited to, the cost of such items as: reports and accounting forms; stationery and other office supplies; postage; telephone services; messenger service; rental of office space; advertising for bids; publications; membership dues; collection agency & court costs, training costs; management fees, and fiscal agent fees.
- 4191: Tenant Organization: LTO Funding by the LHA. Upon request the LHA shall fund all LTOs in a city or town at the annual rate of \$6.00 per state-aided public housing unit occupied or available for occupancy by residents represented by such LTO(s) or an annual total of \$500.00 prorated among all such LTO(s), whichever is more. For more information on the creation and funding of LTOs see 760 CMR 6.09.

Authorities which operate computer learning centers, which are funded by the state consolidated budget or by other sources (which are typically recorded in line #3691 as "Other Revenue Retained", should budget the cost of the centers on this line.

<u>4310:</u> Water: This account should be charged with the cost of water and sewer charges purchased for all purposes.

<u>4320: Electricity</u>: This account should be charged with the total cost of electricity purchased for all purposes. Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off- site solar electricity-generating site. In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased or in some cases receives a direct cash payment from their utility company. Please ensure that the amount charged to this account is the total cost of electricity BEFORE any reductions due to the receipt of net meter credits.

4330: Gas: This account should be charged with the cost of gas (natural, artificial, or liquefied) purchased for all purposes.

<u>4340</u>: Fuel: This account should be charged with the cost of coal, fuel oil, steam purchased, and any other fuels (except electricity and gas) used in connection with Local Housing Authority operation of plants for the heating of space or water supplied to tenants as a part of rent.

<u>4360: Net Meter Utility Debit/Energy Conservation:</u> This account is to be charged with costs incurred for energy conservation measures.

4390: Other Utilities: This account should be charged with the cost of utilities which are not provided for in accounts 4310 through 4360. In addition, for all quarterly or year-end operating statements 9/30/20 or later, and all budgets 6/30/21 or later, please use this line to record the total net meter credits earned as reported in Line 4392, MINUS the Solar Operator Costs reported in Line 4391, with the result expressed as a positive number. For example, if you reported -\$20,000 in Net Meter Utility Credits in Line 4392 and \$15,000 in Solar Operator Costs in Line 4391, you would subtract the \$15,000 reported on Line 4391 from the -\$20,000 reported on Line 4392, and post the remainder of \$5,000 on Line 4360, as a positive number. This number essentially represents the "net" savings the LHA earned from its net meter credit contract.

<u>4391: Solar Operator Costs:</u> Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off-site solar electricity-generating site. The LHA makes regular (usually monthly) payments to the developer for its contracted share of the solar electricity produced by the site. Those payments should be entered in this account.

4392: Net Meter Utility Credit (Negative Amount): As noted in account #4391 above, many LHAs have executed Net Meter Credit Power Purchase Agreements (PPA's). In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased from the developer, which reduces the balance on its electric bill, or, in some cases, the credits are paid in cash to the LHA by the utility company. The total gross amount of the net meter credits that appear on the LHA's utility bills should be carried in this account and entered as a negative number. In cases where credits are paid in cash to the Host LHA, the net balance after paying out the amounts due the participating housing authorities, should also be carried in this account and entered as a negative number.

<u>4410: Maintenance Labor:</u> This account should be charged with the gross salaries and wages, or applicable portions thereof, for LHA personnel engaged in the routine maintenance of the project.

<u>4420</u>: <u>Materials & Supplies</u>: This account should be charged with the cost of materials, supplies, and expendable equipment used in connection with the routine maintenance of the project. This includes the operation and maintenance of automotive and other movable equipment, and the cost of materials, supplies, and expendable equipment used in connection with operating services such as janitorial services, elevator services, extermination of rodents and household pests, and rubbish and garbage collection.

<u>4430: Contract Costs:</u> This account should be charged with contract costs (i.e. the cost of services for labor, materials, and supplies furnished by a firm or by persons other than Local Authority employees) incurred in connection with the routine maintenance of the project, including the maintenance of automotive and other movable equipment. This account should also be charged with contract costs incurred in connection with such operating services as janitorial services, fire alarm and elevator service, extermination of rodents and household pests, rubbish and garbage collection, snow removal, landscape services, oil burner maintenance, etc.

<u>4510: Insurance:</u> Includes the total amount of premiums charged all forms of insurance. Fire and extended coverage, crime, and general liability are handled by DHCD on a statewide basis. All other necessary insurance policies include: Workers' Compensation, boiler, vehicle liability and owner, etc.

4520: Payments in Lieu of Taxes:

This account should be charged with all payments in lieu of taxes accruing to a municipality or other local taxing body.

<u>4540</u>: Employee Benefits: This account should be charged with local housing authority contributions to employee benefit plans such as pension, retirement, and health and welfare plans. It should also be charged with administrative expenses paid to the State or other public agencies in connection with a retirement plan, if such payment is required by State Law, and with Trustee's fees paid in connection with a private retirement plan, if such payment is required under the retirement plan contract.

Employee benefits are based upon a given percentage of the total payroll; therefore, the total amount approved in this account will be based on the approved budgeted salaries representing the state's fair share.

<u>4541: Employee Benefits - GASB 45: This line covers "Other Post-Employment Benefits"</u> (OPEB). Of the total benefits offered by employers to attract and retain qualified employees, some benefits, including salaries and active-employee healthcare are taken while the employees are in active service, whereas other benefits, including post-employment healthcare and other OPEB are taken after the employees' services have ended. Nevertheless, both types of benefits constitute compensation for employee services. In accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

<u>4542: Pension Expense – GASB 68:</u> The primary objective of GASB 68 Statement is to improve accounting and financial reporting for pension costs. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. As with account 4541 above, in accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

- <u>4570</u>: Collection Loss: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents. Note: Do not include losses from fraud/retroactive balances here. Report them in Account 4571 Collection Loss Fraud/Retroactive.
- <u>4571: Collection Loss Fraud/Retroactive:</u> The balance in this account represents the estimated expense to cover unexpected losses for tenant rents due to unreported income, i.e. fraud/retroactive balances.
- <u>4580</u>: Interest Expense: The debit balance in this account represents the interest expense paid and accrued on loans and notes payable. This debt can be from operating borrowings or capital borrowings.
- <u>4590:</u> Other General Expense: This account represents the cost of all items of general expenses for which no specific account is prescribed in the general group of accounts.
- 4610: Extraordinary Maintenance Non-Capitalized: This account should be debited with all costs (labor, materials and supplies, expendable equipment (such as many tools or routine repair parts), and contract work) of repairs, replacements (but not replacements of non-expendable equipment), and rehabilitation of such a substantial nature that the work is clearly not a part of the routine maintenance and operating program. The items charged to this account should not increase the useful life or value of the asset being repaired. These items are not capitalized and are not added as an increase to fixed assets at the time of completion. Nor are these items depreciated. An example of this would be scheduled repainting of apartments.
- <u>4611: Equipment Purchases Non-Capitalized:</u> This account should be debited with the costs of equipment that does not meet the LHA's criteria for capitalization. Because these items are being expended when paid, they should not be categorized as a fixed asset and therefore will not be depreciated. These items include stoves, refrigerators, small tools, most computers and software, etc.

The budget is a planning tool and as our portfolio ages it is essential that LHAs evaluate their properties annually and plan for extraordinary maintenance. To that end DHCD very strongly recommends that for all 400-1 operating budgets, depending on the age of the portfolio and condition, LHAs spend between \$100 and \$500 a year per unit in Extraordinary Maintenance, Equipment Purchases, Replacement of Equipment, and Betterments & Additions to ensure that the aging public housing stock is preserved.

- <u>4715</u>: Housing Assistance Payments: This account should be debited with all housing assistance payments paid to landlords for the MRVP program on a monthly basis.
- <u>4801:</u> <u>Depreciation Expense:</u> This account should be debited with annual fixed asset depreciation expenses as determined by the LHA's capitalization policy.
- <u>7520</u>: Replacement of Equipment Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment purchased as a replacement of equipment of substantially the same kind. These items, such as vehicles, computers, or furniture, meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life.
- <u>7540</u>: Betterments & Additions Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment and major non-routine repairs that are classified as a betterment or addition. These items meet the LHA's criteria for capitalization and will also be added to fixed

Annual Plan
Operating Budget

Standard Account Explanations

assets and therefore depreciated over the useful life of the asset. Examples are: major roof replacement, structural repairs such as siding, or major paving work.

In accordance with GAAP accounting, inventory purchases (Replacement of Equipment and Betterments & Additions) are distinguished between capitalized and non-capitalized items. Any inventory or equipment purchase greater than \$5,000 is required by DHCD to be capitalized, inventoried and depreciated. Any inventory or equipment purchase costing \$1,000 to \$4,999 should be inventoried by LHA staff for control purposes only but is not subject to capitalization or depreciation, it is, however, required to be expensed when the items are paid for. An LHA's inventory listing should include both capitalized and non-capitalized items of \$1,000 and more, as well as all refrigerators and stoves of any value. All items that appear on the inventory listing should be tagged with a unique identification number, and all refrigerators and stoves (regardless of value) should be tagged. LHAs may adopt a capitalization policy that capitalizes inventory purchases at a lesser amount than the \$5,000 requirement (i.e. \$1,000 - \$4,999); however, no capitalization policy can have an amount higher than \$5,000. Any inventory or equipment purchases costing \$0 to \$999 are to be expensed when paid for.

Annual Plan 2022

PMR Narrative Responses

Narrative Responses to the Performance Management Review (PMR) Findings

DHCD has cancelled publication of Performance Management Reviews for fiscal years ending 3/31/2020 through 12/31/2020 due to disruptions of normal operations in response to the COVID-19 virus. Therefore, there are no ratings included in this report.

Explanation of PMR Criteria Ratings

CRITERION	DESCRIPTION		
Management			
Occupancy Rate	The rating is calculated using the following formula: (Total Number of Occupied units on Monthly Report divided by (Total Number of Units Minus Units that Received a Waiver Minus Number of Units Vacant less than 30 days on Monthly Report) • "No Findings": Occupancy Rate is at or above 98% • Operational Guidance: Occupancy rate is at 95% up to 97.9% • Corrective Action: Adjusted occupancy rate is less than 95%		
Tenant Accounts Receivable (TAR)	This criterion calculates the percentage of uncollected rent and related charges owed by starting with the amount reported by the LHA, as uncollected balances for the TAR (Account 1122 from the Balance Sheet) minus Normal Repayment Agreements* divided by Shelter (Tenant) Rent (account 3110 from the Operating Statement) • "No Findings": At or below 2% • "Operational Guidance": More than 2%, but less than 5% • "Corrective Action": 5% or more		
Certifications and Reporting Submissions	Housing authorities are required to submit 4 quarterly vacancy certifications by end of the month following quarter end; 4 quarterly operating statements and 4 Tenant Accounts Receivable (TAR) reports within 60 days of quarter end. • "No Findings": At least 11 of the required 12 reports were submitted and at least 9 were submitted on time. • "Operational Guidance": Less than 11 of the required 12 reports were submitted and/or less than 9 were submitted on time.		
Board Member Training	Percentage of board members that have completed the mandatory online board member training. • "No Findings": 80% or more completed training • "Operational Guidance": 60-79.9% completed training • "Corrective Action": <60 % completed training		

CRITERION	DESCRIPTION	
Financial		
Adjusted Net Income	The Adjusted Net Income criterion calculation starts with an LHA's Net Income and subtracts Depreciation, GASB 45 (Retirement Costs), GASB 68 (Retirement Costs), Extraordinary Maintenance (maintenance expense outside of routine/ordinary expenses), and Equipment Purchases – Non Capitalized. This Adjusted Net Income amount is then divided by the Total Expenses of the LHA. If this Adjusted Net Income amount is positive, it mean underspending and if it is negative it means overspending. Underspending Rating: "No Findings": 0 to 9.9% "Operational Guidance": 10 to 14.9% "Corrective Action": 15% or higher	
	Overspending Rating: • "No Findings": 0 to -4.9% • "Operational Guidance": -5% to -9.9% • "Corrective Action": -10% or below	
Operating Reserves	Current Operating Reserve as a percentage of total maximum reserve level. Appropriate reserve level is buffer against any unforeseen events or expenditures.	
	 "No Findings":35%+ of maximum operating reserve "Operational Guidance": 20% to 34.9% of maximum operating reserve "Corrective Action": <20% of maximum operating reserve 	
Capital Planning		
Capital Improvement Plan (CIP) Submitted	 Housing authorities are required to submit a five-year capital plan every year. "No Findings" =Submitted on time and no modifications required or modifications made within 45 days. "Operational Guidance" =Up to 45 days late and no modifications required or modifications made within 45 days. "Corrective Action" =More than 45 days late or modifications required and not completed within 45 days. 	
Capital Spending	Under the Formula Funding Program (FF), authorities receive undesignated funds to spend on projects in their Capital Improvement Plan. They are rated on the percentage of available funds they have spent over a three-year period • "No Findings" = at least 80% • "Operational Guidance" = At least 50% • "Corrective Action" = Less than 50%	

CRITERION	DESCRIPTION	
Health & Safety		
Health & safety violations	DHCD has observed conditions at the LHA's developments and reported health and safety violations. The LHA has certified the number of corrected violations in each category.	
Facility Management - Inspections		
Unit Inspections Conducted	Housing authorities are required to conduct inspections of all their occupied units at least once a year • "No Findings": 100 % of sampled units had inspections conducted once during the year • "Corrective Action": Fewer than 100% of sample units were inspected during the year	
Inspections Report	Housing authorities are required to note all of the deficiencies found during inspections • "No Findings": 100 % of deficiencies are noted on inspection report • "Corrective Action": Fewer than 100% of deficiencies are noted in inspection report	
Inspection Work Order	Housing authorities are required to generate work orders for all deficiencies noted during inspections • "No Findings": 100 % of deficiencies noted on inspection reports generated work orders • "Corrective Action": Fewer than 100% of deficiencies noted on inspection reports generated work orders	
Work Order System	Work order system identifies, tracks, and can produce reports for inspection work orders. • "No Findings": Inspection work orders are identified, tracked, and reportable • "Operational Guidance": Inspection work orders are not identified, and/or tracked, and/or reportable	
Inspections Work Orders Completed	Inspection work orders were completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or included in the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue). • "No Findings": Sampled inspection work orders were completed within 30 days of inspection date or added to deferred maintenance plan and/or CIP • "Operational Guidance": Sampled inspection work orders were completed within 31 to 45 calendar days of inspection date and not added to deferred maintenance plan or CIP • "Corrective Action": Sampled inspection work orders were completed in over 45 calendar days of inspection date	

CRITERION	DESCRIPTION			
Facility Management				
– Work Order System				
Emergency Work Orders Properly Defined	 Emergency work orders should be defined per Property Management Guid identified, tracked, reportable. "No Findings": Emergency work orders defined per Property Managem Guide, identified, tracked, reportable "Operational Guidance": Emergency work orders are not defined per Property Management Guide, and/or identified, and/or tracked, and/or reportable 			
Emergency Work Orders Initiation	 Emergency work orders should be initiated within 24 to 48 hours. "No Findings": Emergency work orders initiated within 24-48 hours "Corrective Action": Emergency work orders not initiated within 24-48 hours 			
Vacancy Work Orders	Vacancy work orders should be identified, tracked and reportable. • "No Findings": Vacancy work orders identified, tracked AND reportable • "Corrective Action": Vacancy work orders are not identified, and/or tracked, and/or reportable			
Vacancy Work Orders Completed	Vacancy work orders should be completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver. • "No Findings": Vacancy work orders are completed within 30 calendar days or if not completed within timeframe, LHA has a waiver • "Operational Guidance": Vacancy work orders completed within 31-60 calendar days • "Corrective Action": Vacancy work orders completed 61+ calendar days			
Preventive Maintenance Program	Housing authorities are required to maintain a comprehensive preventive maintenance program in which preventive work orders are identified, tracked, and reportable. • "No Findings": A comprehensive preventive maintenance program exists and work orders are identified, tracked and reportable • "Corrective Action": A comprehensive preventive maintenance program does not exist OR work orders are not identified and/or tracked and/or reportable			
Routine Work Orders	Routine work orders should be identified, tracked, reportable and completed regularly. • "No Findings": Routine work orders identified, tracked, reportable and completed regularly • "Operational Guidance": Routine work orders are not identified, and/or tracked and/or reportable, and/or completed regularly			

CRITERION	DESCRIPTION		
Requested Work Orders	Requested work orders should be identified, tracked and reportable. • "No Findings": Requested work orders identified, tracked, reportable and completed regularly • "Operational Guidance": Requested work orders are not identified and/or tracked and/or reportable, and or completed regularly		
Requested Work Orders Completion	Requested work orders should be completed in 14 calendar days from the date of tenant request or if not completed within that timeframe (and not a health or safety issue), the task should be added and completed in a timely manner as a part of the Deferred Maintenance Plan and/or CIP. • "No Findings": Requested work orders are completed within 14 calendar days of tenant request OR added to deferred maintenance plan and/or CIP • "Operational Guidance": Requested work orders are completed within 15 30 calendar days from the date of tenant request • "Corrective Action": Requested work orders are completed in over 30 calendar days from the date of tenant request OR not completed		
Emergency Response System	Housing authorities should have a 24 Hour Emergency Response System and distribute Emergency Definition to Residents, Staff, and Answering Service (if applicable). • "No Findings": A 24-hour system for responding to emergencies exists AND definitions of emergencies have been distributed to staff, residents and answering service, if applicable • "Operational Guidance": System exists, but no definition has been distributed • "Corrective Action": Neither a system nor distributed definitions exist

^{*} Starred policies are required by DHCD. Policies without a "Latest Revision" date are not yet in force.

The list of policies has been provided by the LHA and has not been verified by DHCD.

Waivers

Lowell Housing Authority has received the following waivers from DHCD's regulations. This list does not include vacancy waivers, pet waivers, or any waivers that would release personally identifiable tenant or applicant data.

Description	Reason	Date Waiver Approved by DHCD	Date Expired
Waiver to leave RCAT	Lowell HA met all the required criteria for a waiver, and successfully demonstrated that it can manage its capital and maintenance operations without outside technical assistance from the RCAT	05/16/2019	06/30/2022

The list of waivers has been provided by the LHA and has not been verified by DHCD.

Glossary

ADA: Americans with Disabilities Act. Often used as shorthand for accessibility related issues or improvements.

AHVP: Alternative Housing Voucher Program

Alternative Housing Voucher Program provides rental vouchers to disabled applicants who are not elderly and who have been determined eligible for Chapter 667 (elderly and disabled) housing.

Allowable Non-Utility Expense Level (ANUEL) is the amount of non-utility expense allowed for each local housing authority based upon the type(s) of housing programs administered.

ANUEL: Allowable Non-Utility Expense Level

AP: Annual Plan

Annual Plan: A document prepared by each Local Housing Authority, incorporating the Capital Improvement Plan (CIP), Maintenance and Repair Plan, Budget, responses to the Performance Management Review, and other elements.

Cap Share is the amount of Formula Funding spending approved by DHCD for each year.

Capital Funds: Funds provided by DHCD to an LHA for the modernization and preservation of state-aided public housing, including Formula Funds and Special Capital Funds.

Capital Needs Assessment, similar to the CIP, often used for developments in the Section 8 New Construction/Substantial Rehabilitation program. Such developments are generally not eligible for state capital funds and therefore do not participate in the CIP process. However, to track their ongoing capital needs and plan for construction projects to address those needs, they often conduct a CNA to determine when building systems will wear out and need to be replaced, and what replacement will cost, so they can plan the ensure that the necessary funding will be available

Capital Projects are projects that add significant value to an asset or replace building systems or components. Project cost must be greater than \$1000.

CIMS is a web-based software system used for creating CIP's and Annual Plans. For the CIP, the CIMS program allows the LHA to prioritize, select and schedule projects, assign funding sources and direct project spending to specific fiscal years to create a CIP that is consistent with the LHA's FF award amount and FF cap shares, plus any additional funding resources the LHA has identified. The LHA submits its CIP and DHCD conducts its review of the LHA's CIP in CIMS. For the Annual Plan CIMS imports data from other DHCD systems and combines that with data entered by the LHA.

CIP: A Capital Improvement Plan (CIP) is a five (5) year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The contents of a CIP are limited to available resources. An approved CIP is required in order to receive Formula Funds.

CNA: Capital Needs Assessment

CPS is DHCD's transparent Web-based capital planning system that catalogues the condition of every building and site in the statewide public housing portfolio, providing LHAs with detailed technical information to make strategic long-term capital investments. It includes a Facility Condition Index (FCI) for every development that compares the value of expired components of a development relative to its replacement cost.

Deferred Maintenance is maintenance, upgrades, or repairs that are deferred to a future budget cycle or postponed for some other reason. Sometimes it is referred to as extraordinary maintenance.

Deficit housing authority: a housing authority whose income (mainly from rent) does not cover all its normal operating costs in its approved operating budget, and which therefore operates at a deficit and requires operating subsidy from DHCD.

DHCD: Massachusetts Department of Housing & Community Development

Extraordinary Maintenance: see the description for budget line 4610 in the Explanation of Budget Accounts in the Budget Section of this Annual Plan.

FF: Formula Funding

Formula Funding is state bond funding allocated to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

FYE: Fiscal Year End

HHA Administrative Fee is the fee paid to an HHA from the RCAT Program budget.

HHA: Host Housing Authority for the RCAT program.

Host Housing Authority (HHA). An LHA selected by the Department to employ and oversee an RCAT.

HUD: U.S. Department of Housing and Urban Development

LHA: Local Housing Authority

LTO: Local Tenants Organization

Management and Occupancy Report: This is an annual HUD review process that is used to evaluate the performance of developments in various HUD housing programs, including the Section 8 New Construction/Substantial Rehabilitation program, which some LHAs operate. It is similar to the state PMR process in that it evaluates LHA performance on variety of financial, housing quality, and other standards

Massachusetts Rental Voucher Program (MRVP) is a state-funded program that provides rental subsidies to low-income families and individuals.

MOR: Management and Occupancy Report

MRVP: Massachusetts Rental V DHCD's annual review of each housing authority's performance. It pulls together data on the authority's occupancy rates, tenant accounts receivables, accounts payable, budget variance, operating reserve, capital improvement plan submission, capital spending, annual inspections and work order and maintenance systems to identify and address areas of strength and areas for development. Its goal is to allow DHCD and the LHA to

take a deep dive into the data, lift up best practices, and work together towards improving operations oucher Program.

Performance Management Review (PMR):

PMR: Performance Management Review

RCAT: Regional Capital Assistance Team

Regional Capital Assistance Team: One of three organizations employed at HHAs designated by the Department to carry out the RCAT Program.

Sec.8 NC/SR (or S8NCSR): Section 8 New Construction and Substantial Rehabilitation

- Section 8 New Construction and Substantial Rehabilitation (Sec.8 NC/SR): This term refers to a federal HUD housing program operated at a small number of state public housing developments whose construction was funded by state grants, but whose ongoing operating costs are supported by project-based subsidies from HUD's federal Section 8 program, rather than from state public housing operating funds..
- **Special Awards**: In addition to allocations to each LHA, DHCD has created limited set aside funds to provide for extreme emergency or code compliance needs which are beyond the capacity of an LHA's current FF balance.
- **Surplus housing authority:** a housing authority whose income (mainly from rent) covers all its normal operating costs in its approved operating budget, and which therefore operates at a surplus and does not require operating subsidy from DHCD.

PUBLIC HEARING FOR THE LOWELL HOUSING AUTHORITY'S STATE ANNUAL PLAN JUNE 9, 2021, 4:00 PM

MEETING MINUTES

The meeting was called to order by Lowell Housing Authority Chairman, Philip L. Shea. Chairman Shea indicated that the public hearing was being held to discuss the State Annual Plan for the Authority. A sign-in sheet was completed for staff attendance. There were no public participants at the meeting. A roll call was taken for the Commissioners present:

In attendance: Commissioner Var, Vice Chairman McMahon, Chairman Shea, Commissioner Bernes

Chairman Shea asked when the report has to be submitted to the Department of Housing and Community Development, and if the plan could be delayed and deferred to the Executive Subcommittee for further discussion if necessary. Ms. Maciejewski explained that the report has to be submitted by the end of July, and could be delayed if necessary to the July meeting.

Chairman Shea recognized Mary Ann Maciejewski, Special Projects Coordinator to discuss the State Annual Plan for FY 2022. Ms. Maciejewski explained that that this is the second year of the Annual Plan, which is diminished due to COVID-19. Most notably, the plan does not contain a performance management review. Ms. Maciejewski explained that the Plan has been accessible through the required 45-day comment period. The agency did not receive any public comments or questions.

Ms. Maciejewski provided highlights of the plan. Ms. Maciejewski explained that Archie Kenefick Manor, now know as Concord River Mill has been removed from the report from last year. Ms. Maciejewski references page 2. In 2020, the agency decided that Archie Kenefick Manor would be managed internally without State assistance. This property is no longer part of the state portfolio. There are 155 vouchers consisting of both tenant and project-based vouchers, and Department of Public Health vouchers.

Referencing page 3, Ms. Maciejewski reported that the Commissioners and terms of the Commissioners have been updated, except for Vice Chairman McMahon, who is in holdover by the State.

Ms. Maciejewski highlighted the Capital Improvement Plan listed in Section 2.1-CIP Overview, page 1 of 4. This section provides a description of capital funds, including formula funding, LHA emergency reserves, DMH and ADA set asides, which is part of the CIP budget. This budget was previously approved from last year.

On page 3 of 4, Ms. Maciejewski explained that there are addition notes on the funding, particularly two major LHA state projects. The first is the Modernization to Independence funding, which is being utilized at 40-58 Dublin Street for the federalization of 10 units. 94 windows have been replaced at that location. Also included are kitchen and bath renovations which our out to bid, paving and fencing, and door replacements.

At 600 Lakeview Avenue the ModPHASE grant is being implemented. ModPHASE stands for Modernizing Public Housing and Supporting Elders. At this location there will be a unit converted to a handicap

accessible unit. Kitchen and bathrooms will be renovated, and the units will receive new appliances. There are services also tied to the grant, provided by Elder Services and the Senior Center to bring resources to the residents living at the property.

Units will also be constructed at 594 Lakeview Avenue. Mr. Goldfield explained that there will be a ramp at both apartments at 594 Lakeview, along with landscaping and water control projects at that location.

Chairman Shea explained that Lakeview Avenue is an aging property, and the agency seems to struggle to keep up with site improvements. Ms. Maciejewski explained that the buildings are aging but stressed that the residents that live at Lakeview Avenue love their homes, and this ModPHASE grant is a step to make improvements for residents living in the units.

Chairman Shea referenced Ms. Maciejewski's introductory statement on page 1. Chairman Shea asked about the level of staff input from the Public and Leased Housing Program offices, particularly Alisen Purtell, Tha Chhan, and Kevin Forsley. Ms. Maciejewski explained that Alisen Purtell, Assistant Chief of Admissions Officer and Tha Chhan, the Chief Admissions Officer is a part of the plan, however she compiles the information that is provided by these staff members. Sherry Giblin, CFO, Adam Garvey, Assistant Executive Director, and Gary Wallace, the agency's Executive Director all provide input in the formulation of the Plan prior to public comment. Chairman Shea thought that there should be a discussion within the report with input from staff. Ms. Maciewski explained that the agency has to follow the state format for the plan, so adding additional information might not be accepted by the State. The State requests the Plan in their standardized form.

Ms. Maciejewski referenced Section 2.1. page 4. This section provides Capital Improvement Plan definitions and the 5-year Capital Plan.

Chairman Shea referenced Section 8, page 7 of the Maintenance Report in which the average time to lease up a unit is 292 days. Ms. Maciejewski explained that the data in this section is generated by the State. The 292 days is not as it appears. In the family develops the agency operates a transitional housing program. The agency receives referrals from DHCD for people who are living in shelter. They are referred to Lowell for placement in the Lowell Housing Authority's vacant units. The agency has 8 transitional housing program (THP) units. When a client moves in, there is a 9-month period in which the resident has not leased the unit, but this time is used to provide the resident with services for stabilization. If in a 9-month period, the family may enter into a lease as an official leaseholder with the Lowell Housing Authority. These clients are exempt from the reporting system; however, the days are still being accrued as part of the data. These numbers reflect the number of days a resident is living in the unit, prior to entering into a lease agreement. Ms. Maciejewski explained that she has contacted the state regarding the accrual of days and is unable to change the process with respect to the state reporting system.

Mark Briere, State Property Manager further clarified that the units are not vacant for 292 days. The State requires the agency to report these THP units as vacant, even though a resident is living in the unit. This is a State reporting glitch.

Chairman Shea asked Gary Wallace, Executive Director if he is satisfied with the report. Mr. Wallace is satisfied with the report.

Chairman Shea explained that for the public record he would like to have Tha Chhan, Chief Admissions Officer comment on the Plan. Mr. Chhan explained that he works closely with Mary Ann Maciejewski to develop the Plan to project the number of units and vacancies from the Leased Housing Program. Mr. Chhan explained that under the State portfolio the Leased Housing Program has 155 units, which fluctuates depending on the programs within the portfolio. The 155 vouchers are broken down into 6 different programs. 36 vouchers are under the Massachusetts Rental Voucher Program (MRVP) for mobile vouchers, in which residents can move with the voucher. 27 are MRVP project-based vouchers based on the state formula, 23 MRVP project-based vouchers with supportive services, 4 vouchers at MassMill on Bridge Street, and the rest are Department of Mental Health (DMH) vouchers. The Housing Authority works closely with DMH and the service provider Vinfen to lease these units.

A motion to accept the Plan for submission to DHCD was made by Commissioner Var and seconded by Commissioner Bernes.

Yeas: Commissioner Var, Vice Chairman McMahon, Chairman Shea, Commissioner Bernes

Resident Surveys - Background

Since 2016 DHCD has been working with the Center for Survey Research (CSR) at the University of Massachusetts Boston to survey residents in the state public housing units it oversees. The surveys are confidential, mailed directly to the residents and returned to the Center by mail (or, starting in 2019, completed on-line). CSR surveys residents of elderly/disabled units (also known as c. 667 developments) and family units (also known as c. 705 and c. 200 developments).

During each round, all individual residents are mailed surveys, with one exception: in the case of the twelve housing authorities with more than 225 c. 200 family units, a randomly selected group of 225 residents was surveyed at each housing authority. This group was determined to be large enough to generate statistically useful results. In both rounds, responses from c.200 and c.705 residents are always combined together.

Round One Surveys (2016 – 2018)

In Round One of the surveys, CSR surveyed residents of elderly/disabled developments (c. 667) in three groups in the Fall of 2016, 2017 and 2018. CSR surveyed residents of family units (c. 705 and c. 200 developments) in the Spring of 2016. (Note: there are many more c. 667 units, so they were broken down into three groups).

Notes re: Round One Surveys

- 1. Generally, if there were at least twenty responses from residents of an authority's c.667 units or from their c.200/705 units, then there is a separate report for that program.
- 2. To protect resident confidentiality, survey results are generally reported ONLY for authorities that had at least twenty total resident responses from their combined c.667/200/705 residents. Therefore, authorities that didn't have twenty responses do not have a published survey report.

Round Two Surveys (2019 – 2022)

Round Two of the surveys began in 2019. CSR surveyed about one-third of the elderly/disabled residents in Fall 2019 and all of the family residents in Fall 2020. We expect the remaining elderly/disabled residents to be surveyed in Fall 2021 and Fall 2022.

Notes re: Round Two Surveys

- 1. We refined our reporting methodology and will issue survey results for any program (c. 667 or c. 200/705) meeting these requirements:
 - o 8-19 completed surveys received, if the response rate is at least 40%
 - o 20-29 completed surveys received, if the response rate is at least 20%
 - 30+ completed surveys received, if the response rate is at least 15%
- 2. Responses from the family units will not be combined with responses from elderly/disabled units as they were in Round One. Since the variance between the results of the elderly/disabled and family programs was sometimes significant, combining the two was determined to yield less accurate results.

ACCOMPLISHMENTS MADE IN FY 2020

Over the course of the last year, all maintenance and administrative functions of the Lowell Housing Authority have been modified due to the COVID-19 Pandemic. In an effort to ensure the safety of our residents and staff, the LHA took the following actions:

- Created a dedicated COVID-19 Resource page on our website.
- Provided our residents and staff with a COVID-19 Fact Sheet, issued by the Center for Disease Control and translated into Spanish and Khmer.
- Established cleaning and sanitizing procedures in all common areas, utilizing a third-party vendor.
- Provided safety equipment to all staff members working on site.
- Maintained communication with the Department of Housing and Community Development.
- Coordinated vaccine sites with the Department of Public Health for LHA residents.

We continue to monitor the pandemic and hope to resume normal maintenance and administrative functions in the coming months.

In 2020, the LHA was awarded a grant in the amount of \$70,000 for the State Self-Sufficiency Program. This innovative program will provide employment, education and asset-building support to residents living in State Public Housing and participants of the Massachusetts Rental Voucher Program. As participants increase their earned income, which will result in a rent increase, the difference between the baseline rent and increased rent amount will be placed in an escrow account, established on their behalf. Participants are permitted to utilize these funds to further their educational, employment and asset-building goals.

Also in 2020, the LHA was awarded the Resident Service Coordinator Grant in the amount of \$120,000 (\$40,000) annually, by the Department of Housing and Community Development. The Resident Service Coordinator will help to provide wrap-around services to 128 residents living in our Chapter 667 and Chapter 705 developments. The Resident Service Coordinator's work will center around three (3) areas of need. These include health and wellness, financial literacy and services for elderly and disabled residents as identified by our community needs assessment. The LHA believes that the addition of a Resident Service Coordinator at our State Housing locations will provide the support needed to allow them to age within the community, and will have a positive impact on the well-being of our residents.

RECORDING OFFICER'S CERTIFICATION

I, the undersigned, duly appointed, qualified and Secretary of the Lowell Housing Authority, do hereby certify:

THAT the below extract from the minutes of the Annual Meeting of the members of the Lowell Housing Authority Board of Commissioners, held on **June 9, 2021**, is a true and correct copy of the original minutes of said meeting on file and of record, insofar as said original minutes relate to the matter set forth in said extract; and

THAT on the date of the meeting, each member present and voting was a resident of the City of Lowell, Massachusetts; THAT notice of a special meeting was duly filed at least 48 hours prior to such meeting thereto, excluding Saturdays, Sundays and legal holidays with the Clerk of the City of Lowell, Massachusetts, in accordance with the requirements of Sec 20, Chapter 30A of the General Laws, as amended (Acts of 2009, Ch. 28, sec. 20).

Extract of Meeting Minutes

7.1.1 MOTION TO ACCEPT THE LOWELL HOUSING AUTHORITY'S PROPOSED STATE ANNUAL PLAN AND CAPITAL IMPROVEMENT PLAN FOR FISCAL YEAR 2022

A motion to approve was made by Vice Chairman McMahon and seconded by Commissioner Bernes

A roll call vote was taken with the following results:

Yeas: Vice Chairman McMahon, Chairman Shea, Commissioner Var, Commissioner Bernes

Nays: 0

The Chairperson declared the motion carried and the vote adopted.

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of said Authority this 9th day of June 2021

Dr. Gary K. Wallace, Secretary

SEAL
