

Overview and Certification

Dartmouth Housing Authority Annual Plan for Fiscal Year 2025 For State-Aided Public Housing

The Annual Plan is a document compiled by housing authority staff in advance of each new fiscal year. The plan serves as both a tool for the Local Housing Authority (LHA) to reflect upon the prior fiscal year, and as an opportunity to develop a clear and transparent plan that builds on successes, identifies needs, and corrects any issues that have arisen in prior years. Additionally, the Annual Plan is an important tool for tenants, who may use the document to better understand the operations and needs of their housing authority, advocate for changes to policies and procedures, access data about the housing authority, and participate in their housing authority's governance.

In addition to the physical document, the Annual Plan is also a process of public engagement. Throughout the Annual Plan process, the LHA executive director or their designee will be expected to review the Plan with any Local Tenant Organizations (LTO's) and Resident Advisory Board (RAB) before the LHA presents the plan to the LHA Board of Commissioners; make a draft available for review to all residents and the general public; post on the website and make a copy available to each LTO at least 30 business days before the public hearing; hold a hearing on the document; and collect, integrate, and report back on substantive comments. Additionally, the Board will read, offer recommendations, and approve the Annual Plan in advance of its submission to DHCD.

The law that mandates the Annual Plan is [An Act Relative to Local Housing Authorities, Massachusetts General Laws, Chapter 121B Section 28A](#). The regulation that expands upon Section 28A is [760 CMR 4.16](#). The regulations that address Local Tenant Organization (LTO) and resident participation in the Annual Plan are [760 CMR 6.09 \(3\)\(h\)](#) and [760 CMR 6.09\(4\)\(a\)\(4\)](#).

The Dartmouth Housing Authority's Annual Plan for their 2025 fiscal year includes the following components:

1. Overview and Certification
2. Capital Improvement Plan (CIP)
3. Maintenance and Repair Plan
4. Operating Budget
5. Narrative responses to Performance Management Review (PMR) findings
6. Policies
7. Waivers
8. Glossary
9. Other Elements
 - a. Public Comments and LHA Responses
 - b. Cover sheet for tenant satisfaction surveys
 - c. Tenant Satisfaction Survey 667 Program

Overview and Certification**State-Aided Public Housing Developments**

The following table identifies the state-aided public housing units with developments of more than 8 units listed separately. Units in developments of 8 or fewer units are aggregated as noted. Units that the LHA provides to assist clients of the Department of Mental Health (DMH), the Department of Developmental Services (DDS), or other agencies are also aggregated separately.

Dev No	Type	Development Name	Num Bldgs	Year Built	Dwelling Units
667-01	Elderly	SOL-E-MAR 667-01	10	1967	44
Total			10		44

The following development(s) operate under a combination of state and federal requirements, including HUD's Section 8 New Construction and Substantial Rehabilitation Program (see the Glossary for a program description).

Dev No	Type	Development Name	Num Bldgs	Year Built	Dwelling Units
667-02	Elderly	MUNROE TERRACE 667-02	10	1979	80

Federally Assisted Developments

Dartmouth Housing Authority also manages Federally-assisted public housing developments and/or federal rental subsidy vouchers serving 281 households.

LHA Board of Commissioners

	<u>Role</u>	<u>Category</u>	<u>From</u>	<u>To</u>
David Brodeur	Member	State Appointee	04/02/2018	03/31/2026
Broc Cordeiro	Treasurer		06/30/2021	07/01/2026
Elaine Lancaster	Vice-Chair		04/01/2014	03/31/2024
Lori Logan			04/01/2023	04/01/2028
Michael Mattos	Chair		04/02/2018	03/31/2028

Plan History

The following required actions have taken place on the dates indicated.

REQUIREMENT		DATE COMPLETED
A.	Advertise the public hearing on the LHA website.	01/16/2024
B.	Advertise the public hearing in public postings.	01/16/2024
C.	Notify all LTO's and RAB, if there is one, of the hearing and provide access to the Proposed Annual Plan.	N/A
D.	Post draft AP for tenant and public viewing.	01/16/2024
E.	Hold quarterly meeting with LTO or RAB to review the draft AP. (Must occur before the LHA Board reviews the Annual Plan.)	N/A
F.	Annual Plan Hearing. Hosted by the LHA Board, with a quorum of members present. (For Boston, the Administrator will host the hearing.)	03/11/2024
G.	Executive Director presents the Annual Plan to the Board.	03/11/2024
H.	Board votes to approve the AP. (For Boston Housing Authority, the Administrator approves and submits the AP.)	03/11/2024

Certification

CERTIFICATION OF LHA USER AUTHORIZATION FOR DHCD CAPITAL SOFTWARE AND HOUSING APPLICATIONS

I, Robbie A DeSouza, Management Agent of the Dartmouth Housing Authority, certify on behalf of the Housing Authority that I have conducted an annual review of all Dartmouth Housing Authority users of DHCD Capital Software applications and Housing Applications and that all current LHA users are authorized to use the systems and have the appropriate level of user access based on their job responsibility. I approve all system access and access levels for all Dartmouth Housing Authority users.

This certification applies to the following applications:

- Capital Planning System (CPS)
- Consolidated Information Management System (CIMS)
- Cap Hub
- DHCD Housing Management Systems

CERTIFICATION FOR SUBMISSION OF THE ANNUAL PLAN

I, Robbie DeSouza, Management Agent of the Dartmouth Housing Authority, certify on behalf of the Housing Authority that: a) the above actions all took place on the dates listed above; b) all facts and information contained in this Annual Plan are true, correct and complete to the best of my knowledge and belief and c) that the Annual Plan was prepared in accordance with and meets the requirements of the regulations at 760 CMR 4.16 and 6.09.

The Board and Executive Director further certify that LHA operations and all LHA Board-adopted policies are in accordance with M.G.L. c. 121B and all Massachusetts state-aided public housing regulations, including, but not limited to 760 CMR 4.00; 5.00; 6.00; 8.00; and 11.00, as well as adhere to Department-promulgated guidance.

Date of certification: 03/14/2024

This Annual Plan (AP) will be reviewed by the Department of Housing and Community Development (DHCD) following the public comment period, the public hearing, and LHA approval.

Capital Improvement Plan (CIP)**Capital Improvement Plan****DHCD Description of CIPs:**

The Capital Improvement Plan (CIP) is a five year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The CIP identifies anticipated spending for each Department of Housing and Community Development (DHCD) fiscal year (July 1 to June 30) based on the project schedules.

Local Housing Authorities (LHAs) receive yearly awards from DHCD (Formula Funding Awards) which they target to their most urgent capital needs in their CIP. They may also receive special awards from DHCD for specific projects which meet specific criteria. Special awards may be given for certain emergency, regulation compliance, energy and water conservation, and other projects. The first three years of the CIP are based on actual awards made to the LHA, while years four and five are based on estimated planning amounts, not actual awards.

LHAs may sometimes secure other sources of funding and assistance that you will note in their CIP, such as: Community Preservation Act (CPA) funding, Community Development Block Grant (CDBG) funding, Local Affordable Housing Trust Funds (AHTF), HOME grants, income from leasing a cell tower on their property, savings from net meter credit contracts with solar developers, utility rebates and contracted work from utility providers, and Sheriff's Department work crews. However, not all of these funding sources are available every year, or in all communities.

The CIP includes the following parts:

- A table of available funding sources and amounts
- A list of planned capital projects showing spending per fiscal year
- A table showing special awards and other funding for targeted projects, if any, which supplements Formula Funding awarded to the LHA
- A 'narrative' with a variety of additional information.

Capital Improvement Plan (CIP)**Aggregate Funding Available for Projects in the First Three Years of the CIP:**

Category of Funds	Allocation	Planned Spending	Description
Balance of Formula Funding (FF)	\$336,763.21		Total of all FF awards minus prior FF spending
LHA Emergency Reserve	\$33,676.32		Amount to reserve for emergencies
Net FF Funds (First 3 Years of the CIP)	\$303,086.89	\$307,044.18	Funds to plan & amount actually planned in the first 3 years of the CIP
ADA Set-aside	\$2,030.32	\$1,088.00	Accessibility projects
DMH Set-aside	\$0.00	\$0.00	Dept. of Mental Health facility
DDS Set-aside	\$0.00	\$0.00	Dept. of Developmental Services facility
Unrestricted Formula Funding (FF)	\$301,056.57	\$305,956.18	Funds awarded by DHCD to be used on projects selected by the LHA and approved by DHCD.
Special DHCD Funding	\$39,667.37	\$39,667.37	Targeted awards from DHCD
Community Development Block Grant (CDBG) Funds	\$0.00	\$0.00	Federal funds awarded by a city or town for specific projects.
Community Preservation Act (CPA) Funds	\$0.00	\$0.00	Community Preservation Act funds awarded by a city or town for specific projects.
Operating Reserve(OR) Funds	\$0.00	\$0.00	Funds from the LHA's operating budget.
Other Funds	\$0.00	\$0.00	Funds other than those in the above categories. See explanation below.
Total funds and planned spending	\$342,754.26	\$346,711.55	Total of all anticipated funding available for planned projects and the total of planned spending.

Capital Improvement Plan (CIP)**CIP Definitions:**

ADA Set-aside is funding allocated within the Formula Funding (FF) for use on projects that improve accessibility for people with disabilities. 10% of FF awards are designated for this purpose.

Available State Bond Funding is the amount of State Bond Funding available to the LHA for the first three years of the CIP. It is calculated by totaling all of FF and Special Awards granted to the LHA through the end of the third year of the plan and subtracting the amount of these funds spent prior to July 1 of the first year of the plan.

Amount spent prior to the plan is the total amount of Formula Funding (FF) and Special Awards spent prior to July 1 of the first year of the plan.

Capital project is a project that adds significant value to an asset or replaces building systems or components. Project cost must be greater than \$1000.

CDBG stands for Community Development Block Grant, a potential source of project funds.

CPA stands for Community Preservation Act, a potential source of project funds.

CapHub Project Number is the number given to projects entered into DHCD's project management system known as CapHub.

DMH Set-aside is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Mental Health (DMH) program vendors, if any exist at this LHA.

DDS Set-aside is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Developmental Services (DDS) program vendors, if any exist at this LHA.

Formula Funding (FF) is an allocation of state bond funds to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

Operating Reserve is an account, funded from the LHA operating budget, primarily used for unexpected operating costs, including certain extraordinary maintenance or capital projects.

Other Funds could include other funding by the city or town or from other sources.

Special Awards are DHCD awards targeted to specific projects. Award programs include funds for emergencies beyond what an LHA can fund, for complying with regulatory requirements, for projects that will save water or energy use, and various other programs the department may run from time to time.

Total Cost is the sum of investigation, design, administration, permitting, and construction costs for a project

Unrestricted Formula Funding (FF) is money awarded to the LHA by DHCD under the Formula Funding program other than amounts set aside (restricted) for accessibility improvements or for facilities operated by DMH or DDS.

Capital Improvement Plan (CIP)**Regional Capital Assistance Team**

Dartmouth Housing Authority participates in the Regional Capital Assistance Team (RCAT) program and project implementation responsibilities are as follows:

- o For projects with construction cost under \$10,000, the LHA has the sole responsibility to initiate, implement and manage the project. RCAT offers technical assistance upon request.
- o For projects with construction cost between \$10,000 and \$100,000 the RCAT will have lead responsibility to initiate, implement and manage the project with both DHCD and LHA involvement and oversight throughout the process. For projects in this range, the LHA will work with the RCAT Project Manager who will contact the LHA to initiate projects.
- o For projects with construction cost over \$100,000, or projects below that threshold that are complex or have a subsequent phase that exceeds \$100,000 construction cost, DHCD will take the lead and draft a WO or RFS to hire a designer to prepare plans and specs. RCAT will not be involved in the implementation of projects in this range and the LHA will continue to work directly with the DHCD Project Manager and DHCD design staff.

Capital Improvement Plan (CIP)

Formula Funding and Special DHCD Award Planned Spending - Other funding not included

Cap Hub Project Number	Project Name	Development(s)	Total Cost	Amount Spent Prior to Plan	Remaining Planned for 2024	fy2025 Planned	fy2026	fy2027	fy2028	fy2029

Capital Improvement Plan (CIP) Narrative

Including Requests to DHCD & Supporting Statements

1. Request for increased spending flexibility.

DHCD designates a spending target (cap share) and an allowable spending range for each year of the CIP. A Housing Authority may request to shift the cap shares of the first three years in order to increase scheduling flexibility. A CIP utilizing this flexibility is called an Alternate CIP. The total spending over three years and over five years must continue to meet the limits set by DHCD. DHCD will approve an Alternate CIP only with acceptable justification and only if funding is available.

Dartmouth Housing Authority has submitted an Alternate CIP with the following justification:

- Projected spending on projects currently in bidding or construction exceeds Cap Share in one or more years of the CIP.
- We have urgent projects that require excess spending in year 1 or 2.

The current roof project #072072 exceeds the spending in the first year. We also have urgent projects that require excess spending in year 1 or 2.

2. Request for additional funding.

A Housing Authority may request additional funding from DHCD for projects that qualify as emergencies, required legal compliance upgrades, or sustainability improvements.

Dartmouth Housing Authority has requested \$56,609.00 in DHCD Compliance Reserve funding for project #072-667-01-010-18-396, ADA Bathroom Upgrade (Community Center). Reason: Existing bathroom with the Community Center are not handicapped accessible. The current bathrooms are in need of improvements and rather than to upgrade than as is the LHA preference would be for them to be accessible.

Dartmouth Housing Authority has requested \$85,759.00 in DHCD Sustainability funding for project #072-667-01-0-24-164, Stove Replacement. Reason: There are 35 stoves that need to be replaced. Converting gas to electric stoves for energy efficiency..

Dartmouth Housing Authority has requested \$32,276.00 in DHCD Sustainability funding for project #072-667-01-0-24-165, Refrigerator Replacement. Reason: There are 22 refrigerators that need to be replaced within the Sol-E-Mar 667-1 development. Replace with energy efficient refrigerators.

3. Overall goals of the Housing Authority's CIP

The goal of this Capital Plan is to continue to maintain safe and sanitary housing. We are continuing to maintain the roofs, interiors (baths and kitchens) and mechanical/sewer system evaluations as needed.

4. Changes from the Housing Authority's previous CIP

Every new CIP differs from the previous CIP because projects have been completed and a new year has been added with new projects. These changes and other significant changes to the content of the CIP are highlighted below:

New projects have been included in this plan to address building envelope and accessibility. A project to address the Community Building flooring has been created and the accessibility bathroom project has been moved up to the first year to bring them up to ADA code. Stove and refrigerator projects have been added as well to convert to more energy efficient appliances. SUST funding has been requested for those two projects.

5. Requirements of previous CIP approval

There were no special conditions attached to the approval of our previous CIP.

6. Quarterly capital reports

Our most recent quarterly capital report (form 80 and 90) was submitted on 11/28/2023.

7. Capital Planning System (CPS) updates

Our CPS facility data has been updated with current condition information, including changes resulting from projects completed in the past year, as of 01/16/2024.

8. Project priorities

All the projects in our CIP are high priority (Priority 1 and 2 projects).

9. High priority deficiencies

We have not been able to include all of our high priority (CPS priority 1 and 2) projects in our CIP:

Will be addressed as funding allows.

10. Accessibility

We have identified the following accessibility deficiencies in our portfolio:

The community center bathroom is not accessible. This development currently does not have an accessible unit.

We have incorporated the following projects in our CIP to address accessibility deficiencies:

There has been a project in the CIP for two years in the outer years to create an accessible bathroom within the center and elaborate on the scope within the other areas of the building if the budget allows. This project has been moved to the first year and is requesting CR funding. There is a project to create a fully accessible unit that is also included in the current CIP, which will be address as funding allows.

11. Special needs development

Dartmouth Housing Authority does not have a special needs (167 or 689 programs) development.

12. Energy and water consumption

Our 12 most recent monthly energy reports are for months 1/2023 to 12/2023.

The following table lists the DHCD thresholds for Per Unit Monthly (PUM) expense for electricity, natural gas, oil, and water use and the developments at the Housing Authority that have expenses in excess of the thresholds, if any.

	Electric PUM > Threshold	Gas PUM > Threshold	Oil PUM > Threshold	Water PUM > Threshold
Threshold PUM:	\$100	\$80	\$50	\$60

No developments exceed threshold values.

No developments exceed threshold values.

No developments exceed threshold values.

13. Energy or water saving initiatives

Dartmouth Housing Authority is not currently pursuing any energy or water-saving audits or grants that could affect CIP project scope, costs or timing of projects.

AP-2025-Dartmouth Housing Authori-00970 had an energy audit under the Low-Income Energy Affordability Network (LEAN) program on 06/29/2021

14. Vacancy rate

Our unadjusted vacancy rate reported to DHCD is as follows. (The unadjusted vacancy rate captured in these figures is the percentage of ALL housing units that are vacant, including both offline units being used for other purposes and units with DHCD vacancy waivers.)

0% c. 667 (DHCD Goal 2%)

0% c. 200 (DHCD Goal 2%)

0% c. 705 (DHCD Goal 2%)

Maintenance and Repair Plan

Maintenance Objective

The goal of good property maintenance at a public housing authority is to serve the residents by assuring that the homes in which they live are decent, safe, and sanitary.

About This Maintenance and Repair Plan

This Maintenance & Repair Plan consists of several subsections describing maintenance systems followed by charts showing typical preventive maintenance, routine maintenance, and unit inspection tasks and schedules. These subsections are:

- a. **Classification and Prioritization of Maintenance Tasks** - Defines and prioritizes types of work to be accomplished by maintenance staff and vendors. Explains how the housing authority is expected to respond to work orders (tasks or requests) based on the work order classification.
- b. **Emergency Response System** - Defines what constitutes an emergency and how to notify staff of an emergency.
- c. **Normal Maintenance Response System** - How to contact the maintenance staff for a non-emergency request.
- d. **Work Order Management** - Description of the housing authority's system for managing work orders (tasks and requests).
- e. **Maintenance Plan Narrative & Policy Statement** - Self-assessment, basic information, and goals for the coming year, along with a description of the housing authority's maintenance program.
- f. **Preventive Maintenance Schedule** - A listing and schedule of tasks designed to keep systems and equipment operating properly, to extend the life these systems and equipment, and to avoid unexpected breakdowns.
- g. **Routine Maintenance Schedule** - A listing and schedule of ordinary maintenance tasks such as mopping, mowing, raking, and trash collection required to keep the facilities in good condition.
- h. **Unit Inspections** - Scheduling of annual unit inspections.

Classification and Prioritization of Maintenance Tasks

Maintenance items are tracked as “work orders” and are classified in the following categories. They are prioritized in the order listed. The following classifications and prioritization are required by the Department of Housing and Community Development (DHCD).

- I. **Emergencies** - Emergencies are only those conditions which are **immediately threatening** to the life or safety of our residents, staff, or structures.
 - **Goal: initiated with 24 to 48 hours.**
- II. **Vacancy Refurbishment - Work necessary to make empty units ready for new tenants.**
 - After emergencies, the refurbishment of vacancies for immediate re-occupancy has the highest priority for staff assignments. **Everyday a unit is vacant is a day of lost rent.**
 - **Goal: vacancy work orders are completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver.**
- III. **Preventive Maintenance** - Work which must be done to **preserve and extend the useful life** of various elements of your physical property and avoid emergency situations.
 - A thorough Preventive Maintenance Program and Schedule that deals with all elements of the physical property is provided later in the document.
 - The Preventive Maintenance Program is reviewed and updated annually and as new systems and facilities are installed.
- IV. **Programmed Maintenance** - Work which is important and is completed to the greatest extent possible within time and budget constraints. Programmed maintenance is grouped and scheduled to make its completion as efficient as possible. Sources of programmed maintenance include:
 - Routine Work includes those tasks that need to be done on a regular basis to keep our physical property in good shape. (Mopping, Mowing, Raking, Trash, etc.)
 - Inspections are the other source of programmed maintenance.
 - o Inspections are visual and operational examinations of parts of our property to determine their condition.
 - o All dwelling units, buildings and sites must be inspected at least annually.
 - o **Goal: Inspection-generated work orders are completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).**
- V. **Requested Maintenance** - Work which is requested by residents or others, does not fall into any category above, and should be accomplished as time and funds are available.
 - Requests from residents or others for maintenance work which does not fall into one of the other categories has the lowest priority for staff assignment.
 - **Goal: Requested work orders are completed in 14 calendar days from the date of tenant request or if not completed within that timeframe (and not a health or safety issue), the task is added and completed in a timely manner as a part of the Deferred Maintenance Plan and/or CIP.**

Emergency Request System

For emergency requests call the numbers listed here. Qualifying emergency work requests are listed below.

METHOD	CONTACT INFO.	TIMES
Call LHA at Phone Number	508-994-1424	8:30 AM - 4:00 PM
Other	774-930-6100	Nights, weekends and holidays/Maintenance

List of Emergencies - Emergencies are those conditions which are immediately threatening to the life or safety of our residents, staff, or structures. The following is a list of typical conditions that warrant an emergency response. If there is an emergency condition whether or not enumerated on this list please notify the office or answering service at the numbers listed above. If you have any questions regarding this list or other matters that may constitute an emergency, please contact the Dartmouth Housing Authority main office.

QUALIFYING EMERGENCY WORK REQUESTS
Fires of any kind (Call 911)
Gas leaks/ Gas odor (Call 911)
No electric power in unit
Electrical hazards, sparking outlets
Broken water pipes, flood
No water/ unsafe water
Sewer or toilet blockage
Roof leak
Lock outs
Door or window lock failure
No heat
No hot water
Snow or ice hazard condition
Dangerous structural defects
Inoperable smoke/CO detectors, beeping or chirping

Normal Maintenance Request Process

Make normal (non-emergency) maintenance requests using the following methods:

Work Order Management

A. DHCD review of this housing authority's operations shows that the authority uses the following system for tracking work orders:

Type of work order system:

Work order classification used:

Emergency	
Vacancy	
Preventative Maintenance	
Routine	
Inspections	
Tenant Requests	

B. We also track deferred maintenance tasks in our work order system.

C. Our work order process includes the following steps:

Step	Description	Checked steps are used by LHA
1	Maintenance Request taken/submitted per the standard procedures listed above for the Emergency Request System and the Normal Maintenance Request Process.	<input checked="" type="checkbox"/>
2	Maintenance Requests logged into the work system	<input checked="" type="checkbox"/>
3	Work Orders generated	<input checked="" type="checkbox"/>
4	Work Orders assigned	<input checked="" type="checkbox"/>
5	Work Orders tracked	<input checked="" type="checkbox"/>
6	Work Orders completed/closed out	<input checked="" type="checkbox"/>
7	Maintenance Reports or Lists generated	<input checked="" type="checkbox"/>

D. Additional comments by the LHA regarding work order management:

PHA Network

Maintenance Plan Narrative

Following are Dartmouth Housing Authority's answers to questions posed by DHCD.

- A. Narrative Question #1: How would you assess your Maintenance Operations based on feedback you've received from staff, tenants, DHCD's Performance Management Review (PMR) & Agreed Upon Procedures (AUP), and any other sources?

We have an amazing Maintenance Staff at the Dartmouth Housing Authority. Our residents are pleased with the services they receive.

- B. Narrative Question #2: What changes have you made to maintenance operations in the past year?

The Dartmouth Housing Authority made our senior maintenance employee the Maintenance Supervisor. We also increased our other full-time maintenance employees' hours from 35 to 40 per week. Our current maintenance department has three (3) forty-hour week employees, and one (1) part-time employee that works 10 hours per week.

- C. Narrative Question #3: What are your maintenance goals for this coming year?

The Dartmouth Housing Authority is planning on going to an answering service this year and this is the most reliable way to make sure our residents' emergencies are handled promptly. At Munroe Terrace, we want to give the outside of each building attention to the siding. At Sol E Mar we want to update some of the underground sewage, put fencing around the dumpster, and update the Community Center flooring.

D. Maintenance Budget Summary

The budget numbers shown below are for the consolidated budget only. They do not include values from supplemental budgets, if any.

	Total Regular Maintenance Budget	Extraordinary Maintenance Budget
Last Fiscal Year Budget	\$112,542.00	\$30,500.00
Last Fiscal Year Actual Spending	\$99,204.00	\$575.00
Current Fiscal Year Budget	\$122,796.00	\$35,550.00

E. Unit Turnover Summary

# Turnovers Last Fiscal Year	5
Average time from date vacated to make Unit "Maintenance Ready"	0 days
Average time from date vacated to lease up of unit	0 days

Attachments

These items have been prepared by the Dartmouth Housing Authority and appear on the following pages:

Preventive Maintenance Schedule - a table of preventive maintenance items showing specific tasks, who is responsible (staff or vendor), and the month(s) they are scheduled

Deferred Maintenance Schedule - a table of maintenance items which have been deferred due to lack of resources.

DARTMOUTH HOUSING AUTHORITY

Preventative Maintenance Procedures and Policies

INTRODUCTION

It is the objective of the Dartmouth Housing Authority in preparing this Preventative Maintenance Guide, to provide a system where basic principles for organizing and managing maintenance operation in a public housing authority can easily be outlined and adapted by Maintenance Staff. The guide is intended for use in a wide range of housing authority areas and outlines the minimum procedures in each area to address maintenance functions.

Physical Facility

The Dartmouth Housing Authority maintains its facilities with the care and concern of the public, the residents, the employees. Each area provides a different role in delivering and receiving services of the Management and Maintenance Staff of the Authority. The responsibility for maintaining the physical aspects of the facilities is not the job of the maintenance staff alone.

Administrative and Management

The Board of Commissioners and the Executive Director have designed policies and procedures that encourage resident cooperation and understanding. In addition, penalties have been put into place for residents who are negligent or abuse property. Through the oversight and interaction with residents, staff and maintenance personnel, reconsideration or designs of new policies are considered an ongoing process that has a general beneficial effect on the physical facilities and the well being of those who reside in the facilities.

Resident Admissions

Employees involved with resident admissions clearly support the maintenance efforts by doing proper applicant screening for non-economic criteria. It is their responsibility to weed out through the screening process those applicants with a history of destruction of property, poor housekeeping habits and/or social problems that could result in property damage or greatly affect the environment of the community. Additionally, this department must have appropriate applicants ready to lease units when the maintenance department finishes preparing vacant units for reoccupancy. Unoccupied vacant units invite vandalism which results in costly repairs.

This guide is intended to outline the steps taken by the Dartmouth Housing Authority in managing its maintenance operation and will address the following areas:

- a. Timely response/resolution by maintenance staff to emergencies
- b. Preventative Maintenance Programs, which include:
 - 1. Annual Inspections/Repairs
 - 2. Regular servicing of mechanical systems
 - 3. Regular servicing of equipment
 - 4. Regular inspection and upkeep of building/grounds
- c. Work Order System
- d. Procedure for repairing and returning vacant units to occupancy within the acceptable time frame of 15 business days.
- e. A routine maintenance program including regular janitorial services
- f. Minimal backlog of maintenance work orders
- g. Maintenance work force:
 - 1. Training
 - 2. Staffing
 - 3. Supervision
 - 4. Utilization
- h. Quality Control
- i. Inventory
- j. Resident Charges
- k. Budgeting
- l. Capital Needs Evaluation
- m. DHA Maintenance of Vehicles & Equipment

A. TIMELY RESPONSE/RESOLUTION BY MAINTENANCE STAFF TO EMERGENCIES

It is the intent of the Dartmouth Housing Authority to respond to all emergencies as quick as possibly upon notification. Maintenance staff has been instructed that information relative to an emergency situation will take precedence over all routine work. The DHA on-call system addresses evening, weekend and holiday emergency calls in the manner outlined in our Call Service Policy (2/12/2007).

1. Smell of odor or gas
2. Water that cannot be shut off
3. No heat

B. PREVENTATIVE MAINTENANCE PROGRAMS:

1. Annual Inspections-see Policy adapted 01/08/2007.
2. Regular Servicing of Mechanical Systems

A Preventative Maintenance program will ensure that the DHA can plan, direct and control provisions that require maintenance services. With the information, the DHA can anticipate and plan expenditures while maintaining all physical facilities (buildings, grounds, public areas, service systems and living units).

In an effort to do this the following Preventative Maintenance Contractors are publicly solicited and contracts awarded annually to the most qualified bidders:

1. Fire Alarm Testing
2. Rubbish Removal

For details on the Instruction to Bidders and the Request for Proposals, please refer to the DHA's Contract and Bid file.

All Maintenance Staff are required during their normal routine, to report immediately all deficiencies or maintenance problems to their Supervisor. Any item which poses an immediate threat to the health and safety of residents or to DHA property are required to be reported to the Executive Director.

While performing their daily routine, throughout the course of each day, Maintenance personnel are informed of their responsibility to observe and report unusual conditions in the areas listed on Page 6.

By instructing Maintenance Staff of the importance of “an overall awareness” of the condition and status of DHA facilities and property, it is anticipated that the public, residents, and supervisory staff will be informed of existing conditions and ongoing developments.

It is the philosophy of the Dartmouth Housing Authority, to promote an atmosphere of open communication at all levels in its operation. The agency strongly believes this is the key to successful management and is routinely reinforced by the Executive Director.

Routine Observations expected by Maintenance Staff

Maintenance Staff are required to report “anything out of the ordinary” to the Executive Director. The following is not a checklist but areas where observations should be acute.

Daily:	Entrance to buildings Walkways to buildings Security (locks/latches etc.) Windows Exterior Defects due to rains, wind, snow Debris Public Restrooms Electricity Boiler Room (hot water) Vehicles (Maintenance) Cleaning Supplies Vehicles (Residents/Visitors) Parking (Lot condition & use by Residents, Visitors, Vendors) General activity of Residents & Visitors in their overall use of public and common areas Unusual activities of residents/guests General Condition of Common Areas Stock Maintenance Materials & Supplies
Weekly:	Fire Equipment (alarms, extinguishers) Lawn Equipment – condition
Monthly:	Maintenance equipment – condition
Yearly:	Carpet Condition Interior Walls - condition Exterior Walls – condition Grounds overall Capital Improvement List

3. Regular Service of Equipment

The following is a general guide for Maintenance Personnel in regular service of equipment and up keep of property condition.

WEEKLY/MONTHLY

1. Weekly-Vacuum all floors
2. Weekly-Dry mop, damp mop, spray and buff laundry room and clean walls of any other spots.
3. Weekly-Clean glass in community room as needed
4. Weekly-Clean filters in clothes dryers
5. Weekly-Clean kitchen floors and counter tops in community room
6. Semi-Weekly-Dust sills and wood work as needed
7. Alternate order of sewage pump operation/monthly

QUARTERLY

1. Test 25% of the fire alarm systems – contracted service scheduled by Maintenance Supervisor
2. Inspect boilers as needed
3. Dust fans in community room as needed
4. Check sewer ejector system

SEMI-ANNUALLY

1. Fertilize lawns and grounds if budgeted and as needed
2. Snake out main drain lines-contract services, as needed
3. Annual-Lubricate blowers, fans, motors and circulators as needed
4. Dry mop and dust interiors stairwells as necessary, more frequently if time available

BI-ANNUAL

1. Pump out sewer ejector chamber.

4. Regular Inspection and Upkeep of Building and Grounds

The following indentifies the areas and generally describes the routine followed by the Dartmouth Housing Authority to address maintenance items and work schedules for maintenance staff. It should be noted that these tasks are not assigned to specific maintenance staff person but are shared duties. Deviation from this program is subject to seasonal conditions, such as snow removal, emergency weather conditions, lawn care and number of vacancies. In addition, it should be noted that schedules may vary due to vacations which may result in less man hours available to perform the work planned. The outline below deals with ideal situation without the aforementioned conditions.

DAILY

1. Check and clean trash rooms as needed.
2. Check and clean debris from laundry rooms
3. Check rest rooms and clean as needed
4. Check boiler room for temperature rising, circulators, condensation, etc.
5. Perform Work Orders and non-routine repairs assigned
6. Check grounds for debris and pick up as necessary
7. Vacuum and/or dry mop lobby as necessary
8. Assist or perform work in vacant unit

WEEKLY

1. Mop bathrooms, clean toilets and mirrors
2. Mop lobby and dust
3. Dry mop and damp mop laundry
4. Dry mop , damp mop, community room
5. Clean glass in lobby
6. Pest control as needed
7. Service tractors, lawnmower and snow blowers as required and log on sheet (depending on the season)
8. Clean boiler room as needed
9. Check stairwells and clean debris
10. Alternate boilers running if required
11. Clean garage of any debris

YEARLY

1. Check conditions of catch basins/storm drains. Arrange to have cleaned out as needed
2. Inspect all units; this includes stairwells, boiler rooms and back yards
3. Replace batters in the Fall with change of clocks or at inspection time (depending on the time of the year inspections are done)
4. Vehicle inspection (February)
5. Reset all timers (March and November)
6. Touch up all common area paint
7. Fire extinguisher annual inspection (January)
8. Ready lawn equipment for the season (March)
9. Inspect trees and trim as needed
10. Shut down boilers (June 15th)
11. Restart boilers (September 15th)
12. Clean and disinfect dumpsters (July)
13. Ready snow equipment (November)

C. WORK ORDER SYSTEM

This category of work refers to all “resident generated” work requests that do not fall into any other categories. These are the non-emergency calls which resident’s make seeking maintenance services to correct a problem in a unit or on the site. They are not planned for and often cannot be anticipated until the request is formally placed with management.

By definition, these requested work assignments are short-term and usually can be addressed by an on-site staff person. These resident generated requests may include follow-up calls for pest control services or for repairs that become necessary between annual living unit inspections, such as broken windowpanes or clogged drains.

These requests are placed into the maintenance workload through the normal work order intake process. Many resident generated work orders will fall into high priority categories. The Dartmouth Housing Authority has an emergency category to address these cases and systematically reviews daily work orders generated by office personnel to maintain continuity in servicing residents.

D. PROCEDURE FOR REPAIRING AND RETURNING UNITS TO OCCUPANCY

• DAY ONE

Administration

1. Notification of move out reported to DHA Program Assistant
2. Confirmation with instructions forwarded to vacating tenant with copy to Maintenance Department (by means of a move out inspection)
3. Management received keys to unit
4. Work Order issued to inform Maintenance Department
5. Information recorded on Vacancy Log
6. Management evaluates Waiting List Pool and determines next placement

Maintenance Department

Upon Receipt of Work Order:

1. Begins preparation for revamping apartment.

- DAY TWO

- Maintenance

1. Inspection is conducted to identify all deficiencies
2. Estimate is made of skills, time, material and equipment required to correct deficiencies
3. Observation of unit condition and rehab work needed are converted into work instructions to personnel and onto inspection report
4. Coordinate with outside contractors for required work.

- DAY THREE to COMPLETION

- Administration

1. Management prepares for receipt of completed inspection report by Maintenance Staff. Preparation includes:
 - a. Tenant Folder
 - b. Calculation of Rent Share
 - c. Lease Documents
 - d. Tenant Acknowledgement
 - e. DHA/Prospective Tenant Inspection Date
2. Upon completion and acceptance of unit by prospective tenant, Management performs the following duties:
 - a. Enters information into Computer
 - b. Collects prorated rent
 - c. Adds Tenant onto DHA registers and distributes
 - d. Enters move in date on Vacancy Log

Maintenance

Day two to completion, work in progress is monitoring through observations and/or reports by maintenance personnel.

COMPLETION

1. Verification of all Work Items repaired
2. Inspection report completed and submitted by Maintenance Personnel/or Supervisor

E. REGULAR AND ROUTINE JANITORIAL SERVICES

Within Section B of this policy, the Dartmouth Housing Authority identified the routine tasks performed by maintenance personnel, which includes routine and regular janitorial duties. These tasks are assigned to all personnel.

These tasks would include:

1. Rubbish Removal in Office Areas
2. Vacuuming in all buildings
3. Window Washing – lower only
4. Dusting
5. Cleaning janitorial areas
6. Cleaning and maintaining community rooms

F. MINIMIZING BACKLOG OF MAINTENANCE WORK ORDERS

Administrative Staff provides assistance in minimizing backlog and unnecessary work orders in the following manner.

1. The DHA Maintenance and Executive Director meet on a regular bases to address concerns of maintenance items. On these occasions, the Executive Director and Maintenance develop or design resident notices or instruction sheets for residents on the proper operation of DHA equipment located in units (i.e. stoves, refrigerators).

Other areas addressed in memo form to residents must include:

1. Proper trash disposal
2. Proper use of laundry machines
3. Proper use and responsibility of the user of Community Room space
4. Information on Parking Regulations

5. Instituting a Parking Sticker System
6. Regulating Tenant belongings in common areas
7. Restricting pets from building

In addition to the above items, the Executive Director and Maintenance also discuss the control and activities of outside contractors on the premises. Prior to work being performed these issues are discussed and procedures are put in place to minimize the degree of impact on the residents, the agency and the maintenance personnel.

2. Experienced staff instructs all new personnel on the Work Order Procedure. During this training new staff is trained on emergency and non-emergency items and the procedures for issuing a work order. New personnel is informed that if any work request is questionable, trained staff is available to assist.

The DHA has cell-phone communication with all key maintenance personnel. In the event that an issue or item arises, personnel has been trained to inform Maintenance immediately. By doing this and seeking the assistance of trained personnel or the Executive Director maintenance issues may be reduced and unnecessary work avoided.

3. The DHA has a computerized system for producing work orders. Periodically, staff is instructed to review the status of work orders in order to avoid a backlog or open-ended work order. If a work order cannot be fully completed due to unavailability of parts, or contract services are required, they are instructed to issue a new work order which would be directed to Maintenance. At the end of the year, the status of all work orders are reviewed by the Executive Director.

G. MAINTENANCE WORK FORCE

New Employees

The Authority makes every effort to employ individuals with experience in property management and/or maintenance management. The Authority seeks individuals with expertise in a given trade (i.e. electrical/plumbing), whenever it is recruiting maintenance personnel. Individuals with technical experience and a background in the trades, enhances the DHA's ability to train and oriented new employees.

The DHA Advertisement and job responsibilities clearly define the DHA's expectations from applicants as well as the scope of the job. However, recruitment does not always guarantee good results, therefore DHA requires a 90 day training and probationary period. During this time, work assignments are designed to determine the degree of capability of a new employee. As the individual demonstrates ability, more sophisticated tasks and work assignments are given and judgment is measured through performance.

Initially, all new maintenance personnel are assigned to work with existing personnel. Orientation is provided through the direct and daily supervision. Throughout this period, however, Maintenance and/or Executive Director provide overall goals and expectations for the new employee, along with an explanation of DHA policies and procedures.

Direct supervision has been delegated by the Executive Director to the DHA's Maintenance.

Maintenance Staff, Training & Reporting

Given the size of the agency, the Dartmouth Housing Authority exercises flexibility in its personnel. The work force includes both full-time and part time personnel, along with contracted services, where applicable.

Contracting services for the agency is more involved, given the size and number of units managed by the Administrative Staff. Contracted services are used at several sites and monitoring is the responsibility of Maintenance to ascertain whether or not the product or service is delivered.

The Dartmouth Housing Authority has taken effort to control the quality of both the Management and Maintenance of its physical facilities. This begins with personnel and includes active continuous follow up of actual work performance. Monitoring and correcting service delivery systems ensures that policies adopted by the Dartmouth Housing Authority are being followed in a manner which allows the agency to meet its performance goals and standards. This is done through:

- a. Assigning responsible staff duties which include monitoring the performance of individuals under their supervision
- b. Monitoring the degree of supervision under which the work is to be performed
- c. Recruitment
- d. Instruction and Training

I. INVENTORY

The Authority annually performs an inventory check on items purchased with a value of \$300.00 or more. All inventory is controlled and tagged by the Director who with the assistance of other staff, including maintenance, physically views all items within the value range and updates the inventory cards.

This information is kept on a permanent basis for auditing and accounting purposes. These records are contained in the Administrative office of the Authority in a secure location.

J. CHARGES TO RESIDENTS

From time to time, the Authority finds it necessary to assess tenants for damages. This will be based on current prices and Maintenance wage rates. In all cases, when the Authority has found it necessary to charge a resident, a "Bill for Damages" is sent to the resident.

Labor costs are based on the hourly rate of the Maintenance Labor, which is determined by the Department of Labor and Industries. These rates are subject to increase by the Department of Labor and Industries on an annual basis.

See Addendum A for sample price lists.

K. BUDGET

In order to effectively maintain the DHA facilities and anticipate mechanical equipment and structural needs, the DHA routinely includes its Maintenance Staff in the budget planning process. Input is required on the condition of the buildings, properties, equipment and stock. Through this process and planning, the Authority is able to project its costs on a short term and long term basis.

L. CAPITAL NEEDS EVALUATION

The Authority has also conducted an independent survey of its long-term capital needs. This effort demonstrates the Authority's interest in the capital investment made by the Commonwealth of Massachusetts, the Department of Housing and Urban Development and the Dartmouth Housing Authority.

The report generated by this survey conducted by On-site/Insight in November, 1992, provides the Authority with a planning tool for modernization needs over the next 20 years. With the information contained in this report, the Authority continues to develop its Long Term Goals.

M. ONGOING PREVENTATIVE MAINTENANCE OF DHA VEHICLES

Outside contractors perform routine maintenance of the DHA truck. General oil changes, fluid checks and minor repairs are performed on a regular basis. Operators of all DHA vehicles are informed that they must advise their immediate Supervisor of any irregularities. The following list represents a guide for Maintenance Employees:

Daily

Check tires, wear, pressure, etc.

Check frame and suspension: for loose bolts, cracks, etc.

Check parking brakes

Check safety lights
Fluid leaks
Steering column lock and starter safety switch
Check transmission shift indicator
Check instrument gauges, oil amperes, etc.
Check spare tire and jack

Monthly

Check fluid levels, crankcase, transmission, etc.
Check antifreeze, radiator rust inhibitor and thermostat
Check windshield washer fluid
Check belts, hoses
Check plugs, wiring, battery, clean and grease terminals as needed
Clean out air cleaner if necessary
Check carburetor hoses and linkage
Check wheel alignment and tire balance (uneven wear of tires)
Check heater and defroster
Check wiper blades for wear

THREE MONTHS OR 3,000 MILES

Change oil and filter
Grease fitting on chassis
Lube drive shafts, universal, linkages
Check fluid in master cylinder
Check fluid level in power steering unit
Lube front suspension and steering linkage
Adjust carburetor idle speed

YEARLY

7,500 miles or yearly rotate tires
Change transmission fluid and filter
Change air filter
Change rear axle fluid
Drain radiator and flush; check all hoses and cap. Also, clean outside radiator
Change fuel filter
Change spark plugs, adjust timing, and check distributor cap

**REVISED POLICY ADOPTED
March 18, 2013**

Dartmouth Housing Authority
2 Anderson Way
Dartmouth, MA 02747
(508) 994-1424

January 16, 2024

At this time, the Dartmouth Housing Authority does not have any items listed on our Deferred Maintenance List.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Robbie A. DeSouza', written in a cursive style.

Robbie A. DeSouza
Executive Director

Operating Budget

The tables on the following pages show the approved budget and actual income and spending per budget account (row) for the fiscal year ending 06/30/2023. It also shows the approved budget for the current year (2024) if there is one, and the percent change from last year's spending to this year's approved budget. The final column shows the current approved amount for each account divided by the number of housing units and by 12 months to show the amount per unit per month (PUM). The chart does not show a draft budget for the coming fiscal year as that will typically be developed in the final month of the fiscal year.

The budget format and accounts are mandated by the Department of Housing and Community Development (DHCD). For a better understanding of the accounts and discussion of special situations see the notes following the budget tables and the "Definitions of Accounts" at the end of this section.

The LHA maintains a consolidated budget (400-1) for all state-aided 667 (Elderly), 200 (family), and 705 (scattered site family) developments owned by the LHA. It does not maintain separate budgets for each development.

Operating Reserve

The LHA's operating reserve is the amount of funds that an LHA sets aside to sustain itself during lean years, or to remedy urgent health and safety concern or address deferred maintenance items. In addition, while DHCD approves a fixed non-utility operating budget level for every LHA (called the Allowable Non-Utility Expense Level, or ANUEL), LHAs can propose a budget that exceeds that level, with the additional cost to be funded from the Operating Reserve, as long as the reserve will still remain above the minimum threshold set by DHCD.

DHCD defines a full (100%) Operating Reserve (OR) amount to be equal to one-half of the previous year's operating expenses and requires LHAs to maintain a minimum OR of 35% of this amount to cover any unplanned but urgent needs that may arise during the year and that can't be funded by the operating budget. If the reserve is between 20% and 35% of the full level, the LHA must obtain prior written approval from DHCD to spend reserve funds, unless the expense is to resolve a health and safety issue. If the reserve is below the 20% level, the LHA can only spend OR funds on health and safety issues. In both cases, the LHA should address the health and safety issue immediately but must retroactively inform DHCD and obtain its approval.

The Dartmouth Housing Authority operating reserve at the end of fiscal year 2023 was \$185,258.00, which is 160.6% of the full reserve amount defined above.

Consolidated Budget (400-1) for all state-aided 667 (Elderly), 200 (family), and 705 (scattered site family) developments owned by Dartmouth Housing Authority.

Explanation of Budget Accounts

The following explains how each of the line items is to be prepared.

3110: Shelter Rent: The shelter rent projection should be based on the current rent roll plus anticipated changes expected from annual rent re-determinations or as a result of regulatory amendments.

3111: Shelter Rent – Tenants - Fraud/Retroactive: This account should be used for the reporting of total rent receipts from residents due to unreported income. These are often called fraud or retroactive balances. In cases where deficit LHAs discover, pursue cases, and have entered into a written fraud/retroactive re-payment agreement **with a present or former tenant who did not report income**, the LHA will be allowed to retain two-thirds of the funds recovered. One third of the total dollar amount recovered should be included in the LHA's quarterly or year-end Operating Statement as Shelter Rent, account #3111, and two-thirds of this total dollar amount should be included in Other Revenue-Retained, account #3691.

3115: Shelter Rent - Section 8: This account applies only to those developments receiving support through the federal government's Housing and Urban Development (HUD) Section 8 New Construction and/or Substantial Rehab Programs.

3190: Non-Dwelling Rental: This account should be credited with the rents, other than tenants rents reported in line 3110 and 3115, including charges for utilities and equipment, billed to lessees of non-dwelling facilities as well as apartments rented for non-dwelling purposes, such as social service programs.

3400: Administrative Fee- MRVP/AHVP: This account should be credited with Administrative Fees to be received for the MRVP/AHVP Program. The MRVP/AHVP administrative fee is \$50.00 per unit per month, as of July 1, 2020.

3610: Interest on Investments – Unrestricted: This account should be credited with interest earned on unrestricted administrative fund investments.

3611: Interest on Investments – Restricted: This account should be credited with interest earned on restricted administrative fund investments. For example, an LHA may receive a grant whose use is restricted to a specific purpose, and the interest income earned on that grant may also be restricted to the same purpose.

3690: Other Operating Revenues: This account should be credited with income from the operation of the project that cannot be otherwise classified. Income credits to this account include, but are not limited to, penalties for delinquent payments, rental of equipment, charges for use of community space, charges to other projects or programs for the use of central office management and maintenance space, commissions and profits from vending machines, including washing machines, and certain charges to residents for additional services, materials, and/or repairs of damage caused by neglect or abuse in accordance with the Department's regulations on lease provisions..

3691: Other Revenue – Retained: This account should be credited with certain miscellaneous revenue to be retained by the LHA, and which is not used to reduce the amount of operating subsidy the LHA is due. The most common examples for this account is receipts for the rental of roof antennas to cell phone providers and net meter credits earned on electricity bills from Net Meter Power Purchase Agreements (PPA's). Generally, surplus LHAs may retain 100% of these savings and deficit LHAs may retain 25% of the savings, with

the 75% balance used to offset its need for operating subsidy. However, for the period 7/1/16 through 6/30/20, all deficit LHAs may keep 100% of the net meter credit savings, while they can keep 50% effective 7/1/2020.

3692: Other Revenue - Operating Reserves: This account should be credited with funds that LHAs plan to utilize from their operating reserve accounts in excess of the Allowable Non-Utility Expense Level (ANUEL). To be approvable, LHA must maintain the DHCD prescribed operating reserve minimum level after deducting the amount budgeted. The only exception to this is when the expenses are for health and safety issues.

3693: Other Revenue – Net Meter: This account should normally be credited with 75% of the total net meter credit savings realized by a deficit LHA, while surplus LHAs with net meter credit savings would enter \$0 here. Savings are calculated as the value of the net meter credits appearing on the LHA’s electric bills (or, in some cases, paid in cash to the LHA by their utility company), minus the cost of the payments made to the solar power developer under their Power Purchase Agreement (PPA). Deficit LHAs normally may retain 25% of the savings. That amount should be included as Other Revenue – Retained on line #3691. However, please note that for the period 7/1/16 through 6/30/20 all LHAs may retain 100% of their total net meter credit savings, and should report those savings as Other Revenue – Retained on line #3691. LHAs can keep 50% of savings effective 7/1/2020.

3801: Operating Subsidy – DHCD (400-1): This account represents all state-funded operating subsidy to be received and or to be earned for the fiscal year. At the end of each fiscal year, this account will be adjusted in the operating statement to equal the actual subsidy earned by the LHA.

3802: Operating Subsidy – MRVP/AHVP Landlords:

The credit balance in this account represents the anticipated total receipts from DHCD during the fiscal year for housing assistance payments to landlords. At the end of each fiscal year this account will be adjusted to equal the actual subsidy earned.

3920: Gain/Loss from Sale or Disposition of Property (Capitalized or Non-Capitalized): The debit or credit balance of this account represents the following items: a) Cash proceeds from the sale of property that was either: 1) non-capitalized; or 2) capitalized and has been fully depreciated, and b) Realized gain or loss from the sale or disposition of capitalized property that has not been fully depreciated.

4110: Administrative Salaries: This account should be charged with the gross salaries of LHA personnel engaged in administrative duties and in the supervision, planning, and direction of maintenance activities and operating services during the operations period. It should include the salaries of the executive director, assistant executive director, accountants, accounting clerks, clerks, secretaries, project managers, management aides, purchasing agents, engineers, draftsmen, maintenance superintendents, and all other employees assigned to administrative duties.

4120: Compensated Absences: The debit balance in this account represents the actual cost incurred during the fiscal year for vacation, paid holidays, vested sick leave and earned compensatory time. This account includes both the direct compensated absences cost and associated employer payroll expenses (employment taxes, pension cost, etc.).

4130: Legal Expense: This account should be charged with retainers and fees paid to attorneys for legal services relating to the operation of the projects.

4140: Compensation to Authority Members: A local authority may compensate its members for performance of their duties and such other services as they may render to the authority in connection with its Chapter 200 development(s). Compensation for any other program is not authorized. Because of this, LHAs must base such compensation only on the actual rent receipts for these developments plus a prorated share of other operating receipts of funds on a per unit basis. The precise amount that members may be compensated is defined by statute to a maximum of \$40 per member per day, and \$50 for the chairperson per day. The total of all compensation to all board members is not to exceed two percent (2%) of actual gross income of Chapter 200 developments in any given year, consistent with the approved budget amount. In no case shall the payment of compensation exceed \$12,500 annually for the chairperson, or \$10,000 for any member other than the chairperson. Please note the statute requires the member to perform housing authority business in order to receive compensation.

4150: Travel and Related Expense: Legitimate travel expenses incurred by board members and staff in the discharge of their duties for any **state-aided program** are reimbursable from this account, as consistent with Department policy.

4170: Contractual Accounting Services: Fees for accounting services that are provided routinely and are contracted for on an annual basis. Only accounting services performed on a contractual basis (fee accountant) should be included in this item. Full or part-time LHA accounting staff that provides routine accounting services should be included in Account 4110, Administrative Salaries.

4171: Audit Costs: This account includes the state program's prorated share of audit fees paid to an Independent Public Accountant (IPA). The procurement of an IPA is necessary to satisfy the Federal Government's audit requirements. Costs for these services should be shared with all state and federal programs of LHA. **Audit costs are to be absorbed within the ANUEL.** The new Agreed Upon procedures (AUP) audit costs for state-assisted public housing programs should also be included in this account.

4180: Penalties and Interest: Any expenses incurred from penalties, fees, and interest paid on delinquent accounts shall be included in this line item.

4190: Administrative Other: This account is provided for recording the cost of administrative items for which no specific amount is prescribed in this 4100 group of accounts. It includes, but is not limited to, the cost of such items as: reports and accounting forms; stationery and other office supplies; postage; telephone services; messenger service; rental of office space; advertising for bids; publications; membership dues; collection agency & court costs, training costs; management fees, and fiscal agent fees.

4191: Tenant Organization: LTO Funding by the LHA. Upon request the LHA shall fund all LTOs in a city or town at the annual rate of \$6.00 per state-aided public housing unit occupied or available for occupancy by residents represented by such LTO(s) or an annual total of \$500.00 prorated among all such LTO(s), whichever is more. For more information on the creation and funding of LTOs see 760 CMR 6.09.

Authorities which operate computer learning centers, which are funded by the state consolidated budget or by other sources (which are typically recorded in line #3691 as "Other Revenue Retained", should budget the cost of the centers on this line.

4310: Water: This account should be charged with the cost of water and sewer charges purchased for all purposes.

4320: Electricity: This account should be charged with the total cost of electricity purchased for all purposes. Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off- site solar electricity-generating site. In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased or in some cases receives a direct cash payment from their utility company. Please ensure that the amount charged to this account is the total cost of electricity BEFORE any reductions due to the receipt of net meter credits.

4330: Gas: This account should be charged with the cost of gas (natural, artificial, or liquefied) purchased for all purposes.

4340: Fuel: This account should be charged with the cost of coal, fuel oil, steam purchased, and any other fuels (except electricity and gas) used in connection with Local Housing Authority operation of plants for the heating of space or water supplied to tenants as a part of rent.

4360: Net Meter Utility Debit/Energy Conservation: This account is to be charged with costs incurred for energy conservation measures.

4390: Other Utilities: This account should be charged with the cost of utilities which are not provided for in accounts 4310 through 4360. In addition, for all quarterly or year-end operating statements 9/30/20 or later, and all budgets 6/30/21 or later, please use this line to record the total net meter credits earned as reported in Line 4392, MINUS the Solar Operator Costs reported in Line 4391, with the result expressed as a positive number. For example, if you reported -\$20,000 in Net Meter Utility Credits in Line 4392 and \$15,000 in Solar Operator Costs in Line 4391, you would subtract the \$15,000 reported on Line 4391 from the -\$20,000 reported on Line 4392, and post the remainder of \$5,000 on Line 4360, as a positive number. This number essentially represents the "net" savings the LHA earned from its net meter credit contract.

4391: Solar Operator Costs: Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off-site solar electricity-generating site. The LHA makes regular (usually monthly) payments to the developer for its contracted share of the solar electricity produced by the site. Those payments should be entered in this account.

4392: Net Meter Utility Credit (Negative Amount): As noted in account #4391 above, many LHAs have executed Net Meter Credit Power Purchase Agreements (PPA's). In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased from the developer, which reduces the balance on its electric bill, or, in some cases, the credits are paid in cash to the LHA by the utility company. The total gross amount of the net meter credits that appear on the LHA's utility bills should be carried in this account and entered as a negative number. In cases where credits are paid in cash to the Host LHA, the net balance after paying out the amounts due the participating housing authorities, should also be carried in this account and entered as a negative number.

4410: Maintenance Labor: This account should be charged with the gross salaries and wages, or applicable portions thereof, for LHA personnel engaged in the routine maintenance of the project.

4420: Materials & Supplies: This account should be charged with the cost of materials, supplies, and expendable equipment used in connection with the routine maintenance of the project. This includes the operation and maintenance of automotive and other movable equipment, and the cost of materials, supplies, and expendable equipment used in connection with operating services such as janitorial services, elevator services, extermination of rodents and household pests, and rubbish and garbage collection.

4430: Contract Costs: This account should be charged with contract costs (i.e. the cost of services for labor, materials, and supplies furnished by a firm or by persons other than Local Authority employees) incurred in connection with the routine maintenance of the project, including the maintenance of automotive and other movable equipment. This account should also be charged with contract costs incurred in connection with such operating services as janitorial services, fire alarm and elevator service, extermination of rodents and household pests, rubbish and garbage collection, snow removal, landscape services, oil burner maintenance, etc.

4510: Insurance: Includes the total amount of premiums charged all forms of insurance. Fire and extended coverage, crime, and general liability are handled by DHCD on a statewide basis. All other necessary insurance policies include: Workers' Compensation, boiler, vehicle liability and owner, etc.

4520: Payments in Lieu of Taxes:

This account should be charged with all payments in lieu of taxes accruing to a municipality or other local taxing body.

4540: Employee Benefits: This account should be charged with local housing authority contributions to employee benefit plans such as pension, retirement, and health and welfare plans. It should also be charged with administrative expenses paid to the State or other public agencies in connection with a retirement plan, if such payment is required by State Law, and with Trustee's fees paid in connection with a private retirement plan, if such payment is required under the retirement plan contract.

Employee benefits are based upon a given percentage of the total payroll; therefore, the total amount approved in this account will be based on the approved budgeted salaries representing the state's fair share.

4541: Employee Benefits - GASB 45: This line covers "Other Post-Employment Benefits" (OPEB). Of the total benefits offered by employers to attract and retain qualified employees, some benefits, including salaries and active-employee healthcare are taken while the employees are in active service, whereas other benefits, including post-employment healthcare and other OPEB are taken after the employees' services have ended. Nevertheless, both types of benefits constitute compensation for employee services. In accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

4542: Pension Expense – GASB 68: The primary objective of GASB 68 Statement is to improve accounting and financial reporting for pension costs. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. As with account 4541 above, in accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

4570: Collection Loss: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents. Note: Do not include losses from fraud/retroactive balances here. Report them in Account 4571 – Collection Loss – Fraud/Retroactive.

4571: Collection Loss – Fraud/Retroactive: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents due to unreported income, i.e. fraud/retroactive balances.

4580: Interest Expense: The debit balance in this account represents the interest expense paid and accrued on loans and notes payable. This debt can be from operating borrowings or capital borrowings.

4590: Other General Expense: This account represents the cost of all items of general expenses for which no specific account is prescribed in the general group of accounts.

4610: Extraordinary Maintenance – Non-Capitalized: This account should be debited with all *costs* (labor, materials and supplies, expendable equipment (such as many tools or routine repair parts), and contract work) of repairs, replacements (but not replacements of non-expendable equipment), and rehabilitation of such a substantial nature that the work is clearly not a part of the routine maintenance and operating program. The items charged to this account should not increase the useful life or value of the asset being repaired. These items are not capitalized and are not added as an increase to fixed assets at the time of completion. Nor are these items depreciated. An example of this would be scheduled repainting of apartments.

4611: Equipment Purchases – Non-Capitalized: This account should be debited with the costs of equipment that does not meet the LHA's criteria for capitalization. Because these items are being expended when paid, they should not be categorized as a fixed asset and therefore will not be depreciated. These items include stoves, refrigerators, small tools, most computers and software, etc.

The budget is a planning tool and as our portfolio ages it is essential that LHAs evaluate their properties annually and plan for extraordinary maintenance. To that end DHCD very strongly recommends that for all 400-1 operating budgets, depending on the age of the portfolio and condition, LHAs spend between \$100 and \$500 a year per unit in Extraordinary Maintenance, Equipment Purchases, Replacement of Equipment, and Betterments & Additions to ensure that the aging public housing stock is preserved.

4715: Housing Assistance Payments: This account should be debited with all housing assistance payments paid to landlords for the MRVP program on a monthly basis.

4801: Depreciation Expense: This account should be debited with annual fixed asset depreciation expenses as determined by the LHA's capitalization policy.

7520: Replacement of Equipment – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment purchased as a replacement of equipment of substantially the same kind. These items, such as vehicles, computers, or furniture, meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life.

7540: Betterments & Additions – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment and major non-routine repairs that are classified as a betterment or addition. These items meet the LHA's criteria for capitalization and will also be added to fixed

assets and therefore depreciated over the useful life of the asset. Examples are: major roof replacement, structural repairs such as siding, or major paving work.

In accordance with GAAP accounting, inventory purchases (Replacement of Equipment and Betterments & Additions) are distinguished between capitalized and non-capitalized items. Any inventory or equipment purchase greater than \$5,000 is required by DHCD to be capitalized, inventoried and depreciated. Any inventory or equipment purchase costing \$1,000 to \$4,999 should be inventoried by LHA staff for control purposes only but is not subject to capitalization or depreciation, it is, however, required to be expensed when the items are paid for. An LHA's inventory listing should include both capitalized and non-capitalized items of \$1,000 and more, as well as all refrigerators and stoves of any value. All items that appear on the inventory listing should be tagged with a unique identification number, and all refrigerators and stoves (regardless of value) should be tagged. LHAs may adopt a capitalization policy that capitalizes inventory purchases at a lesser amount than the \$5,000 requirement (i.e. \$1,000 - \$4,999); however, no capitalization policy can have an amount higher than \$5,000. Any inventory or equipment purchases costing \$0 to \$999 are to be expensed when paid for.

Narrative Responses to the Performance Management Review (PMR) Findings

PMRs are conducted for most LHAs on a biennial basis. This year there is no PMR record for this Housing Authority.

Explanation of PMR Criteria Ratings

CRITERION	DESCRIPTION
Management	
Occupancy Rate	<p>The rating is calculated using the following formula: (Total Number of Occupied units on Monthly Report divided by (Total Number of Units Minus Units that Received a Waiver Minus Number of Units Vacant less than 30 days on Monthly Report)</p> <ul style="list-style-type: none"> • “No Findings” : Occupancy Rate is at or above 98% • Operational Guidance: Occupancy rate is at 95% up to 97.9% • Corrective Action: Adjusted occupancy rate is less than 95%
Tenant Accounts Receivable (TAR)	<p>This criterion calculates the percentage of uncollected rent and related charges owed by starting with the amount reported by the LHA, as uncollected balances for the TAR (Account 1122 from the Balance Sheet) minus Normal Repayment Agreements* divided by Shelter (Tenant) Rent (account 3110 from the Operating Statement)</p> <ul style="list-style-type: none"> • “No Findings” : At or below 2% • “Operational Guidance”: More than 2% , but less than 5% • “Corrective Action”: 5% or more
Certifications and Reporting Submissions	<p>Housing authorities are required to submit 4 quarterly vacancy certifications by end of the month following quarter end; 4 quarterly operating statements and 4 Tenant Accounts Receivable (TAR) reports within 60 days of quarter end.</p> <ul style="list-style-type: none"> • “No Findings”: At least 11 of the required 12 reports were submitted and at least 9 were submitted on time. • “Operational Guidance”: Less than 11 of the required 12 reports were submitted and/or less than 9 were submitted on time.
Board Member Training	<p>Percentage of board members that have completed the mandatory online board member training.</p> <ul style="list-style-type: none"> • “No Findings” : 80% or more completed training • “Operational Guidance” : 60-79.9% completed training • “Corrective Action” : <60 % completed training
Staff Certifications and Training	<p>Each LHA must have at least one staff member complete a relevant certification or training During the fiscal year. The number of required trainings varies by LHA size.</p> <ul style="list-style-type: none"> • No Findings: LHAs completed the required number of trainings Corrective Action: LHAs have not completed any trainings
Annual Plan (AP) Submitted	<p>Housing authorities are required to submit an annual plan every year.</p> <ul style="list-style-type: none"> • “No Findings” =Submitted on time • “Operational Guidance” =Up to 45 days late • “Corrective Action” =More than 45 days late

CRITERION	DESCRIPTION
CHAMP	
Paper applications	<p>Paper applications are available, received and entered into CHAMP</p> <ul style="list-style-type: none"> • No Findings: Paper applications are available; And paper applications are date and time stamped correctly; And 90% of new paper applications are entered into CHAMP within 15 calendar days of date/time stamp; And 2% or less of new paper applications are entered more than 30 days after date/time stamp • Operational Guidance: Paper applications are available; And paper applications are date and time stamped and entered correctly; And 75% - 89% of new paper applications are entered into CHAMP within 15 calendar days; And 3% - 5% of new paper applications are entered more than 30 days after date/time stamp <p>Corrective Action: Paper applications are not available; Or the LHA has failed to date and time stamp paper applications and/or failed to enter them correctly; Or Less than 75% of new paper applications are entered into CHAMP within 15 calendar days of date/time stamp; Or more than 5% of new paper applications are entered more than 30 days after date/time stamp</p>
Vacancies occupied using CHAMP	<p>Vacancies are recorded correctly and occupied using CHAMP</p> <ul style="list-style-type: none"> • No Findings: All vacancies during the fiscal year are recorded in DHCD's Housing Applications Vacancy System within 30 days; And the housed Applicant ID and Pull List ID match between DHCD's Housing Applications Vacancy System and CHAMP for unit occupied during the fiscal year, excluding administrative transfers; And 25% or less of occupied units have data entry errors • Operational Guidance: All vacancies during the fiscal year are recorded in DHCD's Housing Applications Vacancy System, all vacancies are not recorded within 30 days; Or the Housed Applicant ID and Pull List ID match between DHCD's Housing Applications Vacancy System and CHAMP for units occupied during the fiscal year, excluding administrative transfers; And greater than 25% of occupied units have data entry errors • Corrective Action: All vacancies during the fiscal year are not recorded in DHCD's Housing Applications Vacancy System; Or the Housed Applicant ID and Pull List ID do not match (or data is missing) between DHCD's Housing Applications Vacancy System and CHAMP for units occupied during the fiscal year, excluding administrative transfers

CRITERION	DESCRIPTION
Financial	
Adjusted Net Income	<p>The Adjusted Net Income criterion calculation starts with an LHA's Net Income and subtracts Depreciation, GASB 45 (Retirement Costs), GASB 68 (Retirement Costs), Extraordinary Maintenance (maintenance expense outside of routine/ordinary expenses), and Equipment Purchases – Non Capitalized. This Adjusted Net Income amount is then divided by the Total Expenses of the LHA. If this Adjusted Net Income amount is positive, it means underspending and if it is negative it means overspending.</p> <p>Underspending Rating:</p> <ul style="list-style-type: none"> • “No Findings” : 0 to 9.9% • “Operational Guidance”: 10 to 14.9% • “Corrective Action”: 15% or higher <p>Overspending Rating:</p> <ul style="list-style-type: none"> • “No Findings” : 0 to -4.9% • “Operational Guidance”: -5% to -9.9% • “Corrective Action”: -10% or below
Operating Reserves	<p>Current Operating Reserve as a percentage of total maximum reserve level. Appropriate reserve level is buffer against any unforeseen events or expenditures.</p> <ul style="list-style-type: none"> • “No Findings” :35%+ of maximum operating reserve • “Operational Guidance”: 20% to 34.9% of maximum operating reserve • “Corrective Action”: <20% of maximum operating reserve
Capital Planning	
Capital Spending	<p>Under the Formula Funding Program (FF), authorities receive undesignated funds to spend on projects in their Capital Improvement Plan. They are rated on the percentage of available funds they have spent over a three-year period</p> <ul style="list-style-type: none"> • “No Findings” = at least 80% • “Operational Guidance” = At least 50% • “Corrective Action” = Less than 50%

CRITERION	DESCRIPTION
Health & Safety	
Health & safety violations	DHCD has observed conditions at the LHA's developments and reported health and safety violations. The LHA has certified the number of corrected violations in each category.
Facility Management – Inspection Standards and Practices	
100% Unit Inspections	All units inspected at LHA during FY under review <ul style="list-style-type: none"> No Findings: 100% of units inspected Corrective Action: Less than 100% of units inspected
LHA Inspections Reports/Work Orders	Unit inspection reports create, track, and report work orders for inspection repairs, and inspection WOs completed within 30 days or add to DM/CIP <ul style="list-style-type: none"> No Findings: All inspection work orders/lease violations are created, tracked, and reported; And non-health and safety work orders for inspection repairs/lease violations are completed within 30 days or added to DM/CIP; And health and safety work orders for inspection repairs/lease violations are addressed within 48 hours Operational Guidance: All health and safety inspection work orders/lease violations are created, tracked, reported and completed within 48 hours; And LHA fail to create, track, or report no more than 1 or 2 (based on LHA size) non-EHS (exigent health and safety) deficiencies; Or LHA failed to complete any non-EHS work orders/lease violations appropriately Corrective Action: Any EHS work orders/lease violations not created, tracked, reported, or completed; Or 1 of the following: LHA failed to create, track or report a) More than 1 non-EHS deficiency (small LHA); b) More than 2 non-EHS deficiencies (Medium/Large)
Accuracy of LHA Inspections	Unit inspection reports accurately reflect necessary repairs <ul style="list-style-type: none"> No Findings: c.667 unit has less than 2 EHS deficiencies and c.200/705 unit has less than 3 EHS deficiencies Operational Guidance: c.667 unit has 2 EHS deficiencies or c.200/705 has 3 EHS deficiencies Corrective Action: c.667 has equal to or greater than 3 EHS deficiencies or c.200/705 unit has equal to or greater than 4 EHS deficiencies
Facility Management – Vacancy Turnover Standards and Practices

Dartmouth Housing Authority

Resident Surveys – Background

Since 2016 DHCD has been working with the Center for Survey Research (CSR) at the University of Massachusetts Boston to survey residents in the state public housing units it oversees. The surveys are confidential, mailed directly to residents, and returned to CSR by mail (or, starting in 2019, completed on-line). CSR surveys residents of elderly/disabled units (also known as Chapter 667) and family units (also known as Chapter 200 and Chapter 705).

During each round all units are mailed surveys, with one exception: in the case of the twelve housing authorities with more than 225 c.200 family units, a randomly selected group of 225 units was surveyed at each housing authority. This group was determined to be large enough to generate statistically useful results. In both rounds, responses from c.200 and c.705 residents are always combined.

Round One Surveys (2016 – 2018)

In Round One of the surveys, CSR surveyed residents of elderly/disabled units (c.667) in three groups in the Fall of 2016, 2017 and 2018. CSR surveyed residents of family units (c.705 and c.200) in the Spring of 2016. (Note: there are many more c.667 units, so they were broken down into three groups).

Notes on Round One Surveys

1. In previous publications of this survey data, if there were at least twenty responses from residents of an authority's c.667 units or from their c.200/705 units, then there is a separate report for that program.
2. We originally combined data from c.667 and c.200/705 units for some LHAs with limited family data. However, to be consistent with the new Round Two methodology described below, we recalculated the Round One data using the new methodology. Since we no longer combine results from the different programs several LHAs no longer have a report for their c.200/705 units given the small data set for those units.

Round Two Surveys (2019 – 2022)

Round Two of the surveys began in 2019. CSR surveyed about one-third of the elderly/disabled units in Fall 2019, Fall 2021, and Fall 2022. CSR surveyed all family units in Fall 2020.

Notes on Round Two Surveys

1. We refined our reporting methodology and will issue survey results for any program (c.667 or c.200/705) meeting these requirements:
 - 8-19 completed surveys received, if the response rate is at least 40%
 - 20-29 completed surveys received, if the response rate is at least 20%
 - 30+ completed surveys received, if the response rate is at least 15%
2. Responses from the family units will not be combined with responses from elderly/disabled units as they originally were in Round One. Since the variance between the results of the elderly/disabled and family programs was sometimes significant, we determined that combining the two yielded less accurate results.

Resident Survey
DARTMOUTH HOUSING AUTHORITY
Chapter 667 Housing
Fall 2022

NOTE

This copy of the survey shows the percentage of respondents who chose each answer. DHCD also collected demographic information from survey respondents, such as gender, race, education, and age. The responses to these demographic questions are not included in this report in order to protect the anonymity of respondents.

In the fall of 2022, surveys were sent to **44** housing units (Chapter 667) in the Dartmouth Housing Authority. **15** surveys were completed. The percentages presented here are based on that number.

1. How many years have you lived in your current apartment?

- 20%** Less than 2 years
- 27%** 2 to 5 years
- 27%** 6 to 10 years
- 27%** More than 10 years

Maintenance & Repair

8. In the last 12 months, how often were you treated with courtesy and respect by the maintenance staff of your development??

- 7%** Never
- 7%** Sometimes
- 13%** Usually
- 73%** Always

9. Does the Housing Authority let you know before they enter your apartment?

- 80%** Yes
- 7%** No
- 13%** Don't Know

10. "Building maintenance" includes things such as clean halls and stairways and having lights and elevators that work. In the last 12 months, how would you rate the overall building maintenance?

- 0%** Poor
- 7%** Fair
- 40%** Good
- 20%** Very Good
- 33%** Excellent

11. In the last 12 months, how would you rate how well the outdoor space is maintained at your development (such as litter removal and clear walkways)?

- 0%** Poor
- 14%** Fair
- 33%** Good
- 20%** Very Good
- 33%** Excellent

12. In the last 12 months, how many times did you completely lose heat in your apartment?

- 77%** Never → **If Never, go to #14**
- 33%** Once
- 0%** 2 or 3 times
- 0%** 4 times or more

13. How long did it usually take for your heat to come back on?

- 80%** Less than 24 hours
20% 24 to 48 hours
0% More than 48 hours

14. In the last 12 months, did you have any of these other heating problems?

	Yes
a. Apartment was too hot	0%
b. Apartment was too cold	0%
c. Took too long for apartment to heat up	0%
d. Apartment felt too drafty	0%

15. In the last 12 months, how many times did you have no hot water in your apartment?

- 86%** Never → **If Never, go to #17**
14% Once
0% 2 or 3 times
0% 4 times or more

16. How long did it usually take for the hot water to come back on?

- 67%** Less than 24 hours
33% 24 to 48 hours
0% More than 48 hours

17. In the last 12 months, did you have any of these other water or plumbing problems?

	Yes
a. Clogged drains (sink, toilet, shower)	27%
b. Leaking pipes or faucets	7%
c. Complete loss of water	0%
d. Water temperature problems (too hot, too cold, unreliable)	13%
e. Water stains on the ceiling	7%
f. Sewer backed-up into your apartment	7%

Communication

18. In the last 12 months, has the Executive Director at your development held any meetings with residents?

- 7%** Yes
40% No
53% Don't remember

19. In the last 12 months, how often were you treated with courtesy and respect by the management office of your development?

- 7%** Never
20% Sometimes
13% Usually
60% Always

Safety

20. In the last 12 months, in general, how safe did you feel in your development?

- 79%** Very safe → **If Very safe, go to #22**
14% Mostly safe
7% Somewhat safe
0% Not at all safe

21. For those who felt not at all, somewhat, or mostly safe: Why do you feel unsafe in your development? *(Check all that apply.)*

Building/Indoor Concerns

- 25%** Not enough lighting in the hallways
25% Windows are not secure
50% Security of entry doors
0% Other tenants give door access code to non-residents

Outdoor Concerns

- 25%** Not enough outdoor lights
50% Illegal activity in the development
75% Strangers hanging around who should not be there
0% Sidewalks are difficult to walk on

Other Concerns

- 25%** The neighborhood/area the development is in
0% Another reason

22. Overall, how satisfied are you living in your development?

- 80%** Very satisfied
13% Mostly satisfied
0% Mostly dissatisfied
7% Very dissatisfied
